If State contract services valued at 50% or more of the total contract value are performed in the Tier 2 Area, an Offeror shall pay each covered employee at least \$10.06 per hour. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. The Office will not accept any modifications to the order of precedence provision of this solicitation.

## **SECTION III. SCOPE OF SERVICES AND REQUIREMENTS**

### **3.01 Background**

MDOT was created in 1970 (Chapter 526, Acts of 1970) and is responsible for various transportation facilities and activities throughout the State of Maryland. MDOT administers the construction and maintenance of the state highway system, the operation and maintenance of the bus system in the Baltimore area, the development and operation of rail rapid transit and light rail transit systems in the Baltimore area, the operation of Baltimore/Washington International Thurgood Marshall Airport and Martin State Airport, and the operations of state-owned port facilities. MDOT also administers the licensing and regulation of motor vehicle drivers, dealers, manufacturers, and conducts the school bus inspection and highway safety programs. MDOT provides financial assistance to the Maryland portions of the Washington D.C. area bus and rail rapid transit systems. In addition, MDOT has contracts with CSX and Amtrak railroad companies to operate certain commuter rail services.

MDOT is authorized to issue Consolidated Transportation Bonds (“CTBs”). CTBs are fixed rate bonds with maturities of up to 15 years, generally with maturities greater than 8 to 10 years callable. CTBs do not constitute a debt or a pledge of the faith and credit of the State. The principal and interest are paid from the proceeds of certain pledged taxes, fees, and other revenues in the Transportation Trust Fund. The aggregate amount of the outstanding and unpaid principal balance for CTBs is restricted by statute and by annual limits in the state’s budget bill. As of December 31, 2015, the outstanding total of CTBs was approximately \$2.3 billion. MDOT’s CTBs have been consistently rated AAA by Standard and Poor, AA+ by Fitch and Aa1 by Moodys. Each year MDOT generally has two competitive CTB sales.

MDOT may also issue Certificates of Participation (“COPs”). COPs are fixed rate issuances typically secured by a specific revenue source. The maturities of COPs are based on life of the asset and/or revenue source.

In 2014, the General Assembly enacted legislation which allows MDOT to issue special transportation project revenue-backed bonds and pledge and use a dedicated revenue source, which may include revenues attributable to the facilities being financed, for the payment of the debt service on these bonds (“Special Transportation Project Revenue Bonds”). No Special Transportation Project Revenue Bonds have been issued to date.

In the past, the Maryland Transportation Authority (“MDTA”) and the Maryland Economic Development Corporation (“MEDCO”) have issued debt on behalf of MDOT (“conduit issuances”). Limits for non-CTB debt (COPs, conduit issuances, Special Transportation Project Revenue Bonds) are established each year by the General Assembly in the State budget.

MDOT has pledged to bondholders that additional CTBs will not be issued unless both the pledged taxes of the prior fiscal year and the net revenues for the prior fiscal year are each equal to at least two times maximum annual debt service. Although both tests require 2.0 times coverage, MDOT’s administrative policy is to provide 2.5 times coverage. The additional

coverage acts as a cushion against revenue and expense variations and thus allows time to adjust the financial strategies while maintaining the capital program.

MDOT maintains a six-year financial plan, which contains a forecast of revenues and operating and capital expenditures. The forecast is a planning tool that enables MDOT to evaluate its long-term financial resources, identify projects to be funded, and develop a plan to cover required operating and capital expenditures. MDOT uses the forecast to plan debt issuances, ensuring that debt-financed projects do not exceed the permitted statutory level or internal debt controls. The Maryland Board of Public Works (“BPW”) must approve all MDOT debt issuances.

MDOT’s Office of Finance (“OF”) handles activities related to the sale of MDOT’s bonds, including but not limited to determining the amount of sale and method of sale, scheduling calls/meetings with the rating agencies, preparing the resolutions, presenting the bond sale agenda to the BPW, preparing and publishing all required notices and advertisements, preparing and distributing the Official Statement (“OS”), and obtaining all necessary signatures on documents.

The OF also handles matters related to post-sale compliance with federal regulations and is responsible for bond spend out tracking and determining any arbitrage rebate liability. Throughout the year, the OF manages relationships with the rating agencies by updating information (e.g. CAFR, pledged revenue estimates). The OF is also responsible for compliance with CDA, writing pre-sale and post-sale procedures, and for posting the final OS.

Other financings such as COPs occur for specific projects. The last new money COPs were issued in 2006. On occasion, MDOT will sell refunding bonds. MDOT last refunded CTBs in June 2015. MDOT, along with its financial advisor, will continue to monitor future refunding opportunities.

MDOT is also authorized to issue County Transportation Bonds and County Transportation Revenue Bonds. These bond programs allow MDOT to act as a conduit issuer for the counties (includes Baltimore City), to finance the cost of county transportation facilities. Debt Service is typically paid from the participating county’s share of the highway user revenues.

The Transportation Trust Fund (“TTF”), administered by MDOT and held separate from the State’s general fund, is the largest of the State special funds. The TTF consolidates into one single fund all fiscal resources dedicated to transportation, including excise taxes on motor fuel and motor vehicle taxes, a portion of the corporate income tax, wharfage and airport landing fees, rentals and transit fare box revenues. All expenditures of MDOT are made from the TTF. In addition, Consolidated Transportation Bonds and Certificates of Participation are serviced from the TTF, and the particular taxes and other designated revenues are both dedicated to the payment of such indebtedness and constitute the sole sources to which bond holders may legally look for payment.

### **3.02 Objectives**

The objective of this procurement is to select two Senior Financial Advisor firms for advisory services related to the sale, issuance and refunding of transportation bonds. MDOT may select one of the senior financial advisors for issuance of transportation bonds on a rotating basis with the selection being at the discretion of the Chief Financial Officer (“CFO”) or the CFO’s designee.

The second objective is for the financial advisor firms to provide advisory services for a broad range of issues in the area of public finance ( e.g. lease financing, disclosures, rating agency relations, research on alternative methods of financing, and other assignments from MDOT as needed.) MDOT will determine, in MDOT’s sole discretion, which Contractor is best suited and available to provide advice on any particular matter at any given time.

MDOT reserves the right to remove any firm at any time based on factors including, but not limited to, performance, change in staff or firm organization and/or any change in ownership status.

The term of the Contract(s) for Financial Advisor is anticipated to be in effect from July 1, 2016 to June 30, 2019 with two one-year renewal options.

### **3.03 Services**

The Financial Advisor must work cooperatively and efficiently with MDOT, Office of Attorney General, Bond Counsel, Verification Agent, Escrow Agent, Investment Advisor, and other firms as necessary.

- A. Upon request of MDOT, the Contractor(s) will provide the following financial advisory services:
  1. Advise MDOT on matters relating to the municipal bond market conditions, peer organization trends, innovations and outlook, including but not limited to, new issues, refundings, new products, market trends, investor preferences, and perform analysis related to such matters;
  2. Review and analyze alternatives for cost effective financing of MDOT’s capital program and projects;
  3. Analyze each proposed financing, including funding alternatives to improve marketability, and recommend the best method of marketing consistent with current economic and market conditions.
  4. At MDOT’s request, review and report on the feasibility of using new or innovative financing techniques, approaches, or the use of non-traditional debt instruments (e.g.: leasing transactions; revolving loan funds; public-private partnerships; State Infrastructure Banks; debt backed by airline passenger facility

charge or rental car facility charge revenues; credit enhancement mechanisms; and any financing methods that may be employed under federal and state laws; including but not limited to, GARVEE Bonds and Transportation Infrastructure Finance and Innovation Act (“TIFIA”) Loans);

5. Advise MDOT on the relative merits of competitive versus negotiated bidding processes on bond sales, as appropriate;
6. Advise MDOT on bidding conditions and proposed sale dates so as not to compete with other issuers and to avoid periods of market volatility;
7. Assist in the preparation and review of documents for debt issues, including the Preliminary Official Statements, other offering documents, Final Official Statements and closing documents;
8. Advise on the appropriate terms and conditions of sale, including but not limited to serial and term bonds, maturity schedules and other requirements such as discount, par, premium, net increases, cost, true interest rate, parity provisions, reserve requirements, sinking fund payments, and redemption provisions to achieve the lowest interest rates while maintaining MDOT’s credit ratings;
9. Conduct pre-sale market analysis using estimated costs of issuance;
10. Assist MDOT in the procurement and selection (including by subcontract when and as directed by MDOT) of agents and services necessary or desirable for the sale and issuance of MDOT debt, including, but not limited to, verification agents, underwriters, escrow agents, printers, electronic bidding and posting services and advertising and review the performance of these entities;
11. Advise MDOT on rating agency matters, including evaluation of departmental or state changes, changes in rating agency personnel and a synopsis of their criteria and likely concerns that could affect the existing rating and requirements (debt service coverage ratios). Assist in the scheduling and preparation of presentations to rating agencies to ensure that MDOT’s current credit ratings are retained or improved;
12. Assist in making presentations to the rating agencies, BPW and other officials and potential purchasers of MDOT’s bonds;
13. Assist in the evaluation of bids received for bonds and recommendations of the winning bidder;
14. Conduct post-sale market analysis using actual costs of issuance and compare against pre-sale estimates and report on the differences. Compare MDOT transaction with MMD and other similar transactions in the market at the same time;

15. As directed, assist the office in any response to inquiries or audits from the U.S. Treasury and other regulatory agencies; including but not limited to, United States (“U.S.”) Internal Revenue Service (“IRS”), U.S. Securities and Exchange Commission (“SEC”), and the Municipal Securities Rulemaking Board (“MSRB”);
  16. At the request of MDOT, review and report on MDOT’s annual six-year fiscal projections as they relate to the Consolidated Transportation Program;
  17. Review and advise MDOT on its various transportation revenue sources;
  18. Assist with the development of requests for proposals and analysis of responses for negotiated financing transactions and analyze any proposals that are presented by investment bankers;
  19. Advise MDOT on investments, reinvestment of funds, and other investment advisory functions;
  20. Advise on any other matters concerning the issuance of debt instruments by MDOT including, but not limited to, capital leases, revenue bonds, conduit issuances (County Transportation Revenue Bonds), and the use of conduit issuers (i.e. Maryland Transportation Authority or Maryland Economic Development Corporation);
  21. Advise on budget, organization and workforce issues that affect the finances of MDOT and/or the marketability of MDOT’s bonds.
  22. Provide advice and assistance, including arbitrage rebate calculations, if required, on arbitrage and arbitrage rebate issues;
- B. Upon request of MDOT, the Contractor or any participating subcontractor(s) will provide the following services;
1. Provide MDOT with any training, newsletters and other informational material routinely provided to clients;
  2. Advise and assist in drafting and reviewing legislation affecting debt issuance and management;
  3. Assist MDOT with all regulatory requirements, continuing disclosure requirements, and best practices and other post issuance compliance matters;
  4. Provide guidance on proposed and enacted regulatory changes imposed by Congress, the U.S. Treasury, and other regulatory agencies; including but not limited to the IRS, SEC and MSRB;

5. Advise MDOT on peer organization trends and market trends.

The selected Offeror shall, at the commencement of the Contract, deliver to the Office a letter containing the disclosures and undertakings required by draft Rule G-46 of the MSRB (as drafted if not yet implemented, or as implemented, and in either case as such rule may be modified and amended).

During the term of the Contract, the selected Offeror shall maintain all required registrations, and comply with all applicable regulatory agency rules, including but not limited to those of the MSRB and the SEC. Failure to comply with such rules may result in termination of the Contract.

### **3.09 Compensation**

Financial advisory services shall be compensated at two (2) different hourly rates. The primary rate shall be an hourly rate for senior professional level personnel reviewing complex financial analyses and advising MDOT. A lower rate shall apply to services performed by associate level professionals (e.g. production of refunding analysis, cash flows). Projects requiring significant

associate-level effort must use associate level fees. All invoices will be reviewed for appropriate assignment of personnel. The rates must include all expenses other than:

- a) Direct out-of-pocket travel expenses which will be reimbursed in accordance with the State's standard travel regulations (COMAR 23.02.01);
- b) Express mail charges incurred at the direction of MDOT or the Office; and
- c) Charges for outside services that are authorized by MDOT (such as posting the POS on Parity).

All invoices must include specific information on the personnel assigned, the task, and time spent for each task and must be submitted no later than 30 days from settlement or completion of a specific non-bond sale task.

Hourly rates will remain in effect through the initial three (3) year contract term. Thereafter, the charges may be adjusted each year for the subsequent one-year optional renewal periods. The percentage increase in any charge at the annual optional anniversary date may not exceed the change in the consumer price index (Consumer Price Index for all Urban Consumers) during the immediately preceding calendar year. Notice of a proposed adjustment in charges shall be given to MDOT and the Office not less than sixty (60) days preceding the effective date of the adjustment, which notice shall set forth the formula used to calculate such increase.

By submitting a response to this solicitation, the Offeror agrees to accept any payments from the State by electronic funds transfer unless the State Comptroller's Office grants an exemption. Payments to the selected Offeror shall be made no later than 30 days after receipt by the Office of monthly invoices from the Contractor. Each invoice for services rendered must reflect the Contractor's federal tax identification number. Charges for late payment of invoices, other than as prescribed by Title 15, Subtitle 1 of the State Finance and Procurement Article, Annotated Code of Maryland, as from time to time amended, are prohibited.

The selected Offeror may not engage in activities on behalf of MDOT that produce a direct or indirect financial gain for the Offeror, other than the agreed-upon compensation, without MDOT's informed consent.

### **3.10 Staffing Requirements.**

MDOT expects that personnel will be assigned to the project as described in Section 4.03.5 and of the Offeror's Technical Proposal. If one or more of the proposed personnel become unavailable for

continuation of the work assignment, the Contractor shall replace said individual(s) with personnel of substantially equal ability and meeting the minimum qualifications set forth in Section 3.07. However, any changes to designated personnel will require the prior written approval of MDOT. If the proposed replacement personnel are accepted by MDOT, the changes in personnel shall be effected without additional cost to MDOT and without formal modification of the Contract. If the proposed replacement personnel are not accepted by MDOT, additional replacement personnel must be proposed until accepted by MDOT. No work for MDOT may be performed by replacement personnel prior to being accepted by MDOT.

The Procurement Officer may require more than one series of best and final offers and discussions, if determined that it is in the State's best interest to do so. If more than one best and final offer is requested, an Offeror's immediate previous offer shall be construed as its best and final offer unless the Offeror submits a timely notice of withdrawal or another best and final offer. As a condition of entering into this Contract, Contractor represents and warrants that it will comply with the State's Commercial Nondiscrimination Policy, as described under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland. As part of such compliance, Contractor may not discriminate on the basis of race, color, religion, ancestry or national origin, sex, age, marital status, sexual orientation, disability or other unlawful forms of discrimination in the solicitation, selection, hiring, or commercial treatment of subcontractors, vendors, suppliers, or commercial customers, nor shall Contractor retaliate against any person for reporting instances of such discrimination. Contractor shall provide equal opportunity for subcontractors, vendors, and suppliers to participate in all of its public sector and private sector subcontracting and supply opportunities, provided that this clause does not prohibit or limit lawful efforts to remedy the effects of marketplace discrimination that have occurred or are occurring in the marketplace. Contractor understands that a material violation of this clause shall be considered a material breach of this Contract and may result in termination of this Contract, disqualification of Contractor from participating in State contracts, or other sanctions. This clause is not enforceable by or for the benefit of, and creates no obligation to, any third party.

4.9.2. As a condition of entering into this Contract, upon the Maryland Human Relations Commission's request, and only after the filing of a complaint against Contractor under Title 19 of the State Finance and Procurement Article, as amended from time to time, Contractor agrees to provide within 60 days after the request a complete list of the names of all subcontractors, vendors, and suppliers that Contractor has used in the past 4 years on any of its contracts that were undertaken within the State of Maryland, including the total dollar amount paid by Contractor on each subcontract or supply contract. Contractor further agrees to cooperate in any investigation conducted by the State pursuant to the State's Commercial Nondiscrimination Policy as set forth under Title 19 of the State Finance and Procurement Article of the Annotated Code of Maryland, and to provide any documents relevant to any investigation that is requested by the State. Contractor understands that violation of this clause is a material breach of this Contract and may result in Contract termination, disqualification by the State from participating in State contracts, and other sanctions.

#### 4.10. Contingent Fee Prohibition

The Contractor, architect, or engineer (as applicable) warrants that it has not employed or retained any person, partnership, corporation, or other entity, other than a bona fide employee or agent working for the Contractor, architect, or engineer, to solicit or secure this Contract, and that it has not paid or agreed to pay any person, partnership, corporation, or other entity, other than a bona fide employee or agent, any fee or any other consideration contingent on the making of this Contract.

#### 4.11. Living Wage Requirements

A solicitation for services under a State contract valued at \$100,000 or more may be subject to Title 18, State Finance and Procurement (SFP) Article, Annotated Code of Maryland.

Contractors and Subcontractors subject to the Living Wage Law shall pay each covered employee at least \$13.19 per hour, if State contract services valued at 50% or more of the total value of the contract are performed in the Tier 1 Area. If State contract services valued at 50% or more of the total Contract value are performed in the Tier 2 Area, an Offeror shall pay each covered employee at least \$9.91 per hour. The specific Living Wage rate is determined by whether a majority of services take place in a Tier 1 Area or Tier 2 Area of the State. The Tier 1 Area includes Montgomery, Prince George's, Howard, Anne Arundel, and Baltimore Counties, and Baltimore City. The Tier 2 Area includes any county in the State not included in the Tier 1 Area. In the event employees who perform the services are not located in the State, the head of the unit responsible for a State contract pursuant to §18-102 (d) shall assign the tier based upon where the recipients of the services are located.

This Contract has been deemed to be a Tier 1 contract.

#### 4.12 Liquidated Damages for Non-Compliance

The Contract requires the Contractor to make good faith efforts to comply with the Minority Business Enterprise ("MBE") Program and Contract provisions. The State and the Contractor acknowledge and agree that the State will incur damages, including but not limited to loss of goodwill, detrimental impact on economic development, and diversion of internal staff resources, if the Contractor does not make good faith efforts to comply with the requirements of the MBE Program and MBE Contract provisions. The parties further acknowledge and agree that the damages the State might reasonably be anticipated to accrue as a result of such lack of compliance are difficult to ascertain with precision and that liquidated damages represent a fair, reasonable, and appropriate estimation of damages.

Upon a determination by the State that the Contractor failed to make good faith efforts to comply with one or more of the specified MBE Program requirements or Contract provisions and without the State being required to present any evidence of the amount or character of actual damages sustained, the Contractor agrees to pay liquidated damages to the State at the rates set forth below. Such liquidated damages are intended to represent estimated actual damages and are not intended as a penalty. The Contractor expressly agrees that the State may withhold payment on any invoices as an offset against liquidated damages owed. The Contractor further agrees that for each specified violation, the agreed upon liquidated damages are reasonably proximate to the loss the State is anticipated to incur as a result of such violation.

- 4.12.1. Failure to submit each monthly payment report in full compliance with COMAR 21.11.03.13B (3): \$49.00 per day until the monthly report is submitted as required.
- 4.12.2. Failure to include in its agreements with MBE subcontractors a provision requiring submission of payment reports in full compliance with COMAR 21.11.03.13B (4): \$49.00 per MBE subcontractor.
- 4.12.3. Failure to comply with COMAR 21.11.03.12 in terminating, canceling, or changing the scope of work/value of a Contract with an MBE subcontractor and/or amendment of the MBE participation schedule: the difference between the dollar value of the MBE participation commitment on the MBE participation schedule for that specific MBE firm and the dollar value of the work performed by that MBE firm for the Contract.
- 4.12.4. Failure to meet the Contractor's total MBE participation goal and sub goal commitments: the difference between the dollar value of the total MBE participation commitment on the MBE participation schedule and the MBE participation actually achieved.
- 4.12.5. Failure to promptly pay all undisputed amounts to an MBE subcontractor in full compliance with the prompt payment provisions of this Contract: \$98.00 per day until the undisputed amount due to the MBE subcontractor is paid.

Notwithstanding the use of liquidated damages, the State reserves the right to terminate the contract and exercise all other rights and remedies provided in the Contract or by law.”

#### 4.13. Multi-Year Contracts Contingent Upon Appropriations

If the General Assembly fails to appropriate funds or if funds are not otherwise made available for continued performance for any fiscal period of this Contract succeeding the first fiscal period, this Contract shall be cancelled automatically as of the beginning of the fiscal year for which funds were not appropriated or otherwise made available; provided, however, that this will not affect either the State's rights or the Contractor's rights under any termination clause in this Contract. The effect of termination of the Contract hereunder will be to discharge both the Contractor and the State from future performance of the Contract, but not from their rights and obligations existing at the time of termination. The Contractor shall be reimbursed for the reasonable value of any non-recurring costs incurred but not amortized in the price of the Contract. The State shall notify the Contractor as soon as it has knowledge that funds may not be available for the continuation of this Contract for each succeeding fiscal period beyond the first.

#### 4.14. Termination for Default

If the Contractor fails to fulfill its obligation under this Contract properly and on time, or otherwise violates any provision of the Contract, the State may terminate the Contract by written notice to the Contractor. The notice shall specify the acts or omissions relied upon

as cause for termination. All finished or unfinished work provided by the Contractor shall, at the State's option, become the State's property. The State shall pay the Contractor fair and equitable compensation for satisfactory performance prior to receipt of notice of termination, less the amount of damages caused by Contractor's breach. If the damages are more than the compensation payable to the Contractor, the Contractor will remain liable after termination and the State can affirmatively collect damages. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.11B.

#### 4.15. Termination for Convenience

The performance of work under this Contract may be terminated by the State in accordance with this clause in whole, or from time to time in part, whenever the State shall determine that such termination is in the best interest of the State. The State will pay all reasonable costs associated with this Contract that the Contractor has incurred up to the date of termination and all reasonable costs associated with termination of the Contract. However, the Contractor shall not be reimbursed for any anticipatory profits that have not been earned up to the date of termination. Termination hereunder, including the determination of the rights and obligations of the parties, shall be governed by the provisions of COMAR 21.07.01.12A(2).

#### 4.16. Delays and Extensions of Time

The Contractor agrees to prosecute the work continuously and diligently and no charges or claims for damages shall be made by it for any delays or hindrances from any cause whatsoever during the progress of any portion of the work specified in this Contract.

Time extensions will be granted only for excusable delays that arise from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of the public enemy, acts of the State in either its sovereign or contractual capacity, acts of another contractor in the performance of a contract with the State, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, or delays of subcontractors or suppliers arising from unforeseeable causes beyond the control and without the fault or negligence of either the Contractor or the subcontractors or suppliers.

#### 4.17. Variations in Estimated Quantities

No equitable adjustment shall be permitted in favor of either the State or the Contractor in the event that the quantity of any pay item in this Contract is an estimated quantity and the actual quantity of such pay item varies from the estimated quantity stated in the Contract.

#### 4.18. Suspension of Work

The Procurement Officer unilaterally may order the Contractor in writing to suspend, delay, or interrupt all or any part of its performance for such period of time as the Procurement Officer may determine to be appropriate for the convenience of the State.

#### 4.19. Pre-Existing Regulations

In accordance with the provisions of Section 11-206 of the State Finance and Procurement Article, Annotated Code of Maryland, the regulations set forth in Title 21 of the Code of Maryland Regulations (COMAR Title 21) in effect on the date of execution of this Contract are applicable to this Contract.

#### 4.20. Financial Disclosure

The Contractor shall comply with the provisions of Section 13-221 of the State Finance and Procurement Article of the Annotated Code of Maryland, which requires that every business that enters into contracts, leases, or other agreements with the State of Maryland or its agencies during a calendar year under which the business is to receive in the aggregate \$100,000 or more, shall, within 30 days of the time when the aggregate value of these contracts, leases or other agreements reaches \$100,000, file with the Secretary of State of Maryland certain specified information to include disclosure of beneficial ownership of the business.

#### 4.21. Political Contribution Disclosure

The Contractor shall comply with Election Law Article, Sections 14-101—14-108, Annotated Code of Maryland, which requires that every person that enters into contracts, leases, or other agreements with the State, a county, or an incorporated municipality, or their agencies, during a calendar year in which the person receives in the aggregate \$100,000 or more, shall file with the State Board of Elections a statement disclosing contributions in excess of \$500 made during the reporting period to a candidate for elective office in any primary or general election. The statement shall be filed with the State Board of Elections: (1) before a purchase or execution of a lease or contract by the State, a county, an incorporated municipality, or their agencies, and shall cover the preceding two calendar years; and (2) if the contribution is made after the execution of a lease or contract, then twice a year, throughout the contract term, on: (a) February 5, to cover the 6-month period ending January 31; and (b) August 5, to cover the 6-month period ending July 31.

#### 4.22. Retention of Records/Audit

The Contractor shall retain and maintain all records and documents relating to this Contract for three years after final payment by the State hereunder or any applicable statute of limitations, whichever is longer, and shall make them available for inspection and audit by authorized representatives of the State, including the Procurement Officer or designee, at all reasonable times.

#### 4.23. Compliance With Laws

The Contractor hereby represents and warrants that:

- 4.23.1. It is qualified to do business in the State of Maryland and that it will take such action as, from time to time hereafter, may be necessary to remain so qualified;
- 4.23.2. It is not in arrears with respect to the payment of any monies due and owing the State of Maryland, or any department or unit thereof, including but not limited to the payment of taxes and employee benefits, and that it shall not become so in arrears during the term of this Contract;
- 4.23.3. It shall comply with all federal, State and local laws, regulations and ordinances applicable to its activities and obligations under this Contract; and
- 4.23.4. It shall obtain, at its expense, all licenses, permits, insurance, and governmental approvals, if any, necessary to the performance of its obligations under this Contract.

#### 4.24. Liability for Loss of Data

In the event of loss of any data or records necessary for the performance of this Contract where such loss is due to the error or negligence of the Contractor, the Contractor shall be responsible, irrespective of cost to the Contractor, for recreating such lost data or records.

#### 4.25. Cost and Price Certification

- 4.25.1. The Contractor by submitting cost or price information certifies that, to the best of its knowledge, the information submitted is accurate, complete, and current as of a mutually determined specified date prior to the conclusion of any price discussions or negotiations for:
  - (a) A negotiated contract, if the total contract price is expected to exceed \$100,000, or a smaller amount set by the Procurement Officer; or
  - (b) A change order or contract modification, expected to exceed \$100,000, or a smaller amount set by the procurement officer.
- 4.25.2. The price under this Contract and any change order or modification hereunder, including profit or fee, shall be adjusted to exclude any significant price increases occurring because the Contractor furnished cost or price information which, as of the date agreed upon between the parties, was inaccurate, incomplete, or not current.

#### 4.26. Ownership of Documents and Materials

The Contractor agrees that all documents and materials including, but not limited to, reports, drawings, studies, specifications, estimates, maps, photographs, designs, graphics, mechanical, artwork, and computations prepared by or for it under the terms of this Contract shall at any time during the performance of the services be made available to the State upon request by the State and shall become and remain the exclusive property of the State upon termination or completion of the services. The State shall have the right to use same without restriction or limitation and without compensation to the Contractor other than that provided by this Contract. The State shall be the owner for purposes or copyright, patent or trademark registration.

#### 4.27. Patents, Copyrights and Trade Secrets

4.27.1. If the Contractor furnishes any design, device, material, process or other item, which is covered by a patent, or copyright or which is proprietary to or a trade secret of another, Contractor shall obtain the necessary permission or license to use such item.

4.27.2. Contractor will defend or settle, at its own expense, any claim or suit against the State alleging that any such item furnished by Contractor infringes any patent, trademark, copyright, or trade secret. Contractor also will pay all damages and costs that by final judgment may be assessed against the State due to such infringement and all attorney fees and litigation expenses reasonably incurred by the State to defend against such a claim or suit. The obligations of this paragraph are in addition to those stated in paragraph 4.27.3 below.

4.27.3. If any product(s) furnished by Contractor become, or in Contractor's opinion are likely to become, the subject of a claim of infringement, Contractor will, at its option: (1) procure for the State the right to continue using the applicable item; (2) replace the product with a non-infringing product substantially complying with the item's specifications; or (3) modify the item so it becomes non-infringing and performs in a substantially similar manner to the original item.

#### 4.28. Confidentiality

To the extent permitted by Maryland Law, including the Maryland Public Information Act and any other applicable laws, all confidential or proprietary information and documentation relating to either party (including without limitation, any information or data stored within the Contractor's computer systems) shall be held in absolute confidence by the other party. Each party shall, however, be permitted to disclose relevant confidential information to its officers, agents and employees to the extent that such disclosure is necessary for the performance of their duties under this Contract, provided the data may be collected, used, disclosed, stored and disseminated only as provided by and consistent with the law and the confidentiality provisions of the RFP. The provisions of this section shall not apply to information that (a) is lawfully in the public domain; (b) has

been independently developed by the other party without violation of this Contract; (c) was already in the possession of such party; (d) was supplied to such party by a third party lawfully in possession thereof and legally permitted to further disclose the information; or (e) which such party is required to disclose by law.

**MBE ATTACHMENT G-1A:  
MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT  
& MBE PARTICIPATION SCHEDULE**

**INSTRUCTIONS**

**PLEASE READ BEFORE COMPLETING THIS DOCUMENT**

**This form includes Instructions and the MBE Utilization and Fair Solicitation Affidavit & MBE Participation Schedule which must be submitted with the bid/proposal. If the bidder/offeror fails to accurately complete and submit this Affidavit and Schedule with the bid or proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award.**

1. Contractor shall structure its procedures for the performance of the work required in this Contract to attempt to achieve the minority business enterprise (MBE) subcontractor participation goal stated in the Invitation for Bids or Request for Proposals. Contractor agrees to exercise good faith efforts to carry out the requirements set forth in these Instructions, as authorized by the Code of Maryland Regulations (COMAR) 21.11.03.
2. MBE Goals and Sub goals: Please review the solicitation for information regarding the Contract's MBE overall participation goals and sub goals. After satisfying the requirements for any established sub goals, the Contractor is encouraged to use a diverse group of subcontractors and suppliers from any/all of the various MBE classifications to meet the remainder of the overall MBE participation goal.
3. MBE means a minority business enterprise that is certified by the Maryland Department of Transportation ("MDOT"). Only entities certified by MDOT may be counted for purposes of achieving the MBE participation goals. In order to be counted for purposes of achieving the MBE participation goals, the MBE firm, including a MBE prime, must be MDOT-certified for the services, materials or supplies that it is committed to perform on the MBE Participation Schedule.
4. Please refer to the MDOT MBE Directory at [www.mdot.state.md.us](http://www.mdot.state.md.us) to determine if a firm is certified with the appropriate North American Industry Classification System ("NAICS") Code **and** the product/services description (specific product that a firm is certified to provide or specific areas of work that a firm is certified to perform). For more general information about NAICS, please visit [www.naics.com](http://www.naics.com). Only those specific products and/or services for which a firm is certified in the MDOT Directory can be used for purposes of achieving the MBE participation goals. **WARNING:** If the firm's NAICS Code is in **graduated status**, such services/products **may not be counted** for purposes of achieving the MBE participation goals. A NAICS Code is in the graduated status if the term "Graduated" follows the Code in the MDOT MBE Directory.

5. **NOTE: New Guidelines Regarding MBE Prime Self-Performance.** Please note that when a certified MBE firm participates as a prime contractor on a contract, a procurement agency may count the distinct, clearly defined portion of the work of the contract that the certified MBE firm performs with its own forces toward fulfilling up to fifty-percent (50%) of the MBE participation goal (overall) and up to one hundred percent (100%) of not more than one of the MBE participation sub goals, if any, established for the contract. In order to receive credit for self-performance, an MBE prime must list its firm in Section 4A of the MBE Participation Schedule, including the certification category under which the MBE prime is self-performing and include information regarding the work it will self-perform. For the remaining portion of the overall goal and the sub goals, the MBE prime must also identify other certified MBE subcontractors (see Section 4B of the MBE Participation Schedule) used to meet those goals or request a waiver. For example, for a construction contract that has a 27% MBE overall participation goal and sub goals of 7% for African American firms and 4% for Asian American firms, subject to Section 4 above and this Section 5, a certified African American MBE prime can self-perform (a) up to 13.5 % of the overall goal and (b) up to 7% of the African American sub goal. The remainder of the overall goal and sub goals would have to be met with other certified MBE firms or a waiver request.

For a services contract with a 30% percent MBE participation goal (overall) and sub goals of 7% for African-American firms, 4% for Asian American firms and 12% for women-owned firms, subject to Sections 4 above and this Section 5, a dually-certified Asian American/Woman MBE prime can self-perform (a) up to 15% of the overall goal and (b) up to four percent (4%) of the Asian American sub goal OR up to twelve percent (12%) of the women sub goal. Because it is dually-certified, the company can be designated as only ONE of the MBE classifications (Asian American or women) but can self-perform up to one hundred percent (100%) of the stated sub goal for the single classification it selects.

6. Subject to the restrictions stated in Section 5 above, when a certified MBE that performs as a participant in a joint venture, a procurement agency may count a portion of the total dollar value of the contract equal to the distinct, clearly-defined portion of the work of the contract that the certified MBE performs with its own forces toward fulfilling the contract goal, and not more than one of the contract sub goals, if any. For example, if a MBE firm is a joint venture partner and the State determines that it is performing with its own forces 35 percent of the work in the contract, it can use this portion of the work towards fulfilling up to fifty percent (50%) of the overall goal and up to one hundred percent (100%) of one of the stated sub goals, if applicable.
7. As set forth in COMAR 21.11.03.12-1, once the Contract work begins, the work performed by a certified MBE firm, including an MBE prime, can only be counted towards the MBE participation goal(s) if the MBE firm is performing a commercially useful function on the Contract. Please refer to COMAR 21.11.03.12-1 for more information regarding these requirements.

8. If you have any questions as to whether a firm is certified to perform the specific services or provide specific products, please contact MDOT's Office of Minority Business Enterprise at 1-800-544-6056 or via email to [mbe@mdot.state.md.us](mailto:mbe@mdot.state.md.us) sufficiently prior to the submission due date.
  
9. Worksheet: The percentage of MBE participation, calculated using the percentage amounts for all of the MBE firms listed on the Participation Schedule MUST at least equal the MBE participation goal **and** sub goals (if applicable) set forth in the solicitation. If a bidder/offeror is unable to achieve the MBE participation goal and/or any sub goals (if applicable), the bidder/offeror must request a waiver in Item 1 of the MBE Utilization and Fair Solicitation Affidavit (Attachment G-1A) or the bid will be deemed not responsive, or the proposal determined to be not susceptible of being selected for award. You may wish to use the Sub goal summary below to assist in calculating the percentages and confirm that you have met the applicable MBE participation goal and sub goals, if any.

**Sub goals (if applicable)**

Total African American MBE Participation:	_____ %
Total Asian American MBE Participation:	_____ %
Total Hispanic American MBE Participation:	_____ %
Total Women-Owned MBE Participation:	_____ %

**Overall Goal**

**MBE UTILIZATION AND FAIR SOLICITATION AFFIDAVIT &  
MBE PARTICIPATION SCHEDULE**

**This MBE Utilization and Fair Solicitation Affidavit and MBE Participation Schedule must be included with the bid/proposal. If the bidder/offeror fails to accurately complete and submit this Affidavit and Schedule with the bid or proposal as required, the Procurement Officer shall deem the bid non-responsive or shall determine that the proposal is not reasonably susceptible of being selected for award.**

In connection with the bid/proposal submitted in response to Solicitation No. MDOT-FA-02172016 I affirm the following:

**1. MBE Participation (PLEASE CHECK ONLY ONE)**

I acknowledge and intend to meet the overall certified Minority Business Enterprise (MBE) participation goal of 15 percent (for category B of Section 3.03 of the RFP). Therefore, I am not seeking a waiver pursuant to COMAR 21.11.03.11.

**OR**

I conclude that I am unable to achieve the MBE participation goal and/or sub goals. I hereby request a waiver, in whole or in part, of the overall goal and/or sub goals. Within 10 Working days of receiving notice that our firm is the apparent awardee or as requested by the Procurement Officer, I will submit the completed Good Faith Efforts Documentation to Support Waiver Request (Attachment G-1C) and all required waiver documentation in accordance with COMAR 21.11.03.

**2. Additional MBE Documentation**

I understand that if I am notified that I am the apparent awardee or as requested by the Procurement Officer, I must submit the following documentation within 10 business days of receiving notice of the potential award or from the date of conditional award (per COMAR 21.11.03.10), whichever is earlier:

- (a) Outreach Efforts Compliance Statement (Attachment G-2);
- (b) MBE Subcontractor/MBE Prime Project Participation Statement (Attachments G-3A and 3B);
- (c) Any other documentation, including waiver documentation if applicable, required by the Procurement Officer to ascertain bidder or offeror responsibility in connection with the certified MBE participation goal and sub goals, if any.

I understand that if I fail to return each completed document within the required time, the Procurement Officer may determine that I am not responsible and therefore not eligible for contract award. If the contract has already been awarded, the award is voidable.

**3. Information Provided to MBE firms**

In the solicitation of subcontract quotations or offers, MBE firms were provided not less than the same information and amount of time to respond as were non-MBE firms.

**4. MBE Participation Schedule**

Set forth below are the (i) certified MBEs I intend to use, (ii) the percentage of the total Contract amount allocated to each MBE for this project and, (iii) the items of work each MBE will provide under the Contract. I have confirmed with the MDOT database that the MBE firms identified below are performing work activities for which they are MDOT certified.

**SUBMIT THIS AFFIDAVIT WITH BID/PROPOSAL**

**MBE ATTACHMENT G-1B**  
**WAIVER GUIDANCE**

**GUIDANCE FOR DOCUMENTING GOOD FAITH EFFORTS TO MEET MBE PARTICIPATION GOALS**

In order to show that it has made good faith efforts to meet the Minority Business Enterprise (MBE) participation goal (including any MBE sub goals) on a contract, the bidder/offeror must either (1) meet the MBE Goal(s) and document its commitments for participation of MBE Firms, or (2) when it does not meet the MBE Goal(s), document its Good Faith Efforts to meet the goal(s).

**I. Definitions**

**MBE Goal(s)** – “MBE Goal(s)” refers to the MBE participation goal and MBE participation sub goal(s).

**Good Faith Efforts** – The “Good Faith Efforts” requirement means that when requesting a waiver, the bidder/offeror must demonstrate that it took all necessary and reasonable steps to achieve the MBE Goal(s), which, by their scope, intensity, and appropriateness to the objective, could reasonably be expected to obtain sufficient MBE participation, even if those steps were not fully successful. Whether a bidder/offeror that requests a waiver made adequate good faith efforts will be determined by considering the quality, quantity, and intensity of the different kinds of efforts that the bidder/offeror has made. The efforts employed by the bidder/offeror should be those that one could reasonably expect a bidder/offeror to take if the bidder/offeror were actively and aggressively trying to obtain MBE participation sufficient to meet the MBE contract goal and sub goals. Mere *pro forma* efforts are not good faith efforts to meet the MBE contract requirements. The determination concerning the sufficiency of the bidder's/offeror's good faith efforts is a judgment call; meeting quantitative formulas is not required.

**Identified Firms** – “Identified Firms” means a list of the MBEs identified by the procuring agency during the goal setting process and listed in the procurement as available to perform the Identified Items of Work. It also may include additional MBEs identified by the bidder/offeror as available to perform the Identified Items of Work, such as MBEs certified or granted an expansion of services after the procurement was issued. If the procurement does not include a list of Identified Firms, this term refers to all of the MBE Firms (if State-funded) the bidder/offeror identified as available to perform the Identified Items of Work and should include all appropriately certified firms that are reasonably identifiable.

**Identified Items of Work** – “Identified Items of Work” means the bid items identified by the procuring agency during the goal setting process and listed in the procurement as possible items of work for performance by MBE Firms. It also may include additional portions of items of work the bidder/offeror identified for performance by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved. If the procurement does not include a list of Identified Items of Work, this term refers to all of the items of work the bidder/offeror identified as possible items of work for performance by MBE Firms and should include all reasonably identifiable work opportunities.

**MBE Firms** – “MBE Firms” refers to a firm certified by the Maryland Department of Transportation (“MDOT”) under COMAR 21.11.03. Only MDOT-certified MBE Firms can participate in the State’s MBE Program.

## **II. Types of Actions Agency will Consider**

The bidder/offeror is responsible for making relevant portions of the work available to MBE subcontractors and suppliers and to select those portions of the work or material needs consistent with the available MBE subcontractors and suppliers, so as to facilitate MBE participation. The following is a list of types of actions the procuring agency will consider as part of the bidder's/offeror’s Good Faith Efforts when the bidder/offeror fails to meet the MBE Goal(s). This list is not intended to be a mandatory checklist, nor is it intended to be exclusive or exhaustive. Other factors or types of efforts may be relevant in appropriate cases.

### **A. Identify Bid Items as Work for MBE Firms**

#### **1. Identified Items of Work in Procurements**

(a) Certain procurements will include a list of bid items identified during the goal setting process as possible work for performance by MBE Firms. If the procurement provides a list of Identified Items of Work, the bidder/offeror shall make all reasonable efforts to solicit quotes from MBE Firms to perform that work.

(b) Bidders/Offerors may, and are encouraged to, select additional items of work to be performed by MBE Firms to increase the likelihood that the MBE Goal(s) will be achieved.

#### **2. Identified Items of Work by Bidders/Offerors**

(a) When the procurement does not include a list of Identified Items of Work or for additional Identified Items of Work, bidders/offerors should reasonably identify sufficient items of work to be performed by MBE Firms.

(b) Where appropriate, bidders/offerors should break out contract work items into economically feasible units to facilitate MBE participation, rather than perform these work items with their own forces. The ability or desire of a prime contractor to perform the work of a contract with its own organization does not relieve the bidder/offeror of the responsibility to make Good Faith Efforts.

### **B. Identify MBE Firms to Solicit**

#### **1. MBE Firms Identified in Procurements**

(a) Certain procurements will include a list of the MBE Firms identified during the goal setting process as available to perform the items of work. If the procurement provides a list of Identified MBE Firms, the bidder/offeror shall make all reasonable efforts to solicit those MBE firms.

(b) Bidders/offerors may, and are encouraged to, search the MBE Directory to identify additional MBEs who may be available to perform the items of work, such as MBEs certified or granted an expansion of services after the solicitation was issued.

## 2. MBE Firms Identified by Bidders/Offerors

(a) When the procurement does not include a list of Identified MBE Firms, bidders/offerors should reasonably identify the MBE Firms that are available to perform the Identified Items of Work.

(b) Any MBE Firms identified as available by the bidder/offeror should be certified to perform the Identified Items of Work.

### C. Solicit MBEs

1. Solicit all Identified Firms for all Identified Items of Work by providing written notice. The bidder/offeror should:

(a) provide the written solicitation at least 10 days prior to bid opening to allow sufficient time for the MBE Firms to respond;

(b) send the written solicitation by first-class mail, facsimile, or email using contact information in the MBE Directory, unless the bidder/offeror has a valid basis for using different contact information; and

(c) provide adequate information about the plans, specifications, anticipated time schedule for portions of the work to be performed by the MBE, and other requirements of the contract to assist MBE Firms in responding. (This information may be provided by including hard copies in the written solicitation or by electronic means as described in C.3 below.)

2. "All" Identified Firms includes the MBEs listed in the procurement and any MBE Firms you identify as potentially available to perform the Identified Items of Work, but it does not include MBE Firms who are no longer certified to perform the work as of the date the bidder/offeror provides written solicitations.

3. "Electronic Means" includes, for example, information provided *via* a website or file transfer protocol (FTP) site containing the plans, specifications, and other requirements of the contract. If an interested MBE cannot access the information provided by electronic means, the bidder/offeror must make the information available in a manner that is accessible to the interested MBE.

4. Follow up on initial written solicitations by contacting MBEs to determine if they are interested. The follow up contact may be made:

(a) by telephone using the contact information in the MBE Directory, unless the bidder/offeror has a valid basis for using different contact information; or

(b) in writing *via* a method that differs from the method used for the initial written solicitation.

5. In addition to the written solicitation set forth in C.1 and the follow up required in C.4, use all other reasonable and available means to solicit the interest of MBE Firms certified to perform the work of the contract. Examples of other means include:

(a) attending any pre-bid meetings at which MBE Firms could be informed of contracting and subcontracting opportunities; and

(b) if recommended by the procurement, advertising with or effectively using the services of at least two minority focused entities or media, including trade associations, minority/women community organizations, minority/women contractors' groups, and local, state, and federal minority/women business assistance offices listed on the MDOT Office of Minority Business Enterprise website.

#### **D. Negotiate With Interested MBE Firms**

Bidders/Offerors must negotiate in good faith with interested MBE Firms.

1. Evidence of negotiation includes, without limitation, the following:

(a) the names, addresses, and telephone numbers of MBE Firms that were considered;

(b) a description of the information provided regarding the plans and specifications for the work selected for subcontracting and the means used to provide that information; and

(c) evidence as to why additional agreements could not be reached for MBE Firms to perform the work.

2. A bidder/offeror using good business judgment would consider a number of factors in negotiating with subcontractors, including MBE subcontractors, and would take a firm's price and capabilities as well as contract goals into consideration.

3. The fact that there may be some additional costs involved in finding and using MBE Firms is not in itself sufficient reason for a bidder's/offeror's failure to meet the contract MBE goal(s), as long as such costs are reasonable. Factors to take into consideration when determining whether a MBE Firm's quote is excessive or unreasonable include, without limitation, the following:

(a) the dollar difference between the MBE subcontractor's quote and the average of the other subcontractors' quotes received by the bidder/offeror;

(b) the percentage difference between the MBE subcontractor's quote and the average of the other subcontractors' quotes received by the bidder/offeror;

(c) the percentage that the MBE subcontractor's quote represents of the overall contract amount;

(d) the number of MBE firms that the bidder/offeror solicited for that portion of the work;

(e) whether the work described in the MBE and Non-MBE subcontractor quotes (or portions thereof) submitted for review is the same or comparable; and

(f) the number of quotes received by the bidder/offeror for that portion of the work.

4. The above factors are not intended to be mandatory, exclusive, or exhaustive, and other evidence of an excessive or unreasonable price may be relevant.

5. The bidder/offeror may not use its price for self-performing work as a basis for rejecting a MBE Firm's quote as excessive or unreasonable.

6. The "average of the other subcontractors' quotes received" by the bidder/offeror refers to the average of the quotes received from all subcontractors. Bidder/offeror should attempt to receive quotes from at least three subcontractors, including one quote from a MBE and one quote from a Non-MBE.

7. A bidder/offeror shall not reject a MBE Firm as unqualified without sound reasons based on a thorough investigation of the firm's capabilities. For each certified MBE that is rejected as unqualified or that placed a subcontract quotation or offer that the bidder/offeror concludes is not acceptable, the bidder/offeror must provide a written detailed statement listing the reasons for this conclusion. The bidder/offeror also must document the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.

(a) The factors to take into consideration when assessing the capabilities of a MBE Firm, include, but are not limited to the following: financial capability, physical capacity to perform, available personnel and equipment, existing workload, experience performing the type of work, conduct and performance in previous contracts, and ability to meet reasonable contract requirements.

(b) The MBE Firm's standing within its industry, membership in specific groups, organizations, or associations and political or social affiliations (for example union vs. non-union employee status) are not legitimate causes for the rejection or non-solicitation of bids in the efforts to meet the project goal.

#### **E. Assisting Interested MBE Firms**

When appropriate under the circumstances, the decision-maker will consider whether the bidder/offeror:

1. made reasonable efforts to assist interested MBE Firms in obtaining the bonding, lines of credit, or insurance required by the procuring agency or the bidder/offeror; and
2. made reasonable efforts to assist interested MBE Firms in obtaining necessary equipment, supplies, materials, or related assistance or services.

### **III. Other Considerations**

In making a determination of Good Faith Efforts the decision-maker may consider engineering estimates, catalogue prices, general market availability and availability of certified MBE Firms in the area in which the work is to be performed, other bids or offers and subcontract bids or offers substantiating significant variances between certified MBE and Non-MBE costs of participation, and their impact on the overall cost of the contract to the State and any other relevant factors.

The decision-maker may take into account whether a bidder/offeror decided to self-perform subcontract work with its own forces, especially where the self-performed work is Identified Items

of Work in the procurement. The decision-maker also may take into account the performance of other bidders/offerors in meeting the contract. For example, when the apparent successful bidder/offeror fails to meet the contract goal, but others meet it, this reasonably raises the question of whether, with additional reasonable efforts, the apparent successful bidder/offeror could have met the goal. If the apparent successful bidder/offeror fails to meet the goal, but meets or exceeds the average MBE participation obtained by other bidders/offerors, this, when viewed in conjunction with other factors, could be evidence of the apparent successful bidder/offeror having made Good Faith Efforts.

#### **IV. Documenting Good Faith Efforts**

At a minimum, a bidder/offeror seeking a waiver of the MBE Goal(s) or a portion thereof must provide written documentation of its Good Faith Efforts, in accordance with COMAR 21.11.03.11, within 10 business days after receiving notice that it is the apparent awardee. The written documentation shall include the following:

##### **A. Items of Work (Complete Good Faith Efforts Documentation Attachment G-1C, Part 1)**

A detailed statement of the efforts made to select portions of the work proposed to be performed by certified MBE Firms in order to increase the likelihood of achieving the stated MBE Goal(s).

##### **B. Outreach/Solicitation/Negotiation**

1. The record of the bidder's/offeror's compliance with the outreach efforts prescribed by COMAR 21.11.03.09C(2)(a). **(Complete Outreach Efforts Compliance Statement – Attachment G-2).**

2. A detailed statement of the efforts made to contact and negotiate with MBE Firms including:

(a) the names, addresses, and telephone numbers of the MBE Firms who were contacted, with the dates and manner of contacts (letter, fax, email, telephone, etc.) **(Complete Good Faith Efforts Attachment G-1C- Part 2, and submit letters, fax cover sheets, emails, etc. documenting solicitations);** and

(b) a description of the information provided to MBE Firms regarding the plans, specifications, and anticipated time schedule for portions of the work to be performed and the means used to provide that information.

##### **C. Rejected MBE Firms (Complete Good Faith Efforts Attachment G-1C, Part 3)**

1. For each MBE Firm that the bidder/offeror concludes is not acceptable or qualified, a detailed statement of the reasons for the bidder's/offeror's conclusion, including the steps taken to verify the capabilities of the MBE and Non-MBE Firms quoting similar work.

2. For each certified MBE Firm that the bidder/offeror concludes has provided an excessive or unreasonable price, a detailed statement of the reasons for the bidder's/offeror's conclusion, including the quotes received from all MBE and Non-MBE firms bidding on the same or comparable work. **(Include copies of all quotes received.)**

3. A list of MBE Firms contacted but found to be unavailable. This list should be accompanied by a MBE Unavailability Certificate (see Exhibit A to this Part 1) signed by the MBE contractor or a statement from the bidder/offeror that the MBE contractor refused to sign the MBE Unavailability Certificate.

**D. Other Documentation**

1. Submit any other documentation requested by the Procurement Officer to ascertain the bidder's/offeror's Good Faith Efforts.

2. Submit any other documentation the bidder/offeror believes will help the Procurement Officer ascertain its Good Faith Efforts.

MBE FIRMS  
PAGE \_\_ OF \_\_**

Prime Contractor	Project Description	Solicitation Number

Identify those items of work that the bidder/offeror made available to MBE Firms. This includes, where appropriate, those items the bidder/offeror identified and determined to subdivide into economically feasible units to facilitate the MBE participation. For each item listed, show the anticipated percentage of the total contract amount. It is the bidder's/offeror's responsibility to demonstrate that sufficient work to meet the goal was made available to MBE Firms, and the total percentage of the items of work identified for MBE participation equals or exceeds the percentage MBE goal set for the procurement. Note: If the procurement includes a list of bid items identified during the goal setting process as possible items of work for performance by MBE Firms, the bidder/offeror should make all of those items of work available to MBE Firms or explain why that item was not made available. If the bidder/offeror selects additional items of work to make available to MBE Firms, those additional items should also be included below.
