*THIS IS A SKILLED SERVICE POSITION SPECIFIC RECRUITMENT FOR THE MARYLAND STATE TREASURER'S OFFICE.*

*The resulting eligibility list will be used to staff this position/function only.*

*Interested persons need to reapply for any future recruitment for this classification.*

The primary mission of the State Treasurer's Office Banking Services department is to manage and control banking relationships for all banking needs for the entire State of Maryland, and to anticipate State agency needs and respond timely to State agency requests. Its primary function is the accurate and timely recordation of State funds and the reconciliation of the State's bank accounts to the State's internal accounting system.

This position is responsible for the maintenance of various internal banking databases, most notably the Treasurer's Bank Account Information System (TBAIS) and the vendor EFT authorization table. The incumbent utilizes the TBAIS database to ensure compliance with all prescribed statutory and policy directives related to State agency bank accounts. Specific compliance matters include ensuring all State agency bank accounts are approved by the Comptroller and the Treasurer, all bank accounts requiring collateralization are reconciled with TBAIS, interest earned on State banking accounts is transferred to the State General Fund if required, documentation is on file to support the amount of interest transferred to the general fund, and accounts are opened only at State designated financial institutions. The incumbent corresponds with State Agency CFO's when performing the annual bank account validation and the annual interest certification with the State Agencies.

The ability to communicate effectively and professionally both in writing and orally is essential to this position. The incumbent acts as the key liaison with the Comptroller's General Accounting Division (GAD) to ensure that GAD can access bank account information required for their year-end reconciliation and reporting requirements. The position supports the Collateral Specialist position with the monthly reconciliation of TBAIS to the bank's reported list of accounts. Additionally, the position provides support for all Check Services functions including: processing of check services request forms, processing of bank stop payments, check reissue requests of failed payroll ACH's, phone coverage for the Division's main phone line and the Treasury Front Desk Support (rotating basis).
