Dated: Date of Delivery**Due: See Inside Cover**

The Second Series A Bonds, Second Series B Bonds and the Second Series C Bonds are sometimes referred to herein as the "Bonds." The Bonds will be issued as fully registered bonds in denominations of \$5,000 each or any integral multiple thereof. Purchasers will not receive physical delivery of bond certificates. The Bonds will be registered initially in the name of Cede & Co., as nominee of The Depository Trust Company ("DTC"), New York, New York, to which principal and interest payments will be made so long as Cede & Co. is the registered owner of the Bonds. Interest on the Bonds will accrue from the date of their issuance and delivery and will be payable on February 1, 2021 and semiannually thereafter on August 1 and February 1 of each year unless redeemed prior to maturity. So long as the Bonds are maintained under a book-entry only system, the Treasurer of the State of Maryland (the "Treasurer") will act as Paying Agent and Bond Registrar. Interest on the Bonds will be paid as specified herein to the owner of record as of the 15th day of the month immediately preceding the interest payment date.

FOR MATURITY SCHEDULES SEE INSIDE COVER

The Second Series A Bonds maturing on or after August 1, 2031 are subject to optional redemption commencing on August 1, 2030 at a redemption price equal to 100% of the principal amount thereof. The Second Series B Bonds and Second Series C Bonds are not subject to redemption prior to their maturities. See "THE BONDS – Redemption Provisions" herein.

In the opinion of the Honorable Brian E. Frosh, Attorney General of Maryland, and of Ballard Spahr LLP, Baltimore, Maryland, Bond Counsel, the Bonds will be valid and legally binding general obligations of the State of Maryland to the payment of which the full faith and credit of the State are pledged. *In the opinion of Bond Counsel, interest on the Second Series A Bonds and Second Series B Bonds is excludable from gross income for purposes of federal income tax, assuming continuing compliance with the requirements of the federal tax laws. Interest on the Second Series A Bonds and Second Series B Bonds is not an item of tax preference for purposes of federal alternative minimum tax. In the opinion of Bond Counsel, interest on the Second Series C Bonds is not excludable from gross income for purposes of federal income tax.* It is also the opinion of the Attorney General and of Bond Counsel that under existing law of the State of Maryland, the Bonds, their transfer, the interest payable thereon, and any income derived therefrom, including any profit realized in the sale or exchange thereof, will be exempt from taxation within the State of Maryland by the State or by any of its political subdivisions, municipal corporations, or public agencies; however, the law of the State of Maryland does not expressly refer to, and no opinion is expressed concerning, estate or inheritance taxes or any other taxes not levied directly on the Bonds, their transfer or the income therefrom. See "TAX MATTERS" herein for a more complete description of the opinion of Bond Counsel and additional federal tax law consequences.

Certain statements included in this Official Statement constitute "forward looking statements." Unless otherwise stated, all forward looking statements included in this Official Statement are made as of March 12, 2020 and do not take into consideration the impact of COVID-19 on the State's finances and operations. All forward looking statements contained in this Official Statement should be read in conjunction with the statements set forth in "IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE" herein.

The interest rates shown on the inside cover are the interest rates per annum payable by the State resulting from the successful bids for the Bonds on Wednesday, July 22, 2020, by groups of banks and investment banking firms. The prices or yields shown on the maturity schedule were furnished by the successful bidders. Any other information concerning the terms of the reoffering of any of the Bonds should be obtained from the successful bidders and not from the State of Maryland.

The Bonds are offered for delivery, when and if issued, subject to the receipt of the approving opinions of the Attorney General of the State of Maryland and Ballard Spahr LLP, Baltimore, Maryland, and certain other conditions specified in the Official Notices of Sale. See "APPENDIX E –OFFICIAL NOTICES OF SALE" for more detail with respect to the sale of the Bonds. The Bonds in definitive form will be available for delivery to DTC in New York, New York, on or about August 5, 2020.

July 22, 2020

¹The Second Series A Bonds were sold on a competitive sale basis as described herein under "SALE AT COMPETITIVE BIDDING" and pursuant to the Official Notice of Sale for the Second Series A Bonds attached hereto as APPENDIX E-1.

²The Second Series B Bonds were sold on a competitive sale basis as described herein under "SALE AT COMPETITIVE BIDDING" and pursuant to the Official Notice of Sale for the Second Series B Bonds attached hereto as APPENDIX E-2.

³The Second Series C Bonds were sold on a competitive sale basis as described herein under "SALE AT COMPETITIVE BIDDING" and pursuant to the Official Notice of Sale for the Second Series C Bonds attached hereto as APPENDIX E-3.

IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE

General

The outbreak of COVID-19 has been declared a pandemic by the World Health Organization. A national emergency was declared by the President of the United States on March 13, 2020 due to the pandemic. COVID-19 outbreak developments and associated governmental and regulatory responses are rapidly changing. The effects of COVID-19 and the actions taken at the State and federal levels to halt its spread, some of which are described below, have had and are expected to continue to have an adverse impact on the State's financial condition and operating results.

Timeline of COVID-19 Related Events in Maryland

On March 5, 2020, the first cases of COVID-19 were reported in the State. That same day, Governor Hogan declared a state of emergency. Under Maryland law, the state of emergency allows the Governor to, among other things, suspend the effect of any statute, rule, or regulation of an agency of the State or a political subdivision and restrict movement and commerce within the State's borders.

On March 12, 2020, the first case of community transmission within the State was reported. The Governor activated the National Guard, banned large gatherings of people, and required all State employees not in essential positions to telework if possible. The same day, the State Superintendent of Schools closed public schools throughout the State.

On March 17, 2020, Comptroller Franchot announced that Maryland business and individual income taxpayers will be given a 90-day extension for Maryland state income tax payments and that no interest or penalty for late payments would be imposed if 2019 tax payments are made by July 15, 2020.

On March 18, 2020, the General Assembly passed the operating and capital budgets for fiscal year ending June 30, 2021 and adjourned the 2020 session three weeks early as a result of the pandemic.

On March 23, 2020, the Governor ordered all non-essential businesses and other establishments to close.

On March 30, 2020, the Governor issued a stay-at-home order, which required Maryland residents to stay at home except for essential jobs and tasks, such as obtaining food or medicine, seeking urgent medical attention, or for other necessary purposes.

On April 10, 2020, the Governor instituted a hiring and spending freeze across all State government agencies. The spending freeze prohibits State agencies from discretionary purchases that are not related to fighting COVID-19 or core agency functions.

On May 13, 2020, the Governor announced that effective May 15, 2020, he would allow the stay-at-home order to expire and replace it with a safer-at-home order. The safer-at-home order allows limited reopening of certain businesses and houses of worship, while requiring additional safety measures. However, political subdivisions retain the authority to enforce additional restrictions based on local conditions.

On May 27, 2020, the Governor announced that effective May 29, 2020, additional restrictions would be lifted. This included allowing outdoor dining, participation in outdoor youth sports and day camps, and the operation of outdoor pools and drive-in movie theaters, provided appropriate safety measures are followed.

On June 3, 2020, the Governor announced that effective June 5, 2020, the State would allow non-essential businesses to reopen, provided appropriate safety measures are followed.

On June 10, 2020, the Governor announced that effective June 12, 2020 restaurants can resume indoor operations at 50% capacity and that effective June 19, 2020, casinos, arcades and malls may also begin to resume operations, in each case in accordance with strict safety protocols.

The State is closely monitoring the status of the COVID-19 outbreak by tracking key metrics including the number of available hospital beds and active cases in the State. In the event of a resurgence of the virus, the State can and will reimpose any necessary restrictions to contain it.

Federal Relief Efforts

The United States government and the Federal Reserve Board are taking legislative and regulatory actions and implementing measures to mitigate the broad disruptive effects of the COVID-19 pandemic. As described below, the State has received, and expects to receive additional funds from the federal government, which among other things, will reimburse the State for a portion of the costs incurred by the State in response to COVID-19.

The President of the United States signed into law H.R. 748, the Coronavirus Aid, Relief, and Economic Security Act (“CARES Act”), on March 27, 2020. The CARES Act established a \$150 billion Coronavirus Relief Fund to, among other things, provide financial assistance to states. The CARES Act also temporarily altered several tax provisions enacted under the Tax Cuts and Jobs Act to increase real cash flow and reduce the income tax on businesses, partners, and sole proprietors. See “STATE FINANCES -- State Revenue Impact of Recent Amendments to Internal Revenue Code -- Coronavirus Aid, Relief, and Economic Security Act.”

The Families First Coronavirus Response Act addressed access to COVID-19 care for state Medicaid programs by allowing states to be eligible for a 6.2% increase in their federal medical assistance percentages (“FMAP”), applied retroactively to January 1, 2020, through the end of the calendar quarter in which the COVID-19 pandemic is determined to be over.

Although the federal government is considering additional legislation that may provide additional assistance to the State, local governments and businesses, including economic stimulus packages and other financial assistance, passage of such legislation is uncertain.

COVID-19 Impact on General Fund

Most Recent Revenue Estimates

On March 12, 2020, the Board of Revenue Estimates met in its normal course and reviewed the then current revenue estimates in light of the most recent economic data and revenue collection trends at that time. See “STATE FINANCES – Budgetary System” for a description of the role the Board of Revenue Estimates plays with respect to the State’s annual budget process. Based on that analysis, the Board found it prudent to maintain the estimates for general fund revenues of \$18.721 billion for fiscal year 2020 and \$19.173 billion for fiscal year 2021.

On May 14, 2020, in order to help inform fiscal decision making, BRE met outside of its statutorily required schedule to review unofficial revenue guidance developed by the Consensus Revenue Monitoring and Forecasting Group (“RMC”), which consists of the Chief of the Bureau of Revenue Estimates, the Deputy Comptroller, and designees from the State Treasurer’s Office, Department of Budget and Management, Department of Transportation, and Department of Legislative Services. The RMC had developed unofficial revenue guidance regarding the impact of COVID-19 on the State’s revenues for the fiscal years ending June 30, 2020 through 2022. The unofficial guidance estimated the range of the impact on General Fund revenues by using two different scenarios: one assuming a lesser immediate impact followed by a somewhat rapid recovery, and one assuming a deeper immediate impact followed by a more protracted recovery. The resulting forecast predicted losses of between: (i) \$925 million and \$1,125 million in fiscal year 2020, (ii) \$2,061 million and \$2,629 million in fiscal year 2021, and (iii) \$2,563 million and \$3,951 million in fiscal year 2022. During the teleconference, the members of BRE voiced their agreement with the forecast.

The State will continue to update this unofficial guidance, if appropriate, as additional collections and economic data become available. BRE will meet again in September 2020 to vote on the regularly scheduled official revenue forecast for fiscal years 2021 and 2022.

Impact of Federal Relief Efforts on State’s Revenues

The State has received an allocation of \$2.34 billion from the Coronavirus Relief Fund, which can be used to reimburse the State for certain COVID-19 related expenses. Of the \$2.34 billion, the State received \$1.65 billion while

Maryland jurisdictions with a population over 500,000 received \$692 million directly from the U.S. Treasury. Of the \$1.65 billion received by the State, \$364 million was distributed to local jurisdictions based upon population, as allowed in the CARES Act. After these distributions the State is left with \$1.29 billion for public health related expenditures. A portion of the money will be used for business assistance funding, funding for K-12 technology upgrades and tutoring for the most vulnerable students, and for spending to assist with budget balancing.

The State currently estimates that the increase in FMAP, as described above, will provide approximately \$250 million in fiscal year 2020. The Department of Budget and Management estimates that each additional quarter of the enhanced FMAP provides the State an additional \$125 million in funding.

In addition, it is anticipated that the temporary changes to the Internal Revenue Code enacted in the CARES Act will impact the State's financial results. While there is considerable uncertainty regarding the estimated impacts of these Internal Revenue Code changes, the State estimates that its revenue will be reduced by \$51.4 million in fiscal year 2020 and \$257.5 million in fiscal year 2021 as a result of these temporary changes. See "STATE FINANCES -- State Revenue Impact of Recent Amendments to Internal Revenue Code -- Coronavirus Aid, Relief, and Economic Security Act" for more information.

State COVID-19 Related Budget Actions

As discussed above, on April 10, 2020, the Governor instituted a hiring and spending freeze across all State government agencies. The spending freeze prohibits State agencies from discretionary purchases that are not related to fighting COVID-19 or core agency functions.

State law also allows the Board of Public Works, consisting of the Governor, Treasurer, and Comptroller, to make mid-year reductions of up to 25% to any appropriation without legislative approval. State agency budgets are carefully managed with the expectation that agencies will revert any unneeded funds to the General Fund at the end of each fiscal year. Following BRE's May 14, 2020 unofficial revenue guidance, the State moved quickly to address the fiscal year 2020 losses. On May 20, 2020, the Board of Public Works approved \$120.7 million in spending reductions for fiscal year 2020. The Department of Budget and Management also expects significant year-end reversions of unused funds from State agencies, including savings from excess Medicaid funding and the hiring and spending freeze instituted on April 10, 2020. Any remaining gap will be closed by using funds in the Revenue Stabilization Account, which has a current balance of over \$1.2 billion.

The State expects to begin fiscal year 2021 with a significant remaining balance in the Revenue Stabilization Account and will make additional budgetary adjustments periodically throughout the fiscal year as warranted to ensure it maintains a balanced budget as well as its ability to meet all its obligations. On July 1, 2020, the Board of Public Works approved \$395 million of general fund budget reductions for fiscal year 2021. The Administration will continue to monitor federal legislation and work with the Legislature and the Board of Public Works to take the necessary actions to balance the fiscal year 2021 budget.

Forward-Looking Statements in this Official Statement

THE ESTIMATES AND PROJECTIONS INCLUDED IN THIS OFFICIAL STATEMENT, UNLESS SPECIFICALLY STATED OTHERWISE, REFLECT THE STATE'S EXPECTATIONS AS OF MARCH 12, 2020 AND DO NOT REFLECT DEVELOPMENTS RELATED TO THE COVID-19 PANDEMIC. THESE ESTIMATES AND PROJECTIONS ARE PROVIDED FOR HISTORICAL CONTEXT ONLY AND DO NOT REPRESENT THE STATE'S CURRENT EXPECTATIONS AS TO FINANCIAL RESULTS FOR SUCH PERIODS.

COVID-19 Uncertainty

As described above, the State and federal governments have taken, and are expected to continue to take, various actions, including the passage of laws and regulations on a wide array of topics, in an attempt to slow the spread of COVID-19 and to address the health and economic consequences of the outbreak. The outbreak of COVID-19 has adversely affected and is expected to continue to impact the States financial results and liquidity. The impact of the pandemic on the revenues and operations of the State cannot be predicted at this time due to the dynamic and

unprecedented nature of the outbreak, including uncertainties relating to the pandemic's duration and severity and what, if any, additional actions may be taken by the federal government. The continued spread of COVID-19 and containment and mitigation efforts are likely to have a material adverse effect on the revenues and operations of the State as well as the national and global economies. The State anticipates posting future updates on the financial and operational impact of COVID-19 at www.buymarylandbonds.com/covid-19.pdf.

The Bonds are general obligations of the State of Maryland to the payment of which the full faith and credit of the State are pledged. While the duration and severity of the impact of COVID-19 is uncertain and difficult to estimate, the State believes it will have the necessary revenue and liquidity to make timely payments on all its obligations.

STATE ECONOMIC FACTORS	<p>The State of Maryland has a population of approximately 6.1 million, with employment based largely in services, trade, and government. Those sectors, along with financial activities, are the largest contributors to the gross state product, according to the U.S. Department of Commerce, Bureau of Economic Analysis. Population is concentrated around the Baltimore and Washington, D.C. Metropolitan Statistical Areas, and proximity to Washington, D.C. influences the above-average percentage of employees in government. Manufacturing, on the other hand, is a much smaller proportion of employment than for the nation. The average unemployment rates in 2019 for both Maryland and the nation were 3.7%. More recently, the unemployment rate in May 2020 was 9.9% for Maryland and 13.3% for the nation. The State's per capita personal income was the fifth highest in the country in 2019, according to the Bureau of Economic Analysis, at 115.9% of the national average. See "STATE DEMOGRAPHIC AND ECONOMIC DATA."</p>
BUDGET AND FINANCIAL	<p>The State enacts its budget annually. Revenues are derived largely from certain broad-based taxes, including statewide income, sales, motor vehicle, and property taxes. Non-tax revenues are largely from the federal government for transportation, health care, welfare and other social programs. General Fund revenues on a budgetary basis realized in the State's fiscal year ended June 30, 2019 were above revised estimates by \$216.6 million, or 1.21%. The State ended fiscal year 2019 with a \$974.2 million General Fund balance on a budgetary basis. This balance reflects a \$868.4 million increase compared to the balance projected at the time the 2019 Budget was enacted. In addition, there was a balance in the Revenue Stabilization Account of \$876.5 million. For fiscal year 2020, the total budget is \$47.4 billion, a \$3.6 billion increase over fiscal year 2019. As of March 12, 2020, the State expected to end fiscal year 2020 with a General Fund balance of \$345.8 million. The General Fund accounts for approximately \$19.5 billion, of which the largest expenditures are for education and health, which together represent 75.0% of total General Fund expenditures. For the fiscal year 2021 the anticipated total budget is \$47.9 billion, a \$0.7 billion increase over fiscal year 2020. The General Fund accounts for approximately \$19.7 billion of expenditures, of which the largest are for education and health, which together represent 75.0% of total General Fund expenditures. General Fund expenditures exclude transportation, which is funded with special fund revenues from the Transportation Trust Fund. See "STATE FINANCES – State Expenditures and Services."</p> <p>On a GAAP basis, the fiscal year 2019 non-spendable General Fund balance was \$610.3 million, while the restricted, committed, and unassigned fund balances were \$2.1 billion. By comparison, the non-spendable General Fund</p>

balance was \$598.8 million and the restricted, committed, and unassigned fund balance was \$1.1 billion at the end of fiscal year 2018. The total GAAP fund balance for fiscal year 2019 was \$2.7 billion compared with a total GAAP fund balance of \$1.7 billion for fiscal year 2018. See “STATE FINANCES.”

The State Reserve Fund consists of the Revenue Stabilization Account and other reserve funds, which together totaled \$890.8 million at the end of fiscal year 2019. The Revenue Stabilization Account was established to retain State revenues for future needs and to reduce the need for future tax increases. Estimates as of March 12, 2020 projected a total reserve balance of \$1.24 billion for the close of fiscal year 2020, of which \$1.18 billion was projected to be in the Revenue Stabilization Account. The Revenue Stabilization Account balance as a percentage of fiscal year 2020 General Fund revenues was estimated as of March 12, 2020 to equal 6.3%. The proposed fiscal year 2021 budget was projected as of March 12, 2020 to close the fiscal year with a total reserve balance of \$1.16 billion, of which \$1.15 billion was projected to be in the Revenue Stabilization Account. The Revenue Stabilization Account balance as a percentage of fiscal year 2021 General Fund revenues was estimated as of March 12, 2020 to equal 6.0%.

The above estimates do not reflect the impact of COVID-19 on the State’s finances. See “IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE” herein. See also “STATE FINANCES – State Reserve Fund.”

STATE DEBT

Maryland had \$13.9 billion of net State tax-supported debt outstanding as of June 30, 2020. General obligation bonds accounted for \$9.8 billion of that amount. In fiscal year 2020, debt service on general obligation bonds was paid primarily from State property tax receipts. Department of Transportation bonds outstanding account for another \$3.6 billion of State tax-supported debt as of June 30, 2020; the debt service on those bonds is payable from taxes and fees related to motor vehicles and motor vehicle fuel, a portion of the corporate income tax and a portion of the sales and use tax on short-term vehicle rentals. Debt obligations issued by the Maryland Stadium Authority in the form of lease-backed revenue bonds and energy lease financing account for \$120.0 million of State tax-supported debt outstanding as of June 30, 2020. Rental payments under the leases are subject to annual appropriation by the General Assembly.

The State has also financed construction and acquisition of various other facilities and equipment through lease-type financing, subject to annual appropriation by the General Assembly, in the amount of \$276.6 million as of June 30, 2020.

The Water Quality Financing Administration of the Maryland Department of Environment had Bay Restoration Revenue Bonds outstanding in the amount of \$232.1 million as of June 30, 2020.

The State had \$2.48 billion of authorized but unissued debt as of June 30, 2020. The current offering is the first general obligation bond sale of fiscal year 2021. See “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – Tax-Supported Debt Outstanding and Debt Data.”

APPLICATION OF PROCEEDS

The proceeds of the Second Series A Bonds will be applied for a variety of public purposes, including the acquisition and construction of State facilities; capital grants to local governments for public schools, community colleges, jails

and correctional facilities; and matching fund loans and grants to local governments, nonprofit institutions, and other entities for hospitals, cultural projects and other projects.

The proceeds of the Second Series B Bonds and Second Series C Bonds will be used to purchase federal and/or agency securities for deposit into escrow deposit funds and applied to the refunding of certain outstanding general obligation bonds of the State. The purpose of the refunding is the realization of savings in the debt service costs.

CONTINUING DISCLOSURE

The State will provide annual financial and other information, including notices of certain events, in order to assist bidders in complying with Rule 15c2-12(b)(5) under the Securities Exchange Act of 1934. Appropriate periodic credit information will be provided to the rating agencies maintaining ratings on the Bonds. See APPENDIX F – “FORM OF CONTINUING DISCLOSURE AGREEMENT.”

THE FOREGOING INFORMATION IS QUALIFIED IN ITS ENTIRETY BY THE DETAILED INFORMATION CONTAINED IN THIS OFFICIAL STATEMENT.

THE STATE

The State of Maryland (the "State") ratified the United States Constitution on April 28, 1788. The capital of the State is Annapolis, where the principal activities of the State Government are centered. The State's 2019 population is estimated to have been 6,045,680 on July 1st of that year. Maryland ranks 42nd among the states in land area with 9,844 square miles. The largest city in the State is Baltimore with a 2018 population estimate of 602,495 (2,802,789 for the primary metropolitan statistical area).

THE BONDS

General

The \$1,011,390,000 aggregate principal amount of general obligation bonds offered by this Official Statement constitutes the State and Local Facilities Loan of 2020, Second Series. The Bonds consist of \$540,000,000 Second Series A Tax-Exempt Bonds (the “Second Series A Bonds”), \$115,770,000 Second Series B Tax-Exempt Refunding Bonds (the “Second Series B Bonds”) and \$355,620,000 Second Series C Taxable Refunding Bonds (the “Second Series C Bonds”). The Second Series A Bonds, the Second Series B Bonds, and the Second Series C Bonds are sometimes collectively referred to herein as the “Bonds.” Interest on the Bonds will accrue from the date of issuance and delivery, expected to occur on or about August 5, 2020, and will be payable on February 1, 2021 and semiannually thereafter on August 1 and February 1 until maturity unless, in the case of the Second Series A Bonds only, redeemed prior to maturity as provided herein under “Redemption Provisions.” Payment of the principal of and interest on the Bonds shall be in such currency of the United States of America as at the time of payment is legal tender for payment of public and private debts. The Bonds will be issued in fully registered form in denominations of \$5,000 or any integral multiple thereof. The Bonds will initially be maintained under a book-entry only system; individual purchasers (“Beneficial Owners”) shall have no right to receive physical possession of the Bonds, and any payment of the principal or redemption price of and interest on the Bonds will be made as described in APPENDIX G – “BOOK-ENTRY ONLY SYSTEM.” So long as the Bonds are maintained under a book-entry only system, the Treasurer will serve as Bond Registrar and Paying Agent.

Interest on the Bonds will be paid on the date payable or, if that date is not a Business Day (hereinafter defined), on the next succeeding Business Day, to the person in whose name the Bond is registered on the registration books (the “Bond Register”) maintained by the Bond Registrar as of the close of business on the 15th day of the month immediately preceding each interest payment date. “Business Day” means a day other than a Saturday, Sunday, or day on which banking institutions are authorized or obligated by law or required by executive order to remain closed. Principal will be payable upon presentation of the Bonds at the principal office of the Paying Agent, or at the principal office of any other Bond Registrar and Paying Agent appointed by the Treasurer, on the date the principal is payable or, if that date is not a Business Day, on the next succeeding Business Day. So long as the Bonds are maintained in a book-entry only system, interest will be paid by electronic funds transfer on the interest payment date with respect to Bonds held by The Depository Trust Company, New York, New York (“DTC”) from funds sent to DTC.

So long as the Bonds are maintained in a book-entry-only system, Beneficial Owners will not have physical possession of the Bonds and transfers of their interest in the Bonds will be made through DTC. Beneficial Owners should look to the institution from which their Bonds were purchased for payment.

See “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – General Obligation Bonds” for a description of the constitutional and other legal foundations of general obligation bonds of the State.

Second Series A Tax-Exempt Bonds (Competitive)

The State determined to issue the Second Series A Bonds as tax-exempt bonds, sold on a competitive basis as described herein under “SALE AT COMPETITIVE BIDDING” and pursuant to the Official Notice of Sale for the Second Series A Bonds, included in APPENDIX E-1 hereto.

Second Series B Tax-Exempt Refunding Bonds (Competitive)

The State determined to issue the Second Series B Bonds as tax-exempt refunding bonds, sold on a competitive basis as described herein under “SALE AT COMPETITIVE BIDDING” and pursuant to the Official Notice of Sale for the Second Series B Bonds, included in APPENDIX E-2 hereto. As a result of the refunding, a net present value savings of approximately \$10,497,164 will be realized. The general obligation bonds to be refunded by the Second Series B Bonds consist of the following “State and Local Facilities Loans” issued in the years and numerical Series and maturities set out below (the “Series B Refunded Bonds”).

<u>Issue</u>	<u>Maturity</u>	<u>Par Amount</u>	<u>Call Date</u>	<u>Call Price</u>	<u>CUSIP#</u>

Second Series C Taxable Refunding Bonds (Competitive)

The State determined to issue the Second Series C Bonds as taxable refunding bonds, sold on a competitive basis as described herein under “SALE AT COMPETITIVE BIDDING” and pursuant to the Official Notice of Sale for the Second Series C Bonds, included in APPENDIX E-3 hereto. As a result of the refunding, a net present value savings of approximately \$48,825,492 will be realized. The general obligation bonds to be refunded by the Second Series C Bonds consist of the following “State and Local Facilities Loans” issued in the years and numerical Series and maturities set out below (the “Series C Refunded Bonds”, and together with the Series B Refunded Bonds, the “Refunded Bonds”).

<u>Issue</u>	<u>Maturity</u>	<u>Par Amount</u>	<u>Call Date</u>	<u>Call Price</u>	<u>CUSIP#</u>

2013 Second Series A	08/01/2028	46,770,000	08/01/2021	100.00	574193HZ4

Authorization for the Bonds

The State Constitution prohibits the contracting of State debt unless authorized by a law providing for the collection of an annual tax or taxes sufficient to pay the interest when due and to discharge the principal within 15 years of the date of debt issuance. The State Constitution also provides that the taxes levied for this purpose may not be repealed or applied to any other purpose until the debt is fully discharged. As a matter of practice, general obligation bonds, other than refunding bonds, are issued to mature in serial installments to provide payment of interest only during the first two years and an approximately level annual payment of principal and interest over the remaining years.

The Board of Public Works (the “Board”), a constitutional body composed of the Governor, the Comptroller, and the Treasurer, by resolution authorizes the issuance of bonds in a specified amount for part or all of the loans authorized by various enabling acts. Since 1969, the Board has used its statutory authority to issue and sell general obligation bonds authorized by various enabling acts on a consolidated basis as a single issue designated as a “State and Local Facilities Loan” of a numerical Series indicating the order of sale during the calendar year. The Bonds have been authorized for issuance under this procedure.

The General Assembly annually enacts a Maryland Consolidated Capital Bond Loan Act (the “MCCBL”) that consolidates within a single enabling act, authorizing funds for various capital programs administered by State agencies and other projects for local governments or private institutions to be financed through the sale of State general obligation bonds. The total amount of general obligation bonds authorized by various MCCBLs but unissued as of June 30, 2020, was \$2.48 billion. In addition, the General Assembly authorized \$1.1 billion of general obligation bonds in the 2020 session. See “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – Capital Programs” and APPENDIX B – “SUPPLEMENTARY DEBT SCHEDULES.”

Based upon the State’s anticipated capital needs, the Board has authorized the sale and issuance of up to \$540,000,000 of the Bonds to fund capital improvements and a maximum principal amount of up to \$155,000,000 in tax-

exempt refunding bonds and up to \$375,000,000 in taxable refunding bonds.

It is anticipated that the proceeds of the sale of the Second Series A Bonds will be expended for authorized projects in the categories shown in “THE BONDS – Use of Proceeds.”

Security for the Bonds

The Bonds will be general obligations of the State to the payment of which the full faith and credit of the State are pledged.

Redemption Provisions

Optional Redemption for the Second Series A Bonds. The Second Series A Bonds maturing on or after August 1, 2031 are subject to redemption prior to their respective maturities on or after August 1, 2030, as a whole or in part at the option of the State at any time on at least 20 days’ notice and, if in part, in any order of maturity at the option of the State, at the redemption price of par, plus accrued interest, if any, to the redemption date.

No Optional Redemption for the Second Series B Bonds or Second Series C Bonds. The Second Series B Bonds and Second Series C Bonds are not subject to redemption prior to their respective maturities.

Redemption Procedures. If less than all of the Second Series A Bonds of any maturity shall be called for redemption, the particular Second Series A Bonds to be redeemed shall be selected by the Paying Agent in such manner as, in its discretion, it shall determine, except that so long as DTC or its nominee is the sole registered owner of the Second Series A Bonds, the particular Second Series A Bonds to be redeemed shall be selected by DTC, in such manner as DTC shall determine.

In case part but not all of any of the Second Series A Bonds of any maturity shall be selected for redemption, then upon its surrender, there shall be issued without charge to the registered owner replacement bonds in any authorized denominations as specified by the registered owner. The aggregate principal amount of bonds so issued shall be equal to the unredeemed balance of the principal amount of the bond surrendered, and bonds so issued shall bear the same interest rate and shall mature on the same date as the bond surrendered. Should the State elect to redeem all or a portion of the Second Series A Bonds, the State shall provide a redemption notice (i) by first class mail, postage prepaid, at least 20 days prior to the redemption date to each registered owner as identified within the Bond Register and (ii) as may be further required in accordance with the Continuing Disclosure Agreement; provided, however, that neither the failure to mail the redemption notice nor any defect in the notice shall affect the validity of the redemption proceedings.

The redemption notice shall state: (1) whether the Second Series A Bonds are to be redeemed in whole or in part and, if in part, the portions of the principal amount of each maturity of the Second Series A Bonds to be redeemed; (2) the redemption date and the redemption price or prices; (3) that the Second Series A Bonds to be redeemed shall be presented for redemption and payment on or after the redemption date at the principal office of the Paying Agent; (4) that interest on the Second Series A Bonds called for redemption shall cease to accrue on the redemption date, and (5) any conditions to such redemption. In the event that a redemption notice contains a condition and the condition is not met, the redemption will not occur and notice will be given that the redemption is to be or was cancelled.

From and after the redemption date, if funds sufficient for the payment of the redemption price of the Second Series A Bonds called for redemption are available on such date, the Second Series A Bonds so called for redemption shall become due and payable at the redemption price or prices on the redemption date, interest on the Second Series A Bonds shall cease to accrue, and the registered owners of the Second Series A Bonds so called for redemption shall have no rights in respect thereof except to receive payment of the redemption price plus accrued interest to the redemption date. Upon presentation and surrender of the Second Series A Bonds called for redemption in compliance with the redemption notice, the Paying Agent shall pay the redemption price of the Second Series A Bonds. If the Second Series A Bonds so called for redemption are not paid upon presentation and surrender as described above, such bonds shall continue to bear interest at the rates stated therein until paid.

Remedies

Based upon the provisions of §34 and 52 of Article III of the State Constitution, general statutory law, and the enabling legislation for general obligation bond authorizations, in the opinion of the Attorney General, the courts of Maryland have jurisdiction to entertain proceedings and power to grant mandatory injunctive relief to: (1) require the

Governor to include in the annual budget an appropriation sufficient to pay all general obligation bond debt service for the ensuing fiscal year; (2) prohibit the General Assembly from taking action to reduce any such appropriation below the level required for that debt service; (3) require the Board of Public Works to fix and collect a tax on all property in the State subject to assessment for State tax purposes at a rate and in an amount sufficient to make such payments to the extent that adequate funds are not provided in the annual budget; and (4) provide such other relief as might be necessary to enforce the collection of these taxes and payment of the proceeds to the holders of general obligation bonds, *pari passu*, subject to the inherent limitations of the Constitution referred to below.

It is also the opinion of the Attorney General that, while the mandatory injunctive remedies would be available and while the general obligation bonds of the State are entitled to constitutional protection against the impairment of the obligation of contracts, such constitutional protection and the enforcement of such remedies would not be absolute. Enforcement of a claim for payment of the principal of or interest on the Bonds could be subject to the provisions of any statutes that hereafter may be constitutionally enacted by the United States Congress or by the General Assembly extending the time for payment or imposing other constraints upon enforcement.

Estimated Sources and Uses of Funds

Second Series Bonds

	<u>Second Series A Bonds</u>	<u>Second Series B Bonds</u>	<u>Second Series C Bonds</u>

Total Uses*	\$720,900,263	\$153,022,154	\$355,620,000

*Totals may not add due to rounding.

**The premium earned on the sale of the Second Series A Bonds will be applied first to pay the underwriter's discount and costs of issuance. The remainder will be deposited to the Annuity Bond Fund.

Second Series A Bonds. The proceeds from the sale of the Second Series A Bonds will be deposited in the State and Local Facilities Loan Fund and expended as needed on any project authorized by an enabling act, whether or not bonds have been sold to specifically fund that project. "Project" accounting will be maintained to assure that individual project expenditures will not exceed individual project authorizations. The expenditure of bond proceeds for capital improvements is accounted for on a "cash flow" basis rather than a "project" basis.

The proceeds of the Second Series A Bonds deposited to the State and Local Facilities Loan Fund are reasonably anticipated to be expended for the following purposes:

	Second Series A Bonds (\$ in thousands)
Education	\$361,293
Health and Hospital	25,647
Public Safety	24,692
Environment	56,880
Housing	27,428
Utilities	958
Transportation	798
Other	<u>42,304</u>
Total*	\$540,000

*Totals may not add due to rounding.

Second Series B Bonds. The proceeds of the Second Series B Bonds in the amount of \$152,705,980.00 will be applied to the purchase of debt obligations of, or obligations the timely payment of the principal of and interest on which is unconditionally guaranteed by, the United States of America, or an obligation that a federal agency or a federal

instrumentality has issued in accordance with an act of Congress (the “Federal Securities”), which will be held by Zions Bank, National Association, as escrow deposit agent (the “Escrow Deposit Agent”), in an Escrow Deposit Fund (the “Series B Escrow Deposit Fund”) established under an Escrow Deposit Agreement dated as of the date of issuance and delivery of the Second Series B Bonds by and between the State and the Escrow Deposit Agent. The Federal Securities in the Series B Escrow Deposit Fund will mature at stated fixed amounts as to principal and interest at such times as will be sufficient, together with a cash deposit, to pay interest on the Series B Refunded Bonds and to redeem the principal amount on the call date set forth above. The Federal Securities in the Series B Escrow Deposit Fund will be pledged only to the payment of the Series B Refunded Bonds and will not be available for the payment of principal of, premium, if any, or interest on the Second Series B Bonds.

Second Series C Bonds. The proceeds of the Second Series C Bonds in the amount of \$355,278,339.00 will be applied to the purchase of Federal Securities which will be held by the Escrow Deposit Agent in an Escrow Deposit Fund (the “Series C Escrow Deposit Fund”) established under an Escrow Deposit Agreement dated as of the date of issuance and delivery of the Second Series C Bonds by and between the State and the Escrow Deposit Agent. The Federal Securities in the Series C Escrow Deposit Fund will mature at stated fixed amounts as to principal and interest at such times as will be sufficient, together with a cash deposit, to pay interest on the Series C Refunded Bonds and to redeem the principal amount on the call dates set forth above. The Federal Securities in the Series C Escrow Deposit Fund will be pledged only to the payment of the Series C Refunded Bonds and will not be available for the payment of principal of, premium, if any, or interest on the Second Series C Bonds.

Verification Agent. Samuel Klein and Company, Certified Public Accountants (the “Verification Agent”) will deliver to the State, on or before the date of issuance of the Bonds, an attestation report (the “Verification Report”) indicating that the Verification Agent has verified, in accordance with standards established by the American Institute of Certified Public Accountants, the arithmetic accuracy of the schedules prepared by the State’s Financial Advisor with respect to (a) the mathematical computations of the adequacy of the cash and the maturing principal of and interest on the Federal Securities to pay, when due, the maturing principal of, interest on and related premium, if any, of the Refunded Bonds; and (b) the mathematical computations required by Bond Counsel to support its conclusion that the interest on the Second Series B Bonds is exempt from federal taxation. The terms and conditions of the Verification Agent’s engagement are such that it has no obligation to update its report after the date thereof for subsequent events.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

STATE GOVERNMENT

Legislature

The State has a bicameral legislature, the General Assembly, composed of the Senate with 47 members and the House of Delegates with 141 members. The State is divided into 47 legislative districts, each with one senator and three delegates. All members of the General Assembly are elected for four-year terms. The General Assembly meets annually for a 90-day session beginning on the second Wednesday in January. This regular session may be extended by the General Assembly or the Governor, and the General Assembly may meet in special sessions, but no extended or special session may last for longer than 30 days except for the purpose of enacting the annual budget.

Constitutional Officers

The leadership of State government includes four constitutional officers elected by the voters on a statewide basis for four-year terms: the Governor, the Lieutenant Governor, the Comptroller, and the Attorney General. The Treasurer is also a constitutional officer, appointed upon a joint ballot of the Senate and the House of Delegates for a four-year term.

The Governor is the chief executive officer of the State. The Lieutenant Governor has such duties as are delegated by the Governor, which may include any and all powers and duties of the Governor, and may serve as Acting Governor during the absence or incapacity of the Governor. The Attorney General is legal counsel to the Governor, the General Assembly, and all departments and units of the State government except the Public Service Commission and certain authorities.

Together, the Comptroller and the Treasurer constitute the Treasury Department. The Comptroller is required to exercise general superintendence over the fiscal affairs of the State, to prepare plans for the improvement and management of revenue and support of public credit, to keep the accounts of the State and its agencies, to prescribe the form of completing and stating these accounts, and to superintend and enforce the collection of all taxes and revenue. The Treasurer maintains custody of all deposits of State monies, invests the State's surplus funds, maintains custody of all securities, and is responsible for all disbursements of State funds, including payment of principal and interest on State debt. Acting on behalf of the Board of Public Works, the Treasurer manages the State's general obligation debt program, including all matters relating to the issuance and oversight of general obligation bonds.

Principal Departments

The executive functions of State Government are organized into 20 major departments, 19 of which are headed by a Secretary appointed by the Governor with the advice and consent of the Senate. The State Department of Education is headed by the State Board of Education, the members of which are appointed by the Governor for overlapping five-year terms, and the State Superintendent of Schools, who is appointed by the State Board of Education for a four-year term. The departments and their principal responsibilities are as follows:

The Department of Aging administers the delivery of services and activities for the elderly.

The Department of Agriculture is responsible for supervising, administering, and promoting agricultural activities in the State.

The Department of Budget and Management analyzes and plans budgetary matters and provides coordination and liaison for the Governor with the General Assembly, State operating agencies, and the public on matters relating to the operating and capital budgets, analysis of program revenues and budget implications, and performance auditing; manages and coordinates employee health benefits; administers personnel policies with respect to State employees; and reviews executive agency procurements of services.

The Department of Commerce promotes economic development, industrial opportunities, tourism, and economic resources of the State; and provides for and assists in financing industrial and commercial development.

The Department of Disabilities is responsible for developing, maintaining, revising, and enforcing statewide disability policies and standards.

The Department of the Environment is responsible for fostering and protecting the State's natural environment and administers various State programs regulating air, water, and hazardous waste pollution.

The Department of General Services advises the Board of Public Works and State agencies on matters of engineering, construction, and contracts in connection with capital expenditures; coordinates land acquisitions and the design and construction of State public works projects; and purchases supplies and equipment for the use of State agencies.

The Department of Health is responsible for matters concerning public health in the State, including the direct delivery of health care services through State-owned health centers and hospitals and the financing of health services to low-income individuals through the Medicaid program.

The Department of Housing and Community Development administers the State's housing and community development assistance programs, including certain housing loan and mortgage insurance programs.

The Department of Human Services administers, on the State level, the federal and State social service, public assistance, child support, and income maintenance programs.

The Department of Information Technology is responsible for statewide Information Technology ("IT") policy, oversight of large IT projects and expenditures, and centralization of common IT functions and assets statewide.

The Department of Juvenile Services is responsible for State programs serving delinquent youths, children in need of supervision, and children in need of assistance.

The Department of Labor administers various State regulatory agencies and licensing boards responsible for licensing and regulating professions, businesses, and trades, and has responsibility for the direction, coordination, and monitoring of all State employment and training and unemployment insurance programs.

The Department of Natural Resources is responsible for developing, coordinating, and administering policies and programs involving the natural resources and wildlife of the State.

The Department of Planning is the principal agency for planning matters concerning the development and effective use of the natural and other resources of the State and also is responsible for various historical and cultural programs.

The Department of Public Safety and Correctional Services is responsible for public safety, State correctional facilities, and parole and probation.

The Department of State Police is responsible for law enforcement and crime prevention.

The Department of Transportation is responsible for State-owned transportation facilities and programs, including the planning, financing, construction, operation, and maintenance of highway, transit, rail, port, and aviation facilities.

The Department of Veterans Affairs assists the State's veterans in obtaining benefits and services, maintains veterans' cemeteries and war memorials, and operates the State's veterans' home.

The State Department of Education is charged with the general supervision of public elementary and secondary education and is responsible for establishing and administering State educational policies and programs.

See "STATE FINANCES – State Expenditures and Services" for information concerning the activities of the departments that administer functions requiring the largest expenditures of funds by the State.

Judiciary

The Judiciary, a separate branch of government established in the State Constitution, includes two courts of appellate jurisdiction. The Court of Appeals, originally created by the State Constitution of 1776, is the State's highest court; today this court's appellate jurisdiction is almost entirely discretionary. The Court of Special Appeals was

established in 1966 as an intermediate appeals court having statewide jurisdiction; almost all initial civil and criminal appeals are now included in the jurisdiction of this court.

The Circuit Courts, which function as trial courts of general jurisdiction, are the common law and equity courts of record exercising original jurisdiction within the State and handle the major civil and the more serious criminal matters. A Circuit Court sits in each county and in Baltimore City. The District Court of Maryland, created in 1970, is divided into 12 geographic districts throughout the State and exercises limited civil and criminal jurisdiction.

Board of Public Works

The Governor, Comptroller, and Treasurer are the members of the Board of Public Works. The Constitution of Maryland, Article XII, §2, provides that a majority of the Board shall be competent to act. A constitutional body, the Board supervises the expenditure of all funds obtained by State general obligation bond issues and all funds appropriated for capital improvements other than public schools, roads, bridges, and highways. The Board must review and approve all contracts for such capital expenditures after review by the legislatively authorized control agency, principally, the Department of Transportation, the Department of General Services, the Department of Budget and Management or the University System of Maryland. The Board considers, acts upon, and authorizes all issues of State general obligation bonds and fixes the rate of the State property tax required for debt service.

STATE FINANCES

Budgetary System

Maryland has a strong executive system of government. Under the Maryland Constitution, Article III, §52, the Governor is responsible for the preparation and introduction of the State's annual budget. The Governor is required by the Constitution to submit a balanced budget, and in preparing the budget, the Governor is statutorily required to use revenue estimates reported by the Board of Revenue Estimates, whose members are the Comptroller, the Treasurer and the Secretary of Budget and Management, or explain the use of different estimates. Except for the General Assembly's own budget and the Judiciary's budget, the General Assembly cannot increase the Governor's proposed budget, but may reduce it.

Passage of the State's budget is constitutionally prioritized. The General Assembly meets annually for 90 days, beginning the second Wednesday of each January. If the budget has not been enacted seven days before the end of session (the 83rd day), the Constitution requires that the Governor issue a proclamation extending the session. If the budget has not been enacted by the 90th day, the General Assembly cannot consider any matter except the budget. This places the normal budget deadline in early April, almost three months before the start of the next fiscal year.

Although laws enacted by the General Assembly are generally subject to referendum, the power of referendum is subject to express limitations, and does not extend to the State budget. The effective date of the State budget cannot be delayed by referendum. Maryland does not require supermajorities to increase taxes or enact the budget. A simple majority is required for passage of all bills.

The Governor submits to the General Assembly, shortly after the beginning of its annual session, a budget containing a complete plan of proposed expenditures and estimated revenues for the ensuing fiscal year, together with a statement showing: (1) the revenues and expenditures for the preceding fiscal year; (2) reserves, and surplus or deficit of the State; (3) the debts and funds of the State; (4) an estimate of the State's financial condition as of the beginning and end of the preceding fiscal year; and (5) any explanation the Governor may desire to make as to the important features of the budget and any suggestions as to methods for reduction or increase of the State's revenue. The budget is required to include a total for all appropriations and all estimated revenues; total appropriations may not exceed the estimated revenues, either as submitted by the Governor or as enacted by the General Assembly. The Constitution requires the Governor to include appropriations for certain matters, including specifically an appropriation to pay and discharge the principal and interest of the debt of the State in conformity with Article III, §34 of the Constitution and all laws enacted pursuant thereto. See "STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM."

The Governor also is required to include in the annual budget sufficient appropriations to fund programs for which specific statutory spending levels or rates have been established by the General Assembly at a preceding session. With the submission of the budget for the ensuing year, the Governor also presents to the General Assembly any deficiency appropriations that the Governor may deem necessary to supplement the current year's appropriations in light of current conditions. By law the Governor has the power, with the approval of the Board of Public Works, to reduce by not more than 25% any appropriation that the Governor may deem unnecessary, except appropriations for the payment of interest and the retirement of State debt, the legislature, the public schools, the judiciary, and the salaries of public officers during their terms of office.

The General Assembly is prohibited by the Constitution from amending the budget to affect certain specified provisions, including the obligations or debt of the State under Article III, §34 of the Constitution. Except for these specified provisions, the General Assembly may amend the budget to increase or decrease appropriations relating to the legislative and judicial branches but it may only strike out or reduce executive branch appropriations submitted by the Governor. The General Assembly must enact a balanced budget. After the enactment of the budget, and not before, the General Assembly is permitted to enact supplementary appropriations but may not enact any supplementary appropriation unless embodied in a separate bill that is limited to a single object or purpose and provides the revenue necessary to pay the appropriation by a tax to be levied and collected under the terms of the bill.

State expenditures are made pursuant to the appropriations in the annual budget, as amended from time to time by budget amendment. The various units of State government may, with the Governor's approval, amend the appropriations for particular programs in their individual budgets funded from the General Fund, provided they do not exceed their total General Fund appropriations as contained in the annual budget. Additionally, appropriations for programs funded in whole or in part from funds other than the General Fund may permit expenditures in excess of original

appropriations to the extent that revenues from the particular non-General Fund sources exceed original budget estimates and the additional expenditures are approved by the Governor.

The Department of Budget and Management is headed by a Secretary who assists the Governor in the preparation and administration of the budget and constitutes a statutorily created department that currently contains 319 positions.

The Department of Legislative Services provides full-time professional assistance to all committees and subcommittees of the General Assembly including those involved with budget, taxation and fiscal matters. The department also conducts research into fiscal and policy issues. The Office of Legislative Audits is part of the department and is required by law to examine and report on the books and accounts of all agencies of State government at least every four years. See APPENDIX A – “FINANCIAL AND ACCOUNTING SYSTEM.”

The Spending Affordability Committee consists of certain designated officers of the General Assembly and other members as may be appointed by the President of the Senate and the Speaker of the House of Delegates. Each year the Committee must submit a report to the Legislative Policy Committee of the General Assembly and to the Governor recommending the level of State spending, the level of new debt authorization, the level of State personnel, and the use of any anticipated surplus.

State Financial Overview

Prior to the impacts of COVID-19, the State was expected to close (i) fiscal year 2020 with a general fund balance of \$345.8 million and a Revenue Stabilization Account balance of \$1.18 billion; and (ii) fiscal year 2021 with a general fund balance of \$227.1 million and a Revenue Stabilization Account balance of \$1.15 billion. These numbers are subject to change based on revenue revisions related to COVID-19. The Board of Revenue Estimates made no changes to existing estimates on March 12, 2020 due to the ongoing uncertainty of economic conditions. However, on May 14, 2020, the Bureau of Revenue Estimates issued unofficial guidance that the State should expect revenue shortfalls between \$925 million and \$1.1 billion for fiscal year 2020 and between \$2.1 billion and \$2.6 billion for fiscal year 2021. Budgetary actions and draws on the Revenue Stabilization Account will be utilized as needed to balance and close the budget. See “IMPACT OF COVID-19 ON THE FINANCIAL CONDITIONS OF THE STATE” herein. See also “STATE FINANCES – Budgetary System,” “–State Revenues,” “– General Fund 2020 Budget,” “– General Fund 2021 Budget” and “– Interim General Fund Revenues and Expenditures.”

State Revenues

In reaction to the COVID-19 pandemic, the Comptroller of Maryland extended tax filing deadlines with the intent of providing businesses and individuals with greater cash-flow during the initial months of the pandemic. Tax deadline relief has been expanded to returns, tax payments and claims for refund, and generally applies to all taxpayers that have a filing or payment deadline otherwise falling on or after April 1, 2020 and before July 15, 2020. These delayed payments will be accrued back to fiscal year 2020, which ends on June 30, 2020. More details can be found in the Comptroller’s Tax Alert 04-14-20A (http://treasurer.state.md.us/media/1111/COVID_19_Tax_Alert.pdf).

The State derives most of its revenue from a combination of specialized taxes and user charges. The following are principal sources of the State’s revenues:

Income Taxes. An income tax is imposed on: (1) the Federal Adjusted Gross Income (“FAGI”) of individuals, subject to certain positive and negative adjustments and minus certain deductions and personal exemptions; and (2) the federal taxable income of corporations, subject to certain positive and negative adjustments. Individuals may elect to use a standard deduction in lieu of itemized deductions. The standard deduction is 15% of the individual’s Maryland adjusted gross income, subject to minimum and maximum thresholds. Legislation in 2018 set those limits to not less than \$1,500 or more than \$2,250 in the case of most individual returns, and not less than \$3,000 or more than \$4,500 in the case of a joint return or an individual return of a head of household or surviving spouse. This same legislation also indexed the deduction limits beyond tax year 2018 to the cost of living as defined in the Internal Revenue Code.

Each county and Baltimore City must levy a local income tax at the rate of at least 1.75% but not more than 3.20% of the individual’s Maryland taxable income. An additional tax on the income of non-residents is imposed in the amount of the lowest county income tax rate in effect (currently 1.75%). There is a growing number of credits available against the income taxes, including a refundable earned income credit. An accounting of available credits, in addition to other tax expenditures, is provided in the biannual Tax Expenditure Report from the Department of Budget and Management. The

latest version of the Tax Expenditure Report is publicly available on the State Treasurer's website at <http://treasurer.state.md.us/media/135975/fy2020taxexpenditurereport.pdf>.

Corporations (domestic and foreign), including financial institutions and utilities, pay tax on the portion of net taxable income allocable to the State. Maryland is a "separate entity" reporting state, meaning that each corporate entity files a return for its own activities; the entities are not combined to form a single economic entity or in a manner similar to a federal affiliated filing. Generally, income has been apportioned according to a three-factor apportionment formula using sales, property, and payroll, where the sales factor is double-weighted. Legislation from the 2018 legislative session phases in a single sales formula used to apportion income to the State for the corporate income tax over a five-year period beginning in tax year 2018. By tax year 2022, all corporations subject to the corporate income tax, with an exception for specified industries and worldwide headquartered companies, must allocate to Maryland modified income using an apportionment formula in which that income is multiplied by 100% of the sales factor. Manufacturing corporations already apportion their income based on sales only and certain other industries use apportionment formulas that more accurately reflect their in-state activity. Corporate taxpayers are required to add to income any payments made for interest or intangibles to a related company and any payments made as dividends by "captive" real estate investment trusts, in order to prevent out-of-state subsidiaries from sheltering income from the Maryland corporate income tax. The corporate tax rate in effect since tax year 2008 is 8.25%.

Sales and Use Taxes. The State imposes a 6% sales and use tax on a retail sale or use of most tangible personal property in the State and certain enumerated services (including custom telephone, detective and building cleaning services among others); most services are exempt. The sales and use tax rate on alcohol purchases is 9%. Among the exemptions from the sales and use tax are sales of food for consumption off the premises by a vendor who operates a substantial grocery or market business at the same location, medicines, medical supplies and medical aids, agricultural equipment and supplies, manufacturing and research and development equipment and supplies, tangible personal property used in a production activity, residential utilities and fuel, motor vehicles and vessels subject to excise taxes, and sales to nonprofit charitable, educational or religious organizations to enable the organizations to carry on their exempt activities.

Following the Supreme Court's ruling in *South Dakota v. Wayfair Inc.*, states may require remote sellers to collect and remit sales tax to the locality in which the customer resides. Following the ruling, the Comptroller issued regulations enabling the State to collect sales tax from remote sellers and began receiving these taxes in November 2018. In the 2019 legislative session, a bill was passed which requires online marketplace facilitators (a website that facilitates third party sales) to collect and remit sales tax based on the size of the marketplace rather than of individual sellers using the marketplace. Marketplace facilitators began remitting sales tax in November 2019.

Property Taxes. Generally, all real property in the State is assessed at full cash value once every three years, with any increase in full cash value arising from the assessment phased in over the ensuing three taxable years in equal installments. Any decrease in the full cash value is recognized in full in the next taxable year and held constant for the remaining two taxable years. Certain farm, marshland, woodland, country club, and planned development property is assessed under special valuation techniques while public utility property is assessed at fair market value determined by reference to both income and property values.

The State imposes a tax at a rate expressed per \$100 of assessed value on all real property subject to taxation. The State property tax rate was set at 11.2 cents in 2007 and has been maintained at that constant level. Properties exempt from the State property tax include public property and property owned by certain nonprofit organizations for their designated purposes. The Homestead Property Tax Credit limits to 10% the maximum annual increase in assessments for owner-occupied principal residences that are subject to the State property tax. Revenues from the State property tax are credited to the Annuity Bond Fund and used to service general obligation debt.

Each of the counties and Baltimore City levies its own property tax at rates established by them, as do most incorporated municipalities. Tangible personal property and commercial and manufacturing inventory of businesses is assessed at fair market value determined from annual reports filed with the State Department of Assessments and Taxation. There is no State personal property tax but 19 counties levy a tax on business personal property. See also, "STATE DEMOGRAPHIC AND ECONOMIC DATA – Assessed Value of Property."

Lottery Revenues. The State currently operates 10 major lottery games: three- and four-digit games drawn twice daily; a five-number Maryland-only lotto-type game drawn daily; an 18-number, three-line lotto-type game drawn twice a week; three multi-state six-number lotto-type games (Mega Millions, Powerball, and Cash4Life) drawn twice a week; Keno and Racetrax, both terminal games; and various instant ticket games. Lottery tickets are sold by licensed agents under the

supervision of the Maryland Lottery and Gaming Control Agency. In fiscal year 2018, the allocation of gross sales was 61.0% to prizes, 10.9% to administrative costs and agents' commissions, and 28.1% to State revenues. Except for administrative costs and relatively small distributions to the Maryland Stadium Authority and Veteran's Trust Fund, the State revenues are credited to the General Fund. In addition, since fiscal year 2016, \$20.0 million has been distributed annually to the Baltimore City Public School Construction Financing Fund. This \$20.0 million annual distribution will continue for as long as related Baltimore City Public School Construction Bonds are outstanding.

Casino Gaming Revenues. The Maryland Constitution permits a maximum of 16,500 video lottery terminals ("VLT") at six locations, in Cecil County, Worcester County, Anne Arundel County, Allegany County, Baltimore City, and Prince George's County. Video lottery operation licensees are authorized to operate table games. The distributive share of VLT revenues to the Education Trust Fund ("ETF") varies by casino and by year. For fiscal year 2019, 39.8% of VLT revenue was distributed to the ETF. For table games, the distribution of revenues is 80.0% to the video lottery operation licensee, 15.0% to the ETF, and 5.0% for grants to impacted local governments.

In addition, the expanded gaming legislation contained certain provisions not subject to referendum, including: the issuance of licenses to qualifying veterans' organizations in certain counties for instant ticket lottery machines; and transitioning VLT ownership from the State to VLT licensees. Under State law, VLT licensees who pay out more money than was bet through VLTs or table games on a given day can subtract the loss from the proceeds of a following day. In 2018, ballot question 1, which passed overwhelmingly, amended the constitution of Maryland to require that revenues from VLT operation and other commercial gaming be dedicated as supplemental funding (above statutory minimums) for pre-K through 12 public education in the following amounts: \$125 million in fiscal year 2020, \$250 million in fiscal year 2021, \$375 million in 2022, and 100% of gaming revenues for fiscal year 2023 and beyond.

In reaction to the COVID-19 pandemic, the Governor of Maryland ordered the State's six casinos to close on March 16, 2020. The order to close was lifted on June 19, 2020. Video Lottery (casino) revenue forecasts exhibited below were released prior to the order to close and therefore do not take the closure of casinos, nor the presumable fall in demand for in-person gambling, into account.

The following tables provide a summary of the ongoing revenue distribution of Maryland's casino gaming program:

Total Revenue Generated by the Video Lottery
Fiscal Years 2019-2021
(\$ in millions)

	2019	2020	2021
	<u>Actual</u>	<u>Estimate (a)</u>	<u>Estimate (a)</u>
Revenue Distribution (b)			
Education Trust Fund	\$447.4	\$458.5	\$447.3
Facility License Owners	528.8	543.8	550.9
Racing Purses/Bred Funds	65.9	67.5	68.4
Local Impact Grants	61.1	62.7	63.5
Racetrack Renewal	10.8	11.0	11.2
Lottery Operations	11.2	11.6	11.7
Small, Minority, and Women-owned Businesses	<u>0.0</u>	<u>0.0</u>	<u>17.2</u>
Total (c)	<u>\$1,125.2</u>	<u>\$1,155.1</u>	<u>\$1,170.1</u>

(a) The 2020 and 2021 Estimates are based on March 12, 2020 revenue estimates from the Board of Revenue Estimates. See "IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE" herein.

(b) The share for each of the funds is statutory, varies across facilities, and may change at certain milestones (e.g. opening of Prince George's Video Lottery facility).

(c) Totals may not sum due to rounding.

**Total Revenue Generated by the Table Games
Fiscal Years 2019-2021**

(\$ in millions)

	2019	2020	2021
Revenue Distribution (b)	<u>Actual</u>	<u>Estimate (a)</u>	<u>Estimate (a)</u>
Education Trust Fund	\$95.3	\$93.3	\$94.6
Facility License Owners	508.2	497.5	504.7
Local Impact Grants	<u>31.8</u>	<u>31.1</u>	<u>31.5</u>
Total (c)	<u>\$635.2</u>	<u>\$621.9</u>	<u>\$630.9</u>

(a) The 2020 and 2021 Estimates are based on March 12, 2020 revenue estimates from the Board of Revenue Estimates. See "IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE" herein.

(b) The share for each of the funds is statutory, varies across facilities, and may change at certain milestones (e.g. opening of Prince George's Video Lottery facility).

(c) Totals may not sum due to rounding.

The distribution of revenue will be used for the following purposes:

Education Trust Fund: To provide funding for public elementary and secondary education, through continuation of the funding and formulas established under the Bridge to Excellence in Public Schools Act. In addition to the ongoing operational revenues above, the Education Trust Fund also receives all related miscellaneous revenue, including casino license fees and account interest. Miscellaneous amounts are typically small unless there is revenue from licensing fees.

Facility License Owners: To reimburse the owners of the casino gaming facilities for operation of the facilities.

Racing Purses/Bred Funds: To supplement funding for racing purses and to assist the horse breeding industry.

Local Impact Grants: To provide assistance to local governments to be used for improvements primarily in the communities in the immediate proximity to the video lottery facilities.

Racetrack Renewal: To make funds available for capital construction and improvements to the holders of a racetrack license.

Lottery Operations: To reimburse the State Lottery and Gaming Control Commission for the costs of regulating the operation of casino gaming in Maryland.

Public Service Company Franchise Taxes. The State imposes a franchise tax at the rate of 2% on the gross receipts from operations of public service companies engaged in the telephone business or in the transmission, distribution or delivery of electricity or natural gas in Maryland. In addition, a franchise tax of 0.062 cents for each kilowatt hour of electricity delivered for final consumption in Maryland, and of 0.402 cents for each therm of natural gas delivered for final consumption in Maryland, is imposed on each public service company engaged in the transmission, distribution or delivery of electricity or natural gas in Maryland. Public service companies subject to the tax on kilowatt hours of electricity and therms of natural gas are entitled to credits with respect to deliveries of such products to certain industrial customers.

Insurance Taxes. Insurance companies, including health maintenance organizations, are taxed at the rate of 2% on all new and renewal gross direct premiums (after certain deductions) allocable to the State.

Motor Vehicle Fuel and Titling Taxes and Registration Fees. The State imposes a per gallon excise tax at the wholesale level. In the 2013 Legislative Session, the static excise tax rates for gasoline and special fuel were replaced by a two-part rate setting system that adjusts the relevant excise rates annually in most years and semiannually in certain years.

The first component is an annual adjustment to the July 1, 2013 base excise tax rates on each July 1st. The base rates are indexed to the Consumer Price Index, compounding with each adjustment, and the annual increase may not be greater than 8%. The second component is the product of multiplying 5% by the prior year's average daily retail price (less federal and State motor fuel excise taxes) for regular gasoline. The effective rates, beginning July 1, 2020, are 36.30 cents and 37.05 cents for gasoline and special fuels, respectively.

There is an excise tax imposed upon the issuance of original and subsequent certificates of title to motor vehicles at the rate of 6% of the fair market value of the vehicle, with an allowance for 100% of the value of a trade-in (prior to January 1, 2008, the excise tax rate was 5% and there was no trade-in allowance). The State requires a registration fee on

all motor vehicles that ranges from \$2.50 to \$1,838 per vehicle depending on the size and type of vehicle. Registration fees are generally imposed for two years at the time of titling or at the time registration is renewed. There are several classes of vehicles, and fees vary within a class depending on the size of the vehicle. For example, the registration fee for passenger cars (Class A) ranges from \$135 to \$187 depending on the weight of the vehicle. An annual surcharge of \$17.00 is included in most registration fees and is dedicated to the statewide Emergency Medical Services System.

Tobacco Taxes. Effective January 1, 2008, the State imposed a tax at the rate of \$2.00 per pack of 20 cigarettes and 15% of the wholesale price of other tobacco products. In the First Special Session of 2012, the tax on other tobacco products was increased to 70% of the wholesale price for cigars other than premium cigars and 30% for all other tobacco products.

Estate and Inheritance Taxes. The State's inheritance tax rate is 10% (bequests to direct relations and siblings are exempt). The State also imposes an estate tax and a generation-skipping transfer tax. These taxes were initially designed to capture the maximum revenue possible without imposing an additional tax burden on estates through a credit against the federal taxes. For State estate tax purposes, the unified credit was fixed at \$345,000, which effectively exempts \$1.0 million from the estate tax. Chapter 612 of 2014 provided for a phased increase in the exemption amount, and Chapters 15 and 21 of 2018 set the effective Maryland exemption of \$5 million for decedents dying on or after January 1, 2019. As of January 1, 2019 up to \$5.0 million of qualified agricultural property is exempted for Maryland estate tax purposes, although the estate tax will be recaptured if, within 10 years of the decedent's death, the property ceases to be used for agricultural purposes.

Alcoholic Beverage Taxes. There is a tax at the rate of \$1.50 per gallon on all alcoholic beverages, except beer and wine, sold or delivered by a manufacturer or wholesaler to any retail dealer in the State. Taxes at the rates of 40 cents per gallon of wine and 9 cents per gallon of beer are imposed on the sale or delivery of those beverages by a manufacturer to a wholesale or retail dealer in the State. In addition, the sales and use tax rate on retail alcoholic purchases is 9%.

Bay Restoration Fee. Most users of sewerage and septic systems in the State are charged a mandatory fee of \$60 per year. Revenues from users of sewerage and septic systems are pledged, to the extent necessary, as security for Bay Restoration Revenue Bonds issued by the Maryland Water Quality Financing Administration, the proceeds of which are applied primarily to provide grant funds to upgrade wastewater treatment plants with enhanced nutrient removal technology.

Other Revenues. Exclusive of the proceeds of bond issues, approximately 50.6% of State revenues in fiscal year 2019 were received from sources other than taxes and lottery receipts. The largest component (28.3% of total revenues) was received from the federal government for highway and transit reimbursements; reimbursements and grants for health care programs; categorical and matching aid for public assistance, social services, and employment security; aid for public education; and miscellaneous grants-in-aid to State agencies. In addition to federal funds, the State receives revenues from court fines and costs; patient payments for services in State hospitals; interest on invested funds; and tuition fees paid to institutions of higher education. The State also receives revenues from operations of the Maryland Transit Administration, the Maryland Port Administration, and the Maryland Aviation Administration, which are paid into the Transportation Trust Fund.

Revenue Estimates. The State's revenue estimates are based upon projections by the Board of Revenue Estimates, composed of the Comptroller, the Treasurer, and the Secretary of Budget and Management. The Board studies the findings and recommendations of the Bureau of Revenue Estimates, a statutory State agency administratively under the Comptroller, that reviews the findings and recommendations of other agencies responsible for economic monitoring and revenue administration, and reports the estimates of revenue to the Governor for submission to the General Assembly in connection with the budget.

In its report issued each December, the Board of Revenue Estimates presents revised revenue estimates for the current fiscal year (based upon current economic factors and legislative changes), and revenue estimates for the next succeeding fiscal year, upon which that fiscal year's budget is based. The revised estimate for the current year is made seven months before the end of that fiscal year, while the budget estimate for the next succeeding fiscal year is made 19 months before the end of that fiscal year. The estimates are reviewed in March, prior to final action on the budget by the General Assembly, and any appropriate adjustments to the estimates are made at that time.

In 2020, in reaction to the COVID-19 pandemic, the Bureau of Revenue Estimates, in consultation with the Revenue Monitoring Committee, released updated guidance on revenue expectations. This guidance is not an official Board of Revenue Estimates forecast and is described in the *STATE DEMOGRAPHIC AND ECONOMIC DATA* section below. The following table shows the accuracy of General Fund revenue estimates for the fiscal years 2015 through 2019.

Historic General Fund Revenue Estimates and Actual Collections
(\$ in millions)

Fiscal Year	Actual Collections	Original Estimate		Final Estimate	
		Amount	% (a)	Amount	% (a)
2015.....	\$15,922.6	\$16,005.3	99.5%	\$15,708.4	101.4%
2016.....	16,198.0	16,245.2	99.7	16,448.1	98.5
2017.....	16,698.7	17,081.9	97.8	16,608.4	100.5
2018.....	17,372.5	17,058.5	101.8	17,019.1	102.1
2019.....	18,199.0	18,269.8	99.6	17,982.4	101.2

(a) Actual collections as a percentage of estimates.

State Property Tax Revenue Estimates

Receipts from the State property tax, all of which are devoted to debt service on general obligation bonds and which provided approximately 63.6% of revenues available for general obligation bond debt service payment in fiscal year 2019 (see “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – General Obligation Bonds”), are credited to a separate account known as the Annuity Bond Fund. The Board of Public Works is required annually to fix the property tax rate by May 1, after the end of the regular Legislative Session, in an amount sufficient to pay all debt service for the ensuing fiscal year on general obligation bonds after taking account of the amounts and sources of funds provided in the budget for that fiscal year, which begins July 1. The Commission on State Debt (consisting of the Treasurer, the Comptroller, the Secretary of Budget and Management, the Secretary of Transportation, the Director of the State Department of Assessments and Taxation, and one individual appointed by the Governor and not otherwise affiliated with State government) makes an original estimate approximately three months before July 1 of the year to which the property tax rate will apply and a revised estimate approximately nine months after that date. The following table portrays the accuracy of estimates of State property tax revenue in fiscal years 2015 through 2019. To date, it is unknown what the impact of the current economic climate will be on property assessments and tax revenue.

State Property Tax Revenue Estimates
(\$ in millions)

Fiscal Year	Property Tax Rate (a)	Actual Collections	Original Estimate		Final Estimate	
			Amount	% (b)	Amount	% (b)
2015.....	11.2	\$730.7	\$722.0	101.20%	\$725.8	100.67%

State Revenue Impact of Recent Amendments to Internal Revenue Code

Tax Cuts and Jobs Act. The President of the United States signed into law H.R.1 of the 115th Congress, the Tax Cuts and Jobs Act of 2017 (TCJA), on December 22, 2017. The TCJA has impacted State revenues in myriad manners; notably, the direct impact on federal taxes for Maryland residents, the flow-through of changed federal provisions to Maryland’s existing tax code, the dynamic impacts that may occur for taxpayer income structures, and the macroeconomic impacts from the tax cuts and increased federal deficits. The Bureau of Revenue Estimates (the “Bureau”) has performed a detailed study, The 60 Day Report, on those impacts that is publicly available at http://treasurer.state.md.us/media/120847/bre_tax_plan_report_1_25_18.pdf. The Study’s focus is the personal income tax; additional estimates were produced for the corporate income tax, sales and use tax, and lottery. The estimated changes in revenues are factored into the current Board of Revenue Estimates’ forecast.

The Study found that, until several provisions expire at the end of 2025, the federal tax changes will result in a net federal tax cut for Maryland residents of around \$2.7 billion per tax year. Maryland tax law is coupled to federal tax law in many ways, largely through shared definitions of income, exemptions, and deductions. Under current State law, the Study found that taxpayers would owe approximately \$440.0 million more per year for the State and local income tax, of which,

roughly 63% or \$276 million would be State general funds. The Bureau now believes the State collected approximately \$467.0 million in TCJA related personal income tax revenue in fiscal year 2019, and expects that amount to fluctuate between \$500.0 million and \$600.0 million per year through from fiscal year 2020 to fiscal year 2025.

Coronavirus Aid, Relief, and Economic Security Act. The President of the United States signed into law H.R. 748, the Coronavirus Aid, Relief, and Economic Security Act (CARES Act), on March 27, 2020. The Act temporarily altered several tax provisions enacted under the TCJA to increase real cash flow and reduce the income tax on businesses, partners, and sole proprietors. Some of the changes are retroactive and thus extend to past tax years. The statute provides that when the tax revenue impact is \$5 million or more, the State is automatically and temporarily decoupled from that federal law change for any taxable year beginning in the calendar year in which the law is enacted. The statute appears to omit changes to prior tax years from automatic decoupling. There is considerable uncertainty regarding the estimated impact of the CARES Act. With no decoupling, the CARES Act is estimated to reduce State revenue by \$51.4 million in fiscal year 2020 and \$257.5 million in fiscal year 2021. However, most of the fiscal impact comes from provisions relating to business losses, which are expected to be highest in tax year 2020. Therefore, the State will likely be able to avoid most of the estimated fiscal impact by decoupling from tax year 2020 impacts. The full report can be found here: http://treasurer.state.md.us/media/1111/CARES_Act_60_Day_Report_Final_2020.pdf.

State Expenditures and Services

In light of the economic impacts associated with COVID-19, the Hogan Administration laid out a budget balancing strategy at the Board of Public Works meeting on May 20, 2020. This strategy included the adoption of \$120.7 million of reductions and it could possibly include the use of the State's Rainy Day Fund to make sure the State's budget remains in balance. Due to how late in the fiscal year the sudden decline in revenues occurred, further budget reductions beyond those approved by the Board would have been programmatically difficult to make. However, the State does expect agencies to revert a significant amount of excess funds in fiscal year 2020 from the hiring and spending freeze instituted by Governor Hogan in mid-April and careful budget management.

The State's management of budget resources will be aided by the enhanced FMAP match provided by the federal government in the Families First Act. Although Medicaid enrollment has begun to increase, the retroactive provision of the match back to January will assist the State in fiscal year 2020. The State will also use some of the flexibility provided in the CARES Act by using Coronavirus Relief Funds to offset public safety (police) related and other public health expenditures.

The Administration is hopeful that all of the actions noted above along with the use of the previously estimated budget surplus of almost \$350 million will be sufficient to bring the budget into balance in fiscal year 2020. If these actions prove to be insufficient, the State is prepared to use its Rainy Day Fund to balance the fiscal year 2020 budget. It is currently estimated that the State might need to use between 10% and 20% of the existing balance of approximately \$1.3 billion.

State expenditures and services for capital and operating programs include a typical range of direct governmental services and activities, as well as State support and aid to local governmental units, primarily in the area of education.

Public Education. The agencies administering public education spend the largest portion of State revenue. In the fiscal year 2021 Budget, public education accounts for 46.7% of General Fund appropriations and 33.7% of all appropriations.

Elementary and Secondary Education. The school boards of the 23 counties and Baltimore City are responsible for much of the administration of public elementary and secondary schools, including charter schools. There are no special, separate school districts in Maryland. The State supports the elementary and secondary education programs of the counties and Baltimore City through a number of aid programs. The major programs are described as follows: (1) under a formula equalized for ability to pay and based on wealth and enrollment factors, the State distributes aid to the local school systems for current expenses; (2) for personnel in local public schools, the State pays directly its share of the employer's portion of the State Retirement and Pension System contributions; and (3) the State also distributes aid based on the number of students receiving free or reduced price meals, under various components of the Students with Disabilities Aid Program, and for pupil transportation. In addition to these major programs, the State Department of Education provides aid for food service, and various educational activities and, through the State Department of Education's Interagency Fund, distributes funds to address the service needs of children at risk.

Higher Education. The public higher education system consists of the University System of Maryland and Morgan State University, each governed by its respective Board of Regents; St. Mary's College of Maryland, governed by its own Board of Trustees; Baltimore City Community College, a State institution governed by its Board

of Trustees; and 15 community colleges, each governed by a local or regional Board of Trustees.

The Maryland Higher Education Commission is responsible for developing a statewide plan for higher education, approving mission statements, setting funding guidelines and administering State aid to local community colleges, aid to private colleges and universities, and student financial aid programs.

The State finances the State universities and colleges principally with State General Fund revenues. In addition, the State finances a share of the cost of the locally owned two-year community colleges. State financial assistance is primarily in the form of general purpose formula grants. The State also makes grants to eligible private institutions of higher education under a formula based on State support for State four-year universities and colleges. The higher education share of fiscal year 2020 expenditures for all funds is 14.9% and is projected to be 15.0% of the fiscal year 2021 Budget.

The following table presents the trends of enrollment (expressed in full-time equivalent students) at the State universities and colleges and the local community colleges for the fiscal years shown.

**Enrollment (full-time equivalent students)
in State Universities and Colleges**

<u>Fiscal Year</u>	<u>State Four-Year Institutions</u>	<u>Community Colleges</u>	<u>Total</u>
2016	135,370	98,852	234,222
2017	139,099	95,965	235,064
2018	140,970	92,465	233,435
2019	141,337	91,372	232,709
2020 estimate ^(a)	140,467	88,491	228,958
2021 estimate ^(a)	140,281	86,007	226,288

^(a) Estimates do not reflect the impact of COVID-19.

Health. The Department of Health has general responsibility for public health in the State and provides direct services through 11 health facilities, finances medical services to the indigent, and aids local health departments on a matching formula basis. For fiscal year 2021, \$15.1 billion is budgeted for the Department of Health, including \$8.2 billion in federal funds, \$5.5 billion in State general funds and \$1.3 billion in State special funds.

The Department’s largest expenditure is for the medical assistance (Medicaid) program under which the State makes payments to vendors providing health services to eligible low-income individuals and families. For fiscal year 2020, the budget provided for nearly 1.4 million Medical Assistance and the Maryland Children’s Health Program (MCHP) enrollees and funding of \$11.4 billion. The majority of these expenditures were for services for which the State recovered approximately a 50% match from the federal government. For fiscal year 2021, the budget provides for 1.4 million Medical Assistance and MCHP enrollees and funding of \$12.0 billion.

The hospitals operated by the Department of Health provide care for individuals with behavioral health conditions, developmental disabilities, and chronic illness. In recent years, the State has expanded programs to provide services within the community as an alternative to institutionalization in State facilities.

Transportation. Transportation is the third largest category of State expenditures. The Department of Transportation is responsible for most of the State’s various transportation facilities and for developing and maintaining a State master plan for transportation. It administers the State highway system; operates a mass transit system in the Baltimore region; assists mass transit in the Washington, D.C. region; operates and assists commuter rail systems and certain critical freight railroads; operates two airports, including Baltimore/Washington International Thurgood Marshall Airport (“BWI Marshall Airport”); operates State-owned port facilities, primarily in Baltimore Harbor; and administers the licensing and regulation of motor vehicle drivers and dealers, as well as motor vehicles. For the fiscal year 2020 budget, the transportation budget totals \$5.5 billion; on the same basis, for fiscal year 2021, \$5.4 billion is budgeted. See “STATE FINANCES – Transportation Trust Fund” with respect to the principal revenues and expenditures related to the Department of Transportation. The legislature took subsequent action on the budget to reduce or to restrict transportation funds for other, non-transportation, purposes in the budget.

The Maryland Transportation Authority (“MDTA”), of which the Secretary of Transportation is Chairman, is

responsible for the administration of the various toll revenue facilities, which consist of bridges over the Susquehanna, Patapsco, and Potomac Rivers and the Chesapeake Bay; two tunnels under the Baltimore Harbor; the John F. Kennedy Memorial Highway (including the Interstate 95 Express Toll Lanes); the Intercounty Connector; and other transportation facilities. The MDTA's financial transactions are accounted for in a separate special revenue fund and are not included in the Transportation Trust Fund.

Human Services. The Department of Human Services administers State and federal programs relating to child welfare, foster care, public assistance, family investment services, adult services, energy assistance, legal services, child support enforcement, and work opportunity assistance for adults receiving public assistance. For fiscal year 2020, including the Department of Housing and Community Development, Maryland Commission on Civil Rights, and the Governor's Office for Children, and the Department of Human Services, \$2.9 billion was budgeted for human services, including \$642.8 million in State general funds. For fiscal year 2021, approximately \$2.9 billion is budgeted, including \$669.9 million in State general funds.

Public assistance programs include Temporary Cash Assistance ("TCA"), Supplemental Nutrition Assistance Program ("SNAP"), assistance to disabled citizens, and several emergency assistance programs. The largest categories of programs are TCA, in which the State/federal government shares vary depending upon the areas to which the State directs its maintenance of effort, and food stamps (SNAP), which are 100% federal funds. The Department of Human Services also provides a broad range of social services to the indigent and other eligible persons under both Federal-State and State-only programs.

Public Safety and Correctional Services, State Police, Juvenile Services and the Governor's Office of Crime Prevention, Youth, and Victim Services. The Departments of Public Safety and Correctional Services, State Police, and Juvenile Services, include correctional agencies and institutions, parole units, the Maryland State Police, services and facilities for adjudicated youth, and related activities. The Governor's Office of Crime Prevention, Youth, and Victim Services administers Federal and State grant programs focusing on crime control and prevention. For fiscal year 2020, approximately \$2.4 billion was budgeted for these departments, of which \$2.0 billion is from State general funds. For fiscal year 2021, approximately \$2.4 billion is budgeted for these departments, of which \$2.0 billion is from State general funds.

Other Expenditures and Services. The State has numerous other operating units, including the judicial system; financial and revenue administration; labor, licensing and regulation; planning, budgetary activity and personnel administration; natural resources and recreation; commerce; environment; and others, all of which account for approximately 8.1% of total expenditures for fiscal year 2020 and 9.4% of the fiscal year 2020 General Fund Budget. These account for 8.2% of the fiscal year 2021 total expenditures and 10.3% of the 2021 General Fund Budget. In addition, general obligation bond debt service accounted for approximately 1.5% of the fiscal year 2020 General Fund appropriation and 2.8% of the fiscal year 2020 Total Fund appropriation. For fiscal year 2021, debt service accounts for 0.7% of the General Fund Budget and 2.8% of total expenditures.

State Reserve Fund

The State Reserve Fund is currently composed of four accounts: the Revenue Stabilization Account, which is established to retain State revenues for future needs and to reduce the need for future tax increases; the Dedicated Purpose Account, which is established to retain appropriations for major multi-year expenditures and to meet contingency requirements; the Economic Development Opportunities Program Account, which is to be used for extraordinary economic development opportunities as a supplement to existing programs; and the Catastrophic Event Account, which is to be used to respond quickly to a natural disaster or other catastrophic event that cannot be managed within existing appropriations. All interest earned on the State Reserve Fund is credited to the Revenue Stabilization Account.

The Governor is required to include in each annual budget bill an appropriation of \$100.0 million if the balance in the Revenue Stabilization Account is less than 3.0% of estimated General Fund revenues. If the balance in the Account is at least 3.0% of estimated General Fund revenues but less than 7.5% of estimated General Fund revenues, the Governor is required to include an appropriation to the Account of \$50.0 million or the amount necessary to bring the balance of the Account to above 7.5%, whichever is less. Maryland law defines estimated General Fund revenues as those stated in the annual report of the Board of Revenue Estimates submitted to the Governor.

Legislation passed during the 2017 Legislative Session requires that beginning in fiscal year 2021, one-quarter of the unappropriated General Fund surplus above \$10.0 million be appropriated to the Postretirement Health Benefits Trust Fund and another quarter be appropriated to the State Retirement System. Each of these appropriations is capped at \$25.0 million. Any remaining unappropriated General Funds above those distributions are appropriated to the Revenue

Stabilization Account.

In 2017, legislation was enacted to address the volatility inherent to revenue estimates. The legislation was the result of recommendations made by a workgroup made up of experts from both the Legislative and Executive branches of State government. It requires that beginning in fiscal 2020, the Revenue Stabilization Account shall receive a share of nonwithholding General Fund revenues above the 10-year average nonwithholding revenues' share of total General Fund, subject to certain caps in certain years. In years when nonwithholding income exceeds the 10-year average, revenues allocable to the General Fund are reduced. At the end of the fiscal year, excess funds are first used to offset any General Fund revenue shortfall. If there is no shortfall, the Comptroller is required to credit excess funds to the Revenue Stabilization Account if that fund's balance is less than 6% of estimated general fund revenues. Once the Revenue Stabilization Account balance reaches 6% of estimated General Fund revenues, 50% of any excess funds are credited to the Revenue Stabilization Account (until the balance equals at least 10% of estimated General Fund revenues), and the other 50% is credited to a newly created Fiscal Responsibility Fund, which the Governor must use to provide PAYGO appropriations for public school, community college, and four-year higher education projects.

In the past, withdrawals that do not result in a Revenue Stabilization Account balance below 5% of estimated General Fund revenues required authorization by an act of the General Assembly other than the State budget bill. In fiscal year 2019 and beyond withdrawals that do not result in a balance below 5% may be authorized in the State budget. Withdrawals that result in a Revenue Stabilization Account balance below 5% of estimated General Fund revenues still must be authorized by an act of the General Assembly other than the State Budget Bill.

The following table presents the balances of the State Reserve Fund for the fiscal years ended June 30, 2017 through June 30, 2019, and the estimates for the fiscal years ending on June 30, 2020, and June 30, 2021. The estimates were made prior to the pandemic; actions related to COVID-19 may result in balances materially lower than the estimates provided in the table below.

**State Reserve Fund
Fiscal Years 2017–2021
(\$ in millions)**

Fiscal Year	Balance at Fiscal Year End			Revenue Stabilization Account as a % of General Fund Revenue
	Revenue Stabilization Account	Other Accounts	Total State Reserve Fund	
2017.....	\$832.5	\$28.9	\$861.3	5.0%
2018	858.6	16.7	875.3	5.0
2019 ^(a)	876.5	14.3	890.8	4.8
2020 ^(b)	1,180.4	10.5	1,191.0	6.3
2021 ^(b)	1,151.9	5.5	1,157.5	6.0

Totals may not add due to rounding.

- (a) In the proposed budget, the Revenue Stabilization Account balance as a percentage of General Fund revenue as stated in the annual report of the Board of Revenue Estimates enacted fiscal year 2019 equaled 5.0%. Subsequently, revenue write-ups related to the Tax Cut and Jobs Act of 2017 brought reserves slightly below 5.0% prior to the enactment of the fiscal year 2020 budget.
- (b) The 2020 and 2021 estimates were made prior to the impact of COVID-19 on the State. See "IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE" herein.

Fiscal Year 2015-2019 GAAP General Fund Results of Operations

The GAAP General Fund is that fund from which all general costs of State government are paid and to which taxes and other revenues not specifically directed by law to be deposited in separate funds are recorded in accordance with Generally Accepted Accounting Principles ("GAAP"). The following table presents the comparative statement of revenues, expenditures, and changes in fund balances in the GAAP General Fund for fiscal years ended June 30, 2015 through 2019.

**GAAP General Fund Comparative Statement of Revenues,
Expenditures, and Changes in Fund Balance

General Fund 2020 Budget

2020 Budget. The Maryland General Assembly passed the fiscal year 2020 Budget (the "2020 Budget") on March 26, 2019. The 2020 Budget includes \$19.4 billion in General Fund spending, assuming all the legislative priorities are funded. The three largest categories of expenditures are: (1) \$7.1 billion in aid to local governments from general funds, including \$6.4 billion for education; (2) \$5.1 billion to support public health programs including \$3.5 billion for medical assistance and (3) and \$1.7 billion for the State Retirement and Pension System.

The 2020 Budget includes a \$443.8 million appropriation to the Revenue Stabilization Account. The resulting balance in the Revenue Stabilization Account at June 30, 2020 was estimated to equal \$1.1 billion, or 6.2% of General Fund revenues, as estimated by the Board of Revenue Estimates on March 12, 2020. This estimate does not reflect the impact of the COVID-19 pandemic. While the State anticipates drawing on the Revenue Stabilization Account to close out fiscal year 2020, it expects to begin fiscal year 2021 with a significant balance in the Revenue Stabilization Account.

The 2020 Budget includes nearly \$1.7 billion in State funding for the State Retirement and Pension System (the "Retirement System"), and the Budget includes actuarial funding of the System. The 2020 Budget also includes an additional supplemental contribution to the Retirement System of \$75 million. See "STATE FINANCES – Maryland State Retirement and Pension System – Funding Policies."

The 2020 Budget funds debt service on the State's general obligation bonds with \$287.0 million in general funds, \$1.0 billion in special funds, primarily from State property tax revenues, and \$1.5 million in federal funds reflecting the interest subsidy on current outstanding ARRA Bonds. The projected amount of State property tax revenues reflects a property tax rate of 11.2 cents (per \$100 of taxable assessed value), a rate unchanged since fiscal year 2007.

On March 7, 2019, the Board of Revenue Estimates decreased its fiscal year 2020 forecast by \$130.5 million.

On March 26, 2019, the Maryland General Assembly passed the Budget and an associated Budget Reconciliation and Financing Act (“BRFA”) of 2019 which combined to make \$143.0 million in General Fund reductions to the fiscal year 2020 Budget as it was originally proposed. The budget passed by the General Assembly included a number of legislative initiatives and authorized additional spending in fiscal year 2020. The additional spending and legislative initiatives are not required to be funded by the Governor.

On September 19, 2019, the Board of Revenue Estimates increased the estimated fiscal year 2020 forecast by \$129.9 million.

On December 11, 2019, the Board of Revenue Estimates increased the estimated fiscal year 2020 forecast by \$25.8 million.

On March 12, 2020, the Board of Revenue Estimates reviewed the current revenue estimates in light of the then most recent economic data and revenue collection trends. Based on that analysis, the Board found it prudent to maintain the estimates for general fund revenues of \$18.721 billion for fiscal year 2020 and \$19.173 billion for fiscal year 2020. At the time, the General Fund balance on a budgetary basis, on June 30, 2020 was estimated to be \$345.8 million.

On May 14, 2020, in order to help inform fiscal decision making in light of the COVID-19 pandemic, the Board of Revenue Estimates met via teleconference outside of its normal cycle to review unofficial revenue guidance developed by the Revenue Monitoring Committee regarding the impact of COVID-19 on the State’s revenues for fiscal years 2020-2022. The unofficial guidance estimated the range of the impact on General Fund revenues by using two different scenarios: one assuming a lesser immediate impact followed by a somewhat rapid recovery, and one assuming a deeper immediate impact followed by a more protracted recovery. The resulting forecast predicted losses of between \$925 million and \$1,125 million in fiscal year 2020. During the teleconference, the members of BRE voiced their agreement with the forecast.

On May 20, 2020, the Board of Public Works approved \$120.8 million in General Fund spending reductions for fiscal year 2020 in response to unofficial revenue guidance from the Board of Revenue Estimates. These reductions included \$62.0 million appropriated to the Dedicated Purpose Account which was restricted by the legislature and would not otherwise be spent, \$35.0 million intended for a WMATA project which has faced delays, \$7.6 million from the capital appropriation to the State Department of Education, and \$7.0 million from the Department of Planning.

The resulting General Fund balance on a budgetary basis, prior to the Board of Public Works reductions, on June 30, 2020 would have been \$345.8 million. The budget passed by the General Assembly does include a number of legislative initiatives and authorizes additional spending in fiscal year 2020. The additional spending and legislative initiatives do not have to be funded by the Governor. As previously discussed, the State anticipates using existing fund balance, the Coronavirus Relief Fund, and State agency reversions of spending to close the fiscal year 2020 budget. To the extent there is still a gap, the State will use the balance in the Reserve Fund.

General Fund 2021 Budget

2021 Budget. The Maryland General Assembly passed the fiscal year 2021 Budget (the “2021 Budget”) on March 18, 2020. The 2021 Budget includes \$19.7 billion in General Fund spending. The three largest categories of expenditures are: (1) \$7.7 billion in aid to local governments from general funds, including \$6.8 billion for K-12 education; (2) \$5.5 billion to support public health programs including \$3.9 billion for medical assistance and (3) and \$1.7 billion for the State Retirement and Pension System.

As part of the fiscal year 2021 enacted Budget, the Administration introduced, and the General Assembly passed, the Budget Reconciliation and Financing Act (the “2020 BRFA”). The 2020 BRFA reduced the appropriation to the Rainy Day Fund, generating a savings of \$284.4 million while still maintaining a balance of 6.3% of revenues. In addition, the 2021 Budget saves \$50 million by deferring the fiscal year 2021 supplemental contributions to the Retirement System, \$33.3 million by restructuring the Local Income Tax Reserve Repayment, and \$33.5 million in other reductions. The 2020 BRFA reduced fiscal year 2021 General Fund spending by \$401.5 million in total, and reduced fiscal year 2020 General Fund spending by an additional \$6.4 million.

The 2021 Budget includes actuarial funding of nearly \$1.7 billion in funding for the State Retirement System. The 2021 Budget also includes an additional supplemental contribution to the State Retirement System of \$75 million. See “STATE FINANCES – Maryland State Retirement and Pension System – Funding Policies.”

The 2021 Budget funds debt service on the State's general obligation bonds with \$131.0 million in general funds, \$1.2 billion in special funds, primarily from State property tax revenues, and \$11.5 million in federal funds reflecting the interest subsidy on current outstanding ARRA Bonds. The projected amount of State property tax revenues reflects a property tax rate of 11.2 cents (per \$100 of taxable assessed value), a rate unchanged since fiscal year 2007.

At the time the budget bill was passed, it was estimated that the General Fund balance on a budgetary basis at June 30, 2021 would be \$227.1 million.

On July 1, 2020 the Board of Public Works approved \$413 million of budget reductions to the fiscal year 2021 budget. This included \$131 million in reductions to higher education, reductions to local aid, and other agency related savings. As the State closes the fiscal year 2020 budget and there are more complete revenue results from the delayed filing data, additional actions may be taken by the Board of Public Works to balance the budget.

Generally, the fiscal year 2021 budget will be brought into balance through a very similar process as was used in fiscal year 2020. This process will include a combination of reductions and other budget actions taken at the Board of Public Works or authorized by legislation as part of a Budget Reconciliation and Financing Act submitted at the 2021 Session of the General Assembly. In addition to reductions to the budget, the State is again planning to use the flexibility provided in the CARES Act by using Coronavirus Relief Funds to offset budgeted State expenditures and using enhanced FMAP match provided by the federal government in the Families First Act. The Administration is also prepared to use the Rainy Day Fund to bring the budget into balance, if needed.

Fiscal year 2021 presents several unknowns that will need to be managed during the course of the fiscal year. Specifically, there is the unknown future of the pandemic and if there are additional waves of infection, what would be the impact on the economy and on State revenues. In addition, there is uncertainty as to what, if anything, the federal government may do to provide assistance directly to states. The Administration believes it is important to propose sufficient actions to balance the State budget without federal assistance, in case it is not forthcoming. Should federal assistance be made available, the State can revisit some of its budgetary actions or leave additional funds in reserve for future fiscal years.

General Fund Outlook

As with all future projections, the information in this section is based on certain assumptions. One or more of these assumptions may prove to be inaccurate and may be changed in the future as new information becomes available. Prior to the impacts of COVID-19 being accounted for, the Department of Legislative Services forecast a range of structural budget deficits from \$626 million to \$1.5 billion for fiscal years 2022 through 2025. See "STATE FINANCES – Budgetary System."

- (a) Fund balance does not include amounts reserved for the State Reserve Fund or encumbrances. See “STATE FINANCES – State Reserve Fund.”
(b) The 2020 and 2021 estimates were made prior to the impact of COVID-19 on the State. See “IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE” herein.

COVID-19 Pandemic

As of June 2020, the State has received \$1.7 billion in federal funding through the CARES Act for funding related to the COVID-19 pandemic. The State expects to receive additional CARES Act funds, but the amount is uncertain at this time. The CARES Act funds are intended to be expended for pandemic-related costs for which the State had not previously budgeted. In compliance with guidance from the U.S. Department of the Treasury, these funds will be used primarily for increased costs incurred by the Department of Health for treatment and personal protective equipment (“PPE”). The CARES

Act funds will also be used for business and economic development programs as well as increased policing costs. CARES Act funds have not been included in the reported budget balances, as the total amount of CARES Act funds to be received by the State is still unknown.

The primary impact on the State budget from COVID-19 will be on the State’s revenues. As discussed above under “IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE -- State COVID-19 Related Budget Actions”, the Board of Revenue Estimates has issued unofficial guidance anticipating a reduction of revenues in fiscal years 2020 through 2022. The unofficial guidance was prepared by the Bureau of Revenue Estimates in consultation with the Consensus Revenue Monitoring and Forecasting Group (“RMC”) and reflected existing data and expectations related to the pandemic at the time of the guidance.

Given the unprecedented circumstances at the time, the RMC chose to present a forecast range rather than a single number for each fiscal year to reflect the extraordinary uncertainty. To prepare the forecast range the RMC used two Moody’s Analytics April 2020 forecast scenarios for personal income, it’s components, and employment as input variables: Moody’s Scenario 2 (“S2”) as the high end of the range and Scenario 4 (“S4”) as the low end of the range. The RMC chose S2 and S4 in order to make what it believed would be conservative revenue forecasts.

For S2, Moody’s assigned a 75% probability that the economy will perform better and a 25% probability that the economy will perform worse. For S4, Moody’s assigned a 96% probability that the economy will perform better than S4 and a 4% probability that it will perform worse. Before a sustained recovery begins, the S2 and S4 forecasts assume losses of \$13.4 billion and \$27.4 billion in personal income, respectively, and 169,000 and 229,000 in jobs, respectively. The S2 and S4 forecasts assume declines in housing starts by mid-2021 of 33% and 60%, respectively, as well as declines in median existing home prices by the first quarter of 2021 of 6% and 16.5%, respectively. In both scenarios, sustained recovery does not begin until the fourth quarter of 2021.

The table below presents the forecast range by scenario and fiscal year.

April 2020 Guidance		
Change from prior estimate		
(\$ in millions)		
Fiscal Year	Scenario 2	Scenario 4
2020	(924.8)	(1,125.4)
2021	(2,060.9)	(2,628.9)
2022	(2,563.1)	(3,950.5)

Based on information reviewed as of June 2020, it appears that the sharpest declines in economic activity have already occurred. However, given the unprecedented speed of the economic disruption caused by COVID-19 and the lag in most data publication, it is difficult to be certain. Because labor data is reported more frequently than most economic data, it has been relied on to a greater extent than usual to get a sense of conditions in the labor market. Initial claims in Maryland since the first case of community transmission in Maryland are as follows:

Week Ending	Initial Claims	Week Ending	Initial Claims	Week Ending	Initial Claims
March 14, 2020	3,864	April 25, 2020	37,935	June 6, 2020	41,638
March 21, 2020	42,981	May 2, 2020	63,253	June 13, 2020	23,450
March 28, 2020	85,317	May 9, 2020	45,485	June 20, 2020	32,549
April 4, 2020	109,496	May 16, 2020	35,111	June 27, 2020	22,623
April 11, 2020	62,904	May 23, 2020	33,991	July 4, 2020	32,497
April 18, 2020	48,495	May 30, 2020	31,920		

Prior to COVID-19, the previous record for initial unemployment claims in the State was 12,528. Continuing claims remain elevated from a pre-COVID-19 level, from 26,467 for the week ended March 14, 2020 to 233,086 for the week ending June 27, 2020. This is slightly down from the peak of 254,473 for the week ended May 2, 2020. Prior to COVID-19, the previous record for continued unemployment claims was 231,636 for the week ended September 19, 1987.

Maryland lost 30,800 and 357,500 jobs in March and April 2020, respectively, or 12.8% of the non-farm jobs reported in February 2020. However, in May 2020, Maryland added 29,800 non-farm jobs.

As a result of the economic contraction, the Board of Public Works approved reductions to the State’s fiscal year

2020 budget in the amount of \$120.7 million on May 20, 2020. This action, coupled with anticipated agency reversions, amounts received from the Coronavirus Relief Fund to offset public safety related expenditures and amounts transferred from the Rainy Day Fund will allow the State to balance the budget as required by the State’s Constitution. In addition, on July 1, 2020, the Board of Public Works approved \$413.2 million in reductions to the State’s fiscal year 2021 budget. It is anticipated that the Board of Public Works will approve additional reductions to the fiscal year 2021 budget to offset additional COVID-19 revenue losses. See also “IMPACT OF COVID-19 ON THE FINANCIAL CONDITION AND OPERATIONS OF THE STATE” herein.

Interim General Fund Revenues and Expenditures

The State does not issue, nor does it have procedures in effect that provide interim financial statements; however, the Office of the Comptroller has compiled the following summary data with respect to the revenues of the General Fund for the nine months ended March 31, 2019 and ended March 31, 2020. The General Fund is that fund from which all general costs of State government are paid and to which taxes and other revenues not specifically directed by law to be deposited in separate funds are recorded. Approximately 39.2% of revenues were accounted for in the General Fund in fiscal year 2019, and it is currently estimated that the General Fund will account for 40.3% of all revenues in fiscal year 2020. The presentation of this data does not purport to be, and should not be construed as, an interim Statement of General Fund Revenues, Expenditures, and Surplus; however, adjustments have been made to present the revenues on a basis reasonably comparable to the table of operating revenues included in the section “STATE FINANCES – State Revenues” presented elsewhere in this Official Statement.

General Fund Revenues. The following presents a summary of General Fund revenues on a budgetary basis by major categories for the nine months ended March 31, 2019 and 2020.

General Fund Revenues				
(\$ in millions)				
Nine Months Ended March 31				
	<u>Fiscal Year 2019</u>	<u>Fiscal Year 2020</u>		
	<u>Amount</u>	<u>% of FY Actual</u>	<u>Amount</u>	<u>% of FY Estimated</u>
		<u>Revenues (a)</u>		<u>Revenues (a)</u>
Income Taxes (b)	\$6,896.3	66.8%	\$7,394.4	65.4%
Sales and Use Taxes (b)	3,140.5	67.6	3,334.6	69.3
Property, Franchise, Excise Taxes	738.2	59.9	602.7	52.4
Sundry Fees, Licenses, Charges, Etc....	546.9	48.3	565.6	50.0
Federal.....	<u>5.6</u>	9.3	<u>4.8</u>	7.7
Totals *.....	<u>\$11,327.5</u>	65.3%	<u>\$11,902.1</u>	68.6%

*Totals may not add due to rounding.

- (a) For the first nine months of fiscal year 2020, represents the percentage of actual revenues for the full fiscal year; for the first nine months of fiscal year 2021, represents the percentage of revenues as estimated by the Board of Revenues Estimates on March 12, 2020.
- (b) Income taxes and sales and use taxes reflect amounts actually received from July through September, excluding amounts received in that period allocable to the preceding fiscal year.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

General Fund Expenditures. The following presents a summary of General Fund expenditures on a budgetary basis by major category for the nine months ended March 31, 2019 and 2020 (see note (a)):

General Fund Expenditures
(\$ in millions)

	<u>Nine Months Ended March 31</u>			
	<u>Fiscal Year 2019</u>		<u>Fiscal Year 2020</u>	
	<u>Amount</u>	<u>% of FY Actual Expenditures (b)</u>	<u>Amount</u>	<u>% of FY Budget Expenditures (c)</u>
Public Education	\$6,932.1	84.2%	\$7,328.9	82.7%
Human Services	424.0	69.8	440.8	71.6
Public Health	3,873.9	78.4	3,740.8	70.5
Public Safety	1,199.9	67.1	1,268.7	68.6
Administrative & Other.....	1,310.5	71.5	1,841.8	67.5
Debt Service (d)	286.0	100.0	287.0	100.0
Totals*	<u>\$14,026.3</u>	79.3%	<u>\$14,907.9</u>	75.9%

* Totals may not add due to rounding.

- (a) The State's accounting procedures do not require recording encumbrances (i.e., commitments evidenced by purchase orders or contracts) for financial reporting purposes except at the end of each fiscal year. Accordingly, no amounts of encumbrances have been recorded for the nine months ended March 2019 and 2020. At June 30, 2018 and 2019, General Fund encumbrances charged to expenditures for the fiscal years ended totaled \$163.6 million and \$170.6 million, respectively. The Office of the Comptroller has no reason to believe that the current patterns of commitments are not in conformity with historical practices.
- (b) Represents the percentage of actual expenditures for the full fiscal year.
- (c) Represents the percentage of current budget expenditures.
- (d) Debt Service totaling \$286.0 million and \$287.0 million were appropriated in the General Fund and transferred to the Annuity Bond Fund in Fiscal Years 2019 and 2020, respectively.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

Fiscal Year 2015-2019 General Fund Budget vs. Actual

The following statement presents a comparison of budget versus actual revenues, expenditures and encumbrances and changes in fund balance in the State's General Fund using the budgetary basis of accounting for each of the past five fiscal years ended June 30.

Statutory General Fund Comparative Statement of Revenues, Expenditures and Encumbrances and Changes in Fund Balance Budget and Actual Fiscal Years 2015 to 2019 (\$ in thousands)

- (a) This amount differs from the total General Fund revenues noted in the "General Fund Revenues and Appropriations – Budgetary Basis" schedule due to the different treatment of transfers, including the transfer of revenues from the State Reserve Fund.
- (b) Includes balances for the State Reserve Fund and encumbrances.

Cigarette Restitution Fund

All payments received by the State related to the tobacco settlement are to be deposited into the Cigarette Restitution Fund (“CRF”), which can only be spent through appropriations in the annual State budget. At least 50% of the appropriations must be for: the reduction of tobacco use by minors; implementation of the agriculture plan adopted by the Tri-County Council for Southern Maryland; public and school education campaigns to decrease tobacco use; smoking cessation programs; enforcement of laws regarding tobacco sales; support for programs that expand access to health care for the uninsured; primary health care in rural areas and those targeted by tobacco companies; prevention, treatment, and research, including capital projects, concerning cancer, heart disease, lung disease, and tobacco use and control; and substance abuse treatment and prevention programs. Thirty percent of appropriations funded by the CRF must be for the Medicaid program. The remainder of the CRF may be appropriated for any public purpose. Maryland law provides a framework for two of the primary uses of the CRF by creating and outlining two specific programs: the Tobacco Use Prevention and Cessation Program and the Cancer Prevention, Education, Screening, and Treatment Program.

The special fund appropriations of the CRF are limited to the available proceeds of the tobacco settlement. In its budgetary process, the State has made various revenue assumptions; in the event the anticipated revenues or funds are less than the State expects, the appropriations cannot be fully expended. The fiscal year 2019 budget included \$62.4 million in CRF support for the Medicaid program. Net expenditures from the CRF were \$142.5 million in fiscal year 2019 and are estimated to total \$140.9 million in fiscal year 2020 and \$151.0 million in fiscal year 2021.

Local Income Tax Reserve Account

Each county and Baltimore City is required by State law to levy an income tax on individuals residing within their boundaries on the last day of the taxable year. The Comptroller collects the local income tax on behalf of the local jurisdictions. When received, local income tax revenue collected by the Comptroller becomes a liability of the State as either revenue owed to the local jurisdiction or as an income tax refund owed to individual taxpayers.

Under Maryland law, the State is required to distribute a significant portion of the local income tax collected to local jurisdictions prior to receipt of individual income tax returns. Taxpayers are permitted to file an amended return up to three years after the due date for filing of each year’s income tax return. To offset amounts that will be due as refunds to individual taxpayers, the State maintains a Local Income Tax Reserve Account that is funded with local income tax receipts collected by the Comptroller and not yet distributed to the local jurisdictions. As a result of the holdback of reserve funds to provide for estimated income tax refunds to individuals, local jurisdictions do not receive the full distribution of local income tax revenue until nearly four years following the receipt of income tax payments.

Over the past 10 years, multiple bills were signed into law which impacted the balance in the Local Income Tax Reserve Account. Transfers to the General Fund which have not been repaid total \$883.7 million. Under current law, annual re-payments of \$33.3 million from the State to the Local Reserve Account are scheduled for fiscal years 2021 through 2026 for a total repayment of \$200.0 million. The 2020 BRFA restructures the repayment into 20 increments of \$10 million per fiscal year transferred from income tax revenue eliminating the need for appropriations while repaying the \$200.0 million in full. During the 2015 legislative session, an additional transfer of \$100 million from the Local Reserve Account to the General Fund was authorized in fiscal year 2015. To date, \$50 million of that transfer has been repaid with the remainder to be repaid in \$10 million increments in fiscal years 2021-2025. An additional \$21.8 million receivable was established as the result of a five year audit undertaken by the Comptroller’s Office to determine whether or not tax returns had been coded to the proper local jurisdiction. The audit found that 99.9% of the local revenue had been allocated correctly; under-allocated local governments received \$21.8 million upon audit completion and those that were over-allocated were scheduled to repay the account over a 10-year period beginning in fiscal year 2024, however, 2017 legislation eliminated the repayment of excess local tax distributions.

On May 18, 2015, the U.S. Supreme Court decided the Maryland State Comptroller of the Treasury v. Brian Wynne case. As a result of this decision, through March 2020, \$249.6 million in local income tax refunds have been paid to Maryland taxpayers for tax years prior to 2014. Legislation passed in the 2015 General Assembly session authorized the Comptroller to pay the refunds due as a result of the Wynne decision, plus accrued interest, from the Local Income Tax Reserve Account. The Comptroller began processing and disbursing these refunds in July 2015. Under this legislation, the Comptroller had the authority to withhold the amount owed to individual taxpayers as a result of the Wynne decision from the Local Income Tax Reserve Account to the affected local jurisdictions from quarterly income tax distributions in nine equal installments beginning in fiscal year 2017. Legislation passed in the 2016 General Assembly session extends the

reimbursement period to forty quarterly distributions beginning in fiscal year 2019. In the 2018 Session, legislation passed that further extended the start of repayment until fiscal year 2021. Since repayment is anticipated, the Office of the Comptroller does not expect any impact to the unassigned fund balance.

State Unemployment Insurance Trust Fund

The Maryland Unemployment Insurance Trust Fund (the “Fund”), provides funding for unemployment benefits in the State. The Fund pays up to 26 weeks of benefits for Marylanders who lose jobs through no fault of their own. Extended benefits beyond the first 26 weeks are paid for by federal funds. In fiscal year 2020, the Fund received approximately \$170 million in annual contributions from employers while paying out approximately \$296 million in regular, annual state unemployment benefits (excluding benefits paid entirely by the federal government.) The Fund balance was \$1.2 billion as of March 31, 2020. However, the Division of Unemployment Insurance (“Division”) expects the Fund to be severely impacted by the COVID-19 pandemic.

On March 5, 2020, Governor Hogan declared a state of emergency to control and prevent the spread of COVID-19. Governor Hogan went on to issue a stay at home order on March 30, 2020 to limit the community spread of the COVID-19 pandemic, prohibiting Marylanders from leaving their homes, unless it was for an essential job or for an essential reason. This resulted in most businesses in the state closing, causing a record number of Marylanders to be out of work. During the ongoing COVID-19 pandemic, the Division has received a record number of unemployment insurance claims. The Fund has started to feel the economic impact of the COVID-19 pandemic; at the beginning of the pandemic on March 31, 2020, the Fund had a balance of \$1.2 billion; as of May 28, 2020, the Fund balance had been decreased to \$961,012,489.29 as the Division begins to pay out the record number of unemployment insurance claims. The Division believes the Fund balance will continue to decrease as the state of emergency continues and businesses remain closed or fail to reopen. The Division expects revenue to decrease as the benefit payout increases during the COVID-19 pandemic.

Due to the unprecedented nature of the pandemic, it is difficult to predict the long term effects on the economy. Based on the current data however, the Division expects to request a loan from the United States Department of Labor later this summer to cover the amount of Unemployment Insurance benefits the Division expects to pay out over the remainder of the year as the COVID-19 pandemic progresses. The loan will be interest free until December 31, 2020. Interest will begin to accrue on the loan if the Division does not repay the United States Department of Labor by December 31, 2020.

Transportation Trust Fund

The Transportation Trust Fund (“TTF”), administered by the Department of Transportation, is the largest of the special funds and consolidates into a single fund substantially all fiscal resources dedicated to transportation (excluding the Maryland Transportation Authority) including the excise taxes on motor vehicle fuel and motor vehicle titles, a portion of the sales and use tax on short-term vehicle rentals, a portion of the corporate income tax, and certain port, airport, and transit operating revenues. As of July 1, 2013, the static excise tax rates for gasoline and special fuel were replaced by a two prong rate setting system that adjusts the relevant excise rates annually in most years and semiannually in certain years. See “STATE FINANCES – State Revenues.” All expenditures of the Department of Transportation are made from the TTF. In addition, the various categories of transportation bonds are serviced from the TTF, and the particular taxes and other designated revenues are both dedicated to the payment of such indebtedness and constitute the sole sources to which holders of transportation bonds legally may look for repayment.

Amounts in the TTF do not revert to the General Fund if unexpended at the end of the fiscal year; however, from time to time, the General Assembly has enacted legislation requiring that certain unpledged revenue in the TTF be delivered to the General Fund. An amendment to the State Constitution was adopted in November 2014 by a statewide referendum vote to further restrict use of the TTF funds to debt service on bonds and any lawful purpose related to the State’s transportation system unless the Governor declares a fiscal emergency exists and three-fifths of all elected members of the General Assembly concurs. Legislation also has provided for the subsequent re-transfers of such funds from the General Fund to the TTF within five years of the transfer.

The following table shows a condensed summary of the fund balances of the Department of Transportation for each of the past five fiscal years ended June 30.

Department of Transportation Fund Balances
Fiscal Years 2015-2019
(\$ in thousands)

	<u>2015</u>	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>
Revenues	\$4,049,561	\$4,170,716	\$4,490,955	\$4,407,888	\$4,609,469
Expenditures	<u>4,487,894</u>	<u>4,746,329</u>	<u>5,142,879</u>	<u>5,240,698</u>	<u>5,201,272</u>
Excess (deficiency) of revenues over expenditures	(438,333)	(575,613)	(651,924)	(832,810)	(591,803)
Net other sources (uses) of financial resources	<u>427,128</u>	<u>342,822</u>	<u>737,021</u>	<u>643,348</u>	<u>821,406</u>
Excess (deficiency) of revenues over expenditures and net other sources (uses) of financial resources	(11,205)	(232,791)	85,097	(189,462)	229,603
Fund balance, July 1.....	<u>367,470</u>	<u>356,265</u>	<u>123,474</u>	<u>208,571</u>	<u>19,109</u>
Fund balance, June 30.....	<u>\$356,265</u>	<u>\$123,474</u>	<u>\$208,571</u>	<u>\$19,109</u>	<u>\$248,712</u>

Note: The Department of Transportation Special Revenue and Debt Service Funds account for substantially all of the financial activities of the Transportation Trust Fund. The Maryland Transportation Authority ("MDTA") is not part of the Transportation Trust Fund. The above summary was prepared from the audited financial statements of the Department of Transportation which are prepared in accordance with Generally Accepted Accounting Principles.

Investment of State Funds

State statute provides that the investment of unexpended or surplus money over which the Treasurer has custody, which includes both general funds and special funds, is generally limited to: (1) U.S. Treasury obligations; (2) obligation of certain United States agencies or instrumentalities (collectively, "Agencies"); (3) obligations of certain supranational issuers denominated in United States dollars and eligible to be sold in the United States; (4) repurchase agreements collateralized in an amount not less than 102% of principal by U.S. Treasuries or Agencies; and (5) bankers' acceptances, money market mutual funds and commercial paper (limited to 10% of total investments), all only with the highest rating; and (6) the Maryland Local Government Investment Pool ("MLGIP").

Investment Portfolio Distribution
(par value)

	<u>March 31, 2019</u>	<u>March 31, 2020</u>
U.S. Treasuries	\$77,630,000	\$0
Agencies	4,465,467,000	2,805,230,000
Supranational Issuers	1,294,070,000	844,070,000
Repurchase Agreements	347,610,990	2,601,982,982
Banker's, MMMF & CP	95,645,480	1,392,031,596
MLGIP	457,716,289	912,749,059
Total*	<u>\$6,738,139,761</u>	<u>\$8,556,063,638</u>
Weighted Average Maturity in Days.....	725.9	228.5

* Totals may not add due to rounding.

Investments in U.S. Treasuries and Agencies were 33% of the portfolio on March 31, 2020, while supranational issuers were 10% and repurchase agreements were 30%. The monthly weighted average portfolio interest rate was 1.23% for March 31, 2020 compared to 1.83% for March 31, 2019. The Federal Open Market Committee lowered rates 5 times during this period: 0.25% on August 1, 2019, 0.25% on September 19, 2019, 0.25% on October 31, 2019, .50% on March 4, 2020 and 1.00% on March 16, 2020. The current Federal Fund Rate Range as of March 31, 2020 is 0.00% - 0.25%¹.

Maryland State Retirement and Pension System

Introduction. This section is intended to provide a summary of relevant information related to the Maryland State and Retirement and Pension System (the “System” or the “State Retirement System”). The following documents related to the System are available at <https://sra.maryland.gov/investments-financials> and are incorporated herein by reference:

- Maryland State Retirement and Pension System Actuarial Valuation Report, as of June 30, 2019
- Maryland State Retirement and Pension System Actuarial Valuation Report for Maryland Municipal Corporations, as of June 30, 2019
- Maryland State Retirement and Pension System Comprehensive Annual Financial Report for the years ended June 30, 2019 and 2018

Please note the actuarial information provided in this section has been provided to the System by the System’s Actuary, Gabriel Roeder Smith & Company (“GRS”), which was retained by the Board of Trustees of the System pursuant to statute. As with all actuarial valuations and future projections, the actuarial valuations are based on actuarial assumptions that have been presented by the actuary and adopted by the Board of Trustees. One or more of these assumptions may prove to be inaccurate and may be changed in the future based on the future experience of the System.

Plan Description. The System was established in accordance with Division II of the State Personnel and Pensions Article of the Annotated Code of Maryland to provide retirement allowances and other benefits in a defined benefit plan to State employees, teachers, police, judges, legislators and employees of participating governmental units. The System is administered by a 15-member Board of Trustees that has the authority to invest and reinvest the System’s assets. The Board of Trustees is obligated to hold the assets of the System for the exclusive purposes of providing benefits to participants and for reasonable expenses of administration.

The Board of Trustees pays all benefits and expenses of the various plans in the System from the accumulation fund¹, annuity savings fund², and expense fund established for each plan. As additional security, if needed, the State is obligated to annually pay into the System at least an amount that, when combined with the System’s accumulation funds, is sufficient to provide the allowances and other benefits payable under each plan during that fiscal year.

The System is made up of two cost-sharing employer pools: the “State Pool” and the “Municipal Pool.” The “State Pool” consists of State agencies, boards of education, community colleges and libraries (the “State Pool”). The “Municipal Pool” consists of the participating governmental units that elect to join the System (the “Municipal Pool”). For actuarial valuation and funding purposes, neither pool shares in each other’s actuarial liabilities. Municipal Pool participants cost-share in the liabilities of only the Municipal Pool, which receives a separate annual actuarial valuation in order to determine the funding levels and actuarial liabilities of the Municipal Pool. The Municipal Pool covers employees of over 150 political subdivisions and other entities within the State.

For actuarial valuation and funding purposes, the State Pool comprises five distinct systems: Teachers’ Retirement and Pension Systems (the “Teachers’ Combined Systems”), Employees’ Retirement and Pension Systems (the “Employees’ Combined Systems”), State Police Retirement System, Judges’ Retirement System, and Law Enforcement Officers’ Pension System. As of June 30, 2019, the State’s membership in the System included 167,508 active members, 43,720 vested former members, and 145,642 retirees and beneficiaries. Together, the Teachers’ Combined Systems and the Employees’ Combined Systems account for 98% of membership in the State Pool.

Plan Benefits Pre- and Post-Reform. During the 2011 Legislative Session, pension reform legislation was proposed by the Governor and enacted by the General Assembly to ensure the long-term sustainability of the System’s defined benefit structure and the affordability of the State’s contribution in future years (the “2011 Pension Reforms”).

¹The accumulation fund consists of employer contributions, interest on System assets, and retired members’ previous contributions.

²The annuity savings fund consists of member contributions and statutory regular interest on members’ accumulated contributions.

Following the 2011 Pension Reforms the normal service retirement benefits within the State Pool offered by the System are as follows:

PLAN TYPE	ANNUAL ALLOWANCE EQUALS	NORMAL SERVICE RETIREMENT ELIGIBILITY
Employees and Teachers Pension Systems		
Reformed	$AFC^1 \times .015 \times \text{Years of Service}$	<ul style="list-style-type: none"> • Rule of 90²; or • Age 65 with at least 10 years of eligibility service.

Law Enforcement Officers' Pension System		
Non-Reformed	$.02 \times AFC \times \text{Years of Service up to 32.5 years}$	<ul style="list-style-type: none"> • At least age 50; or • At least 25 years of eligibility service.
Reformed	$.02 \times AFC \times \text{Years of Service up to 30 years}$	<ul style="list-style-type: none"> • At least age 50; or • At least 25 years of eligibility service.
Transfers from ERS	$(.023 \times AFC \times \text{Years of Service up to 30 years}) + (.01 \times AFC \times \text{Years of Service beyond 30 years})$	<ul style="list-style-type: none"> • At least age 50; or • At least 25 years of eligibility service.
State Police Retirement System		
Non-Reformed	$AFC \times .0255 \times \text{Years of Service up to 28 years}$	<ul style="list-style-type: none"> • At least 22 years of eligibility service; or • At least age 50.
Reformed	$AFC \times .0255 \times \text{Years of Service up to 28 years}$	<ul style="list-style-type: none"> • At least 25 years of eligibility service; or • At least age 50.
CORS	$1.818\% \times \text{years of service} \times AFC$	<ul style="list-style-type: none"> • Members joining on or before June 30, 2011: 3 highest years of salary and 5 years. • All others: 5 highest years of salary and 10 years.

PLAN TYPE	ANNUAL ALLOWANCE EQUALS	NORMAL SERVICE RETIREMENT ELIGIBILITY
		<ul style="list-style-type: none"> Eligible after accruing 20 years of service regardless of age.
Judges' Retirement System		
All	6666667 × Salary of Active Judge holding same level position held at termination (Prorated if years of service less than 16)	<ul style="list-style-type: none"> Members joining on or before June 30, 2012: at least age 60 or retired by order of Court of Appeals. All others: at least age 60 and have accrued at least 5 years of eligibility service or 1 retired by order of Court of Appeals.
Legislative Pension Plan		
All	3.0% × current salary × years of service	<ul style="list-style-type: none"> Members joining on or before June 30, 2012: age 60 and 8 years. All others: age 62 and 8 years.

¹AFC for purposes of the Employee and Teachers Pension Systems (Reformed benefit and Non-Contributory Reformed benefit only), the Law Enforcement Officers' Pension System (Reformed benefit only), the State Police Retirement System (Reformed benefit only) and Correctional Officers' Retirement System (Reformed benefit only) means the five highest consecutive years of earnings divided by five. For all others, AFC means the three highest consecutive years of earnings divided by three.

²Eligible for normal service retirement if years of service plus age equal 90.

³The Social Security Integration Level (SSIL) for the year of retirement or separation from employment. The SSIL for 2020 is \$133,770.

In fiscal year 2019, State retirees and beneficiaries within the State Pool received benefit payments totaling \$3.7 billion, with an average benefit of \$25,320.

Assumptions. By law, employer contribution rates are established by annual actuarial valuations using the individual entry age normal cost method and actuarial assumptions adopted by the Board of Trustees. Assets are valued for funding purposes by recognizing investment gains and losses over a five-year period. Each year's investment gain or loss is amortized on a straight-line basis over five years. The final actuarial value of assets is limited to not more than 120% or less than 80% of the market value of assets.

Based on the Actuary's actuarial experience study for fiscal years 2015 to 2018, at its July 2019 meeting, the System's Board of Trustees adopted a revision to the economic assumptions for the System. The Board of Trustees voted to lower the assumed rate of return from 7.45% to 7.40% and maintained the price inflation assumption at 2.6%.

Based on the Actuary's actuarial experience study for fiscal years 2015 to 2018, at its August 2019 meeting, the System's Board of Trustees adopted the following demographic assumptions:

- Retirement Rates: Increase normal retirement rates for the Teachers' Combined System ("TCS") and the Employees Combined System ("ECS") and decreasing normal retirement rates for State Police, Judges, and Law Enforcement Officers' Pension System ("LEOPS").
- Turnover Rates: Increased termination rates overall for ECS and State Police, and decreasing overall termination rates for TCS, Correctional Officers' Retirement System ("CORS"), and LEOPS.
- Mortality Rates: Change from the RP 2014 mortality tables with generational mortality improvements based on the MP-2014 2-dimensional mortality scale) in which mortality rates are projected to improve based on birth year to the fully generational Pub-2010/MP2018 Mortality Tables based on job classification (Teachers, Employees, Public Safety).
- Disability Rates: Decrease current disability rates for most systems and adjust the rates between ordinary and accidental disability to reflect observed experience.

Investments Allocations and Returns. The target asset allocation is set by the Board of Trustees, with no legal limits imposed by the General Assembly. The actual allocation takes into account that private market investments are made gradually in order to prudently reach the target level over multiple years. Amounts not yet invested in private markets are currently allocated to public equity and fixed income.

Asset Allocation

	Actual Allocation as of 3/31/2020	Long-Term Target Allocation
Total Growth Equity	47.1%	50.0%
Rate Sensitive	20.2	19.0
Real Assets	12.8	14.0
Credit	9.0	9.0
Absolute Return	8.2	8.0
Multi Asset	2.2	0.0
Cash	<u>0.5</u>	<u>0.0</u>
Total*	<u>100.0%</u>	<u>100.0%</u>

*Totals may not add due to rounding.

The historical rates of return on the System’s investments are (as of March 31, 2020, unaudited):

	<u>1 year</u>	<u>3 year</u>	<u>5 year</u>	<u>10 year</u>	<u>20 year</u>	<u>25 year</u>
Annualized Returns (gross of fees)	-0.50%	4.87%	4.62%	6.48%	4.49%	6.65%

The System’s rate of return, net of fees, on its investment portfolio was -3.55% (unaudited) for the fiscal year-to-date as of March 31, 2020.

Funding Policies. Effective on July 1, 2015, the State eliminated the corridor funding method for the Teachers’ Combined Systems and Employees’ Combined Systems beginning with fiscal year 2017. All future contributions will be based upon the Actuarially Determined Employer Contribution (“ADEC”).

Employer Contribution. In fiscal year 2019, the State paid the full ADEC and contributed a total of \$1.9 billion. Beginning in fiscal year 2017, the local school boards are now paid 100% of the local teachers’ normal cost of local teacher’s retirement as determined by the most recent valuation of the System. County governments are required to increase education funding by the additional pension costs during the phase in period.

The Department of Budget and Management estimates that the General Fund portion of the employer contribution represents 6.9% of the fiscal year 2020 General Fund budget. This percentage is anticipated to remain at 6.9% in fiscal year 2021, and is then projected to decline incrementally to 6.3% by fiscal year 2025. The following table presents estimates of the employer contribution relative to the General Fund budget in the next five fiscal years.

These projections reflect the current legislative requirements and all supplemental payments made to date (see below for a discussion of supplemental payments). As with all future projections, the data in the following table are based on certain assumptions. One or more of these assumptions may prove to be inaccurate and may be changed in the future based on future experience.

Projected Employer Contributions as a Percent of the General Fund Budget

<u>Fiscal Year</u>	<u>Employer Contributions</u>		<u>Total*</u>
	<u>State Employees</u>	<u>Local Teachers</u>	
2021	2.7%	4.1%	6.9%
2022	2.6	4.1	6.7
2023	2.6	3.9	6.5
2024	2.5	3.9	6.4
2025	2.5	3.8	6.3

* Totals may not add due to rounding.

Supplemental Payments. In 2011, the General Assembly passed legislation requiring supplemental contributions to each system. The supplemental payments were to reflect the difference between the State’s required contribution under the corridor funding method for that fiscal year and the amount that would have been required had the 2011 Pension Reforms not been enacted (each a “supplemental payment”). In addition to the supplemental payments, during the fiscal year 2017

the General Assembly authorized additional contributions to the System of \$50 million.

The General Assembly has also authorized a “pension sweeper” amendment that, unless waived by future legislation, require an additional State contribution to the System that will continue until the later of either the fund reaching 85% funded status, or when the legislature determines it to be no longer needed. In accordance with this pension sweeper, beginning with the fiscal year 2021, the System and the Postretirement Health Benefits Trust Fund would each receive one-quarter of any unappropriated General Fund balance in excess of \$10.0 million, in each case up to a maximum of \$25 million. Any remaining unappropriated general funds above these distributions are appropriated to the Revenue Stabilization Account.

The following table reflects all supplemental payments that have been received through fiscal year 2020, and are expected to be received in fiscal year 2021:

**Supplemental Payments, Additional Contributions
and Pension Sweeper Amounts
Received from the State
(\$ in millions)**

<u>Fiscal Year</u>	<u>Voluntary Contributions</u>
FY 2014	\$100.0
FY 2015	100.0
FY 2016	75.0
FY 2017	150.0
FY 2018	75.0
FY 2019	75.0
FY 2020	75.0
FY 2021 (estimated)	75.0

Funded Status and Asset Value. As reported in the System’s annual Actuarial Valuation Report, the funded status of each plan in the “State Pool” as of June 30, 2019 was as follows:

2019	74,526,000	54,361,969	72.9	20,164,031	11,905,403	169.4

(a) Includes both the State Pool and the Municipal Pool accrued liabilities.

The following table shows the projected funded ratios of the State Pool through projected full funding and reflects all legislative action and supplemental payments to date.

Projected Funded Ratios of State Pool
(as of December 31)

Valuation Year	Based on 6/30/2019 Valuation
2021	74.1%
2023	76.3
2025	78.7
2027	81.3
2030	85.4
2031	86.9
2037	96.6
2039	100.0

The following table presents information regarding the Asset Market Values of the System, including both the State Pool and the Municipal Pool, for the years 2010 to 2019 as of June 30 valuation dates, derived from a report by the System's Actuary.

Historical Market Value of Assets
Maryland State Retirement and Pension System (a)
(\$ in thousands)

Valuation Date, June 30	Market Value of Assets	Valuation Date, June 30	Market Value of Assets
2010	\$31,923,637	2015	\$45,789,840
2011	37,592,752	2016	45,365,926
2012	37,178,726	2017	48,987,183
2013	40,363,217	2018	51,827,233
2014	45,363,217	2019	53,943,420

(a) Includes both the State Pool and the Municipal Pool.

As of March 31, 2020, the System's market value of assets was \$51.1 billion.

Accounting and Reporting. Beginning in fiscal year 2015, Statement No. 68 of the Governmental Accounting Standards Board required changes to the State's pension accounting and reporting. The net pension liability (“NPL”) defined by the pronouncement, similar to the unfunded actuarial accrued liability, is reported as a liability on the government-wide statement of net position. It is a present value measure of benefits to be provided based on the employees' past service, and accordingly, recognizes the entire net pension expense, regardless of when this expense will be funded. It replaced the Net Pension Obligation (“NPO”) previously reported as a liability. The NPO was the cumulative difference between required contributions to the pension plans to meet obligations as they came due and actual contributions, and therefore, measured the funding obligation only.

For the State Retirement and Pension System, a cost-sharing multiple-employer system, all cost-sharing employers are required to recognize a liability for their proportionate share of the NPL. In Maryland, the State funds the unfunded actuarial accrued liability applicable to local teachers' service, and therefore, the State records the NPL for the teachers' plan as a non-employer contributing entity.

For fiscal year 2019, the State's contribution to the System was \$1.9 billion, and the total contribution to the System was \$2.0 billion. The NPL for the System was calculated as \$20.6 billion as of June 30, 2019 of which the State's share has been estimated to be \$19.4 billion.

For a more detailed discussion of the System, see APPENDIX A, Note 15 to the Financial Statements and Required Supplementary Information. A copy of the System's Actuarial Valuation Report as of June 30, 2019 may be obtained online at <https://sra.maryland.gov/actuarial-valuation-reports>.

Other Retirement Programs

In addition to the principal retirement programs administered by the Board of Trustees, the Maryland Transit Administration of the Department of Transportation provides pension benefits to its employees for the three unions it recognizes and for former union members promoted to management positions (the “MTA Plan”). All other management employees hired after April 30, 1970 are members of the State Employees' Retirement or Pension Systems. All three active union contracts include a provision requiring union employees to contribute a range of 2% to 3% of their gross pay to the MTA Plan, according to their respective collective bargaining agreements.

The MTA Plan provides retirement, death and disability benefits and is funded in compliance with collective bargaining agreements. Employees hired after July 1, 2016 are vested after 10 years of service. All employees hired before July 1, 2016, vesting varies based on each bargaining agreement. Employee retirement benefits are based on years of service times an annual benefit multiplier of 1.7% of final average compensation. Generally, full service retirement benefits are based on either 30 years of service and age 52 or attainment of age 65.

The annual contribution to the MTA Plan is based upon a report of the consulting actuary (Bolton Partners Inc.). The Department of Transportation provided \$44.6 million (which includes employee contributions of approximately \$3.0 million) to plan for fiscal year 2019. The Department's MTA fiscal year 2020 budget provides approximately \$47.9 million (which includes employee contributions of approximately \$4.6 million) for the plan. The MTA's fiscal year 2019 allocation of the NPL is \$932.4 million.

As of July 1, 2019, membership in the MTA Plan included 2,642 active members, 550 vested former members, and 1,933 retirees and beneficiaries. The total pension liability is based upon the July 1, 2019 valuation data and assumption determined by the consulting actuary and rolled forward to June 30, 2020:

**Funded Status of the MTA Plan
as of July 1, 2019
(\$ in thousands)**

Actuarial Accrued Liability(AAL)	Actuarial Value Of Assets	Funded Ratio (Assets/Liab.)	Unfunded AAL (UAAL)	Covered Payroll (Active Members)	UAAL as a Percent of Payroll%
\$789,044	\$339,002	42.96%	\$450,041	\$149,767	300.5%

Note: For a more detailed discussion of the MTA Plan, see http://www.mdot.maryland.gov/Office_of_Finance/index.html.

Other Post-Employment Benefits

State Employee and Retiree Health and Welfare Benefits Program. Retired State employees and their eligible dependents meeting certain qualifications may participate, on a subsidized basis, in the State Employee and Retiree Health and Welfare Benefits Program (the “Program”). As of June 30, 2019, the Program membership included 80,910 active employees, 2,612 vested former employees and 76,660 retirees and beneficiaries. The Program assesses a charge to retirees for post-employment health care benefits that is based on health care insurance charges for active employees. For the six months ended March 31, 2020, retiree program members contributed \$53.2 million and the State contributed \$168.0 million for retiree health care benefits.

The State has adopted the GASB Statement No. 75 (“GASB 75”) which supersedes GASB 45 and addresses how state and local governments should account for and report costs and obligations related to post-employment health care and other post-employment non-pension benefits (“OPEB”) effective for fiscal year ending June 30, 2018. GASB 75 generally requires that the annual cost of OPEB and the related obligations and commitments be accounted for and reported in essentially the same manner as pensions under GASB 68. Annual OPEB costs typically will be based on actuarially determined amounts that, if paid on an ongoing basis, would provide sufficient resources to pay benefits as they come due.

The provisions of GASB 75 do not prescribe methods for funding OPEB plans, nor do they require governments to fund their OPEB plans. GASB 75 does, however, establish additional disclosure requirements for employers contributing to OPEB plans. For defined benefit OPEB, GASB 75 identifies the methods and assumptions that are required to be used to project benefit payments, discount projected benefit payments to their actuarial present value, and attribute that present value to periods of employee service. Disclosure and required supplementary information requirements about defined benefit OPEB also are required regardless of whether or not the plan is administered through a qualifying trust.

Under GASB 75, the Net OPEB Liability is reported as a liability on the State’s financial statements. The Net OPEB Liability is the difference between the Total OPEB Liability (the actuarial present value of all future projected benefit payments attributable to service prior to the measurement date) and the Fiduciary Net Position (market value of assets).

The State’s annual OPEB expense is calculated as change in Net OPEB Liability over the measurement period, with deferred recognition of certain aspects of the change in liability, including investment gains/losses, demographic gains/losses, and changes in actuarial assumptions. Unrecognized amounts are reported as deferred inflows and/or deferred outflows of resources related to OPEB until they are recognized in the annual OPEB expense.

2011 Employee and Retiree Health Benefits Reforms. The 2012 Budget implemented changes to employee and retiree prescription drug and health benefits (the “2011 Health Benefit Reforms”) that decreased the State’s projection of OPEB liability from \$15.9 billion prior to the 2011 Health Benefit Reforms to \$9.2 billion after the 2011 Health Benefit Reforms, and decreased the corresponding State projection of ADEC under GASB 45 from \$1.22 billion to \$704.4 million. The 2011 Health Benefit Reforms increased employee and retiree prescription drug copayments and increased retiree premium payments and out of pocket maximums. For new employees hired after June 30, 2011, 10 years of service rather than 5 years is required for eligibility for retiree health benefits, and 25 years of service rather than 16 years is required in order to receive a full State subsidy. Under current law, effective January 1, 2019, State prescription drug benefits would have been discontinued for certain retirees and those retirees would have been required to enroll in Medicare Part D after the Part D coverage gap is phased out. However, following litigation brought by State retirees, an injunction has been issued forbidding the discontinuation of the prescription drug benefits for those retirees until the litigation is resolved. In addition, the General Assembly passed legislation that would create three state-funded programs to limit costs related to the prescription drug benefit for certain eligible retirees. The Department of Budget and Management projects this legislation will increase the State’s net OPEB liability by at least \$2.36 billion over 30 years. See “LEGAL MATTERS – Litigation and Other Matters” for a description of legal proceedings.

OPEB Projections. As of June 30, 2019 reporting date, the actuary’s Total OPEB Liability was \$10.9 billion, and the Fiduciary Net Position was \$329.3 million, resulting in a Net OPEB Liability (“NOL”) of \$10.6 billion. The discount rate used was an unblended pay-go rate of 3.87%. The ratio of the Fiduciary Net Position to the Total OPEB Liability was 3.02%. The covered payroll (annual payroll of active employees covered under the Program) was \$5.1 billion, and the ratio of the NOL to the covered payroll was 206.67%.

The following table from the Actuarial Valuation Reports as of June 30, 2019, prepared by the State’s actuary, shows the components of the State’s annual OPEB expense, the contribution to the Program and the State’s Net OPEB Liability for fiscal year 2020.

State Employee and Retiree Health and Welfare Benefits Program
Annual OPEB Expense and Net OPEB Liability
Fiscal Year 2019-2020
Projections as of June 30, 2019
(\$ in millions)

	<u>June 30, 2019</u>	<u>June 30, 2020</u>
Reporting Date under GASB 75	<u>June 30, 2018</u>	<u>June 30, 2019</u>
<u>Net OPEB Liability</u>	\$10,571.3	\$14,290.0
Deferred inflows of resources related to OPEB	2,041.1	1,645.8
Deferred outflows of resources related to OPEB	275.8	1,023.4
Net Liabilities Relating to OPEB	\$12,336.6	\$14,912.4
Net OPEB Expense	\$349.6	\$3,075.2
Less: Contributions made	(562.5)	(499.5)
Net Change in Liabilities Relating to OPEB	(\$212.9)	\$2,575.7

The State's General Fund has historically contributed approximately 60% of the annual pay-as-you-go costs of other post-employment benefits, with special and federal funds contributing the balance. Chapter 355 of the 2007 Laws of Maryland created the Postretirement Health Benefits Trust Fund (the "Trust Fund") as an irrevocable trust. Funds of the Trust Fund will be used to assist in financing the State's post-retirement health insurance subsidy. The net assets held in trust for post-retirement health benefits as of June 30, 2019 were \$374.7 million. This balance also reflects the activity for investment earnings and administrative expenses during the period.

Maryland Transit Administration. The MTA provides a retiree health care benefits plan (the "MTA OPEB") to all employees who are members of the MTA plan, except for transfers from union to management positions who are required to enroll in the State Employee and Retiree Health and Welfare benefits program described above. The annual funding of the MTA OPEB is based upon a report of the consulting actuary (Bolton Partners, Inc.). The MTA OPEB is an unfunded pay-as-you-go plan. The MTA does not currently have a separate fund set aside to pay healthcare costs.

The funded status for MTA OPEB are as follows:

Maryland Transit Administration Plan OPEB
Annual OPEB Cost and Net OPEB Liability
Fiscal Year 2019
(\$ in millions)

Balance as of June 30, 2017 for FY 2018	\$833.3
Changes for the Year:	
Service Cost	41.1
Interest	29.5
Changes of Benefit Terms	0.0
Experience Losses/(Gains)	(14.1)
Trust Contribution - Employer	(15.6)
Net Investment Income	0.0
Changes in Assumptions	(145.4)
Benefits Payments (net of retiree contributions)	0.0
Administrative Expense	0.0
Net Changes	<u>(104.4)</u>
Balance as of June 30, 2018 for FY 2019	<u>\$728.9</u>

Note: Numbers may not add due to rounding

For a more detailed discussion of the MTA OPEB, see Appendix A, Note 16 to the State's 2019 Comprehensive Annual Financial Report.

Labor Management Relations

As of March 31, 2020, the State had approximately 109,384 employees.

States are exempt from the provisions of the National Labor Relations Act; thus, State employees may engage in collective bargaining only if specifically authorized. Since 1999, collective bargaining has been available to eligible State employees. Eligible State employees are assigned to one of nine bargaining units. These bargaining units are represented by six certified exclusive bargaining representatives that are entitled to negotiate with the Governor or his designee(s) regarding wages, hours, and terms and conditions of employment on behalf of bargaining unit employees. The negotiating parties execute a memorandum of understanding (MOU) of not less than 1 year or more than 3 years duration that incorporates all matters of agreement. Matters of agreement that require legislative approval or the appropriation of funds are subject to the approval of the General Assembly. Additionally, State employees may join employee associations, and the State permits the deduction of dues from employees' salaries for these associations. In December of 2017, State negotiated agreements with all six certified exclusive bargaining representatives. These agreements provide for a 2% cost of living adjustment on January 1, 2019, a \$500 bonus and another 0.5% cost of living adjustment on April 1, 2019. The budget for fiscal year 2020 includes an additional 3.0% cost of living adjustment effective July 1, 2019.

In addition to State employees, in 2001 collective bargaining was extended similarly to approximately 10,000 employees of the University System of Maryland, St. Mary's College of Maryland, Morgan State University, and Baltimore City Community College. Eligible employees of these entities are assigned to one of three bargaining units at each of 15 campus locations, and are represented by a total of three certified exclusive bargaining representatives. Collectively, approximately 1,060 employees of these higher education institutions pay dues to four employee associations, including the three certified exclusive bargaining representatives.

Collective bargaining was extended in 2012 to eligible State employees of the Office of the Comptroller, Maryland Transportation Authority, State Retirement Agency and Maryland State Department of Education. Since that date, approximately 750 additional employees have been extended collective bargaining.

Public school teachers throughout the State are not State employees but are employed and otherwise paid by the local school boards of education. The State, however, pays partial retirement benefit contributions on behalf of those employees. Teachers have been authorized by statute to form and participate in employee organizations for the purpose of representation on all matters relating to salaries, wages, hours, and other working conditions. Similar laws have been enacted to cover employees of Baltimore City and some counties.

The employees of the public community colleges and the public libraries are not State employees; the State, however, pays each employer's share of the retirement contribution.

Aid to Local Government

The State provides substantial assistance to local governments through a variety of direct and indirect assistance programs. Cash assistance is provided to support, among other local expenditures, community colleges, basic current expenses of elementary and secondary schools, pupil transportation, road construction and maintenance, the education of students with disabilities, local health departments, and local police departments. In addition to cash grants, the State has contributed directly to retirement for local teachers and librarians. Beginning in fiscal year 2013, State retirement contributions for local teachers and librarians reflect a lower State obligation pursuant to legislation enacted during the 2012 Legislative Session that allows for sharing costs with local jurisdictions. The State has also directly paid a major share of the debt service on bonds issued to pay for the construction of local elementary and secondary schools, community colleges, and water treatment facilities. Further, the State has assumed the non-federal share of the costs of providing medical assistance, income maintenance payments, and social services for the needy. In the transportation area, the State operates the mass transit program in the Baltimore area and provides grant assistance for the Maryland portion of the Washington metropolitan area transit system.

The following table presents a summary of major State financial support for fiscal years 2017 through 2019, and the estimates for fiscal years 2020 and 2021. Federal funds are generally excluded except for State Fiscal Stabilization Funds for Education authorized by ARRA.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM

The State issues general obligation bonds, to the payment of which the State ad valorem property tax is pledged, for capital improvements and for various State-sponsored projects. In addition, the Maryland Department of Transportation issues for transportation purposes its limited, special obligation bonds payable primarily from specific, fixed-rate excise taxes and other revenues related mainly to highway use. The State and certain of its agencies also have entered into a variety of lease-purchase agreements to finance the acquisition of capital assets. These lease agreements specify that payments thereunder are subject to annual appropriation by the General Assembly.

There is no general debt limit imposed by the State Constitution or public general laws. Although the State has the authority to make short-term borrowings in anticipation of taxes and other receipts up to a maximum of \$100.0 million, the State has not issued short-term tax anticipation notes or made any other similar short-term borrowings for cash flow purposes.

Tax-Supported Debt Outstanding

The aggregate principal amount of outstanding bonded indebtedness of the State as of June 30, 2020 is as follows:

Tax-Supported Debt Outstanding (\$ in millions)

	<u>Outstanding at June 30, 2020</u>	<u>As Adjusted For This Sale</u>
General Obligation Bonds (a).....	\$9,772.5	\$10,289.5
Consolidated Transportation Bonds (b)	3,627.0	3,627.0
Maryland Stadium Authority Bonds and Leases (c).....	120.0	120.0
Capital Leases (d)	99.7	99.7
Bay Restoration Revenue Bonds (e).....	<u>232.1</u>	<u>232.1</u>
 Net Tax-Supported Debt.....	 <u>\$13,851.3</u>	 <u>\$14,368.4</u>

(a) As of June 30, 2020 the authorized but unissued amounts before and after giving effect to the current sale of the Bonds were \$2.48 billion and \$1.94 billion. This amount includes approximately \$87.5 million of outstanding qualified zone academy bonds which are privately placed. See also APPENDIX B – “SUPPLEMENTARY DEBT SCHEDULES.”

(b) See “Department of Transportation Debt.”

(c) See “Maryland Stadium Authority Lease Revenue Debt Outstanding.”

(d) See “Lease and Conditional Purchase Financings.”

(e) See “Other Tax-Supported Debt.”

The above table excludes local debt as well as revenue and enterprise debt, all of which are not State tax-supported debt. (For further information on Revenue and Enterprise Debt see “MISCELLANEOUS REVENUE AND ENTERPRISE FINANCINGS” and APPENDIX B – “SUPPLEMENTARY DEBT SCHEDULES – Revenue and Enterprise Financings.”)

General Obligation Bonds

General Obligation bonds are authorized and issued primarily to provide funds for State-owned capital improvements, including institutions of higher education, and the construction of locally owned public schools. General obligation bonds also have been issued to fund local government improvements, including grants and loans for water quality improvement projects and correctional facilities, and to provide funds for repayable loans or outright grants to private, nonprofit, cultural, or educational institutions. In the fiscal year 2021 capital program, 36% of new general obligation bond authorizations represented financing of State-owned capital facilities, 59% represented financing capital improvements owned by local government units, including public school construction, and 5% represented financing of capital improvements owned by non-profit or other private entities.

Dedication of State Property Tax to General Obligation Debt. The State Constitution prohibits the contracting of State debt unless the debt is authorized by a law levying an annual tax or taxes sufficient to pay the debt service within 15 years and prohibiting the repeal of the tax or taxes or their use for another purpose until the debt is paid. As a uniform practice, each separate enabling act that authorizes the issuance of general obligation bonds for a given object or purpose has specifically levied and directed the collection of a State ad valorem property tax on all taxable property in the State. The Board of Public Works is directed by law to fix by May 1 of each year the property tax rate necessary to produce

revenue sufficient for the debt service requirements of the next fiscal year, which begins July 1, but the taxes so levied need not be collected if or to the extent that funds sufficient for debt service requirements in the next fiscal year have been appropriated in the annual budget. Accordingly, the Board, in annually fixing the rate of property tax after the end of the regular Legislative Session in April, takes account of appropriations of general and other funds for debt service.

From fiscal year 1972 through fiscal year 2003, general funds were appropriated to the State Department of Education for payment of debt service for public school construction debt. Other general obligation bonds were serviced to a lesser degree (prior to fiscal year 2014) from general funds as well as from the State property tax and other special and federal funds. As a result, although all the enabling acts commit the State property tax to the service of general obligation debt, and all amounts collected from such tax are applied to that purpose, it had been the normal practice to devote a significant amount of General Fund revenue to general obligation debt service.

**General Fund Revenue Dedicated to
General Obligation Debt Service
(\$ in millions)**

<u>Fiscal Year</u>	<u>General Fund Subsidy</u>
2014	\$83.0
2015	140.0
2016	252.4
2017	259.4
2018	259.6
2019	286.0
2020 (appropriated)	287.0
2021 (appropriated)	131.0

In fiscal year 2019, the sources of current revenue of the Annuity Bond Fund, from which debt service on all general obligation debt was paid, were the State property tax (63.8%), premium from bond sales (12.6%), general funds (22.0%), and federal subsidies for ARRA Bonds and other revenues (1.6%). For fiscal year 2020, the sources of current revenues are the State property tax (64.7%), premium from bond sales (12.2%), general funds (21.5%), and federal subsidies for ARRA Bonds and other revenues (1.6%).

Department of Transportation Debt

Consolidated Transportation Bonds are limited obligations issued by the Maryland Department of Transportation (the “Department”), the principal of which must be paid within 15 years from the date of issue, for highway, port, transit, rail, or aviation facilities or any combination of such facilities. The law limits the outstanding aggregate principal amount of these bonds to \$4.5 billion. Current law also provides that the General Assembly may establish in the budget for any fiscal year a maximum outstanding aggregate amount of these bonds as of June 30 of the fiscal year that is less than \$4.5 billion. For fiscal year 2020, the limit is \$3.6 billion. As of June 30, 2020, the principal amount of outstanding bonds is \$3.6 billion.

Debt service on Consolidated Transportation Bonds is payable from those portions of the excise tax on each gallon of motor vehicle fuel and the motor vehicle titling tax, sales and use tax on short-term vehicle rentals, and the corporate income tax as are credited to the Department after distribution to the General Fund, plus all departmental operating revenues and receipts. In addition, beginning July 1, 2013, the static excise tax rates for gasoline and special fuel were replaced by a two-prong rate setting system that adjusts the relevant excise rates annually in most years and semiannually in certain years. See “STATE FINANCES- State Revenues.” Pursuant to the Chapter 397, Laws of Maryland 2011 enacted in the 2011 legislative session of the General Assembly, the Department no longer receives a portion of the State’s general sales and use tax; however the Department’s former share of that tax remains pledged to Consolidated Transportation Bonds issued prior to July 1, 2011. The holders of the Consolidated Transportation Bonds are not entitled to look to other sources for payment. The Department has covenanted with the holders of outstanding Consolidated Transportation Bonds not to issue additional bonds unless certain revenue adequacy tests are met.

In the 2014 Legislative Session, the General Assembly authorized the Department, by resolution of the Secretary of the Department, to borrow funds to finance the costs of transportation facilities through the issuance of revenue-backed bonds so long as the payment of debt service on such bonds is not supported directly or indirectly by State tax revenues

pledged to meet debt service on the Department’s Consolidated Transportation Bonds. Prior to enactment of this legislation, the Department had relied on the Maryland Transportation Authority or the Maryland Economic Development Corporation to be conduit issuers for these types of revenue-backed bonds. The Department has not yet issued any bonds under this authority.

Nontraditional Debt. During the 2019 Legislative Session, the General Assembly established a maximum outstanding principal amount of \$951.0 million as of June 30, 2020, for all nontraditional debt of the Department. Nontraditional debt outstanding is defined as any debt instrument that is not a Consolidated Transportation Bond or Grant Anticipation Revenue Vehicle (“GARVEE”) Bond. Such debt includes but is not limited to: Certificates of Participation (documented by conditional purchase agreements) (“COPs”), debt backed by customer facility charges, passenger facility charges (“PFC”), or other revenues, and debt issued by Maryland Economic Development Corporation (“MEDCO”) or any other third party on behalf of the Department. As of June 30, 2020, the Department’s nontraditional debt outstanding was \$612.9 million. In addition, the Department is required to report on debt issued by the Purple Line project concessionaire as non-State tax supported debt, which totaled \$313.0 million as of June 30, 2020. The State is currently in a dispute with the concessionaire. See LEGAL MATTERS – “Litigation and Other Matters”.

Maryland Stadium Authority Bonds

The Maryland Stadium Authority (the “Authority”) was created in 1986 as an instrumentality of the State responsible for financing and directing the acquisition and construction of professional sports facilities in Maryland. Since then, the Authority’s responsibility has been extended to include convention centers in Baltimore City and Ocean City, a conference center in Montgomery County, and the Hippodrome Theater, Camden Station Renovation in Baltimore City and Baltimore City Public Schools. On June 30, 2020, the principal amount of tax-supported outstanding bonds and capital leases of the Authority was \$120.0 million. See APPENDIX B – “SUPPLEMENTARY DEBT SCHEDULES – Maryland Stadium Authority” for a summary of outstanding debt and interest rate exchange agreements of the Authority and descriptions of the Authority’s projects.

Lease and Conditional Purchase Financings

The State has financed and expects to continue to finance the construction and acquisition of various facilities and equipment through conditional purchase, sale-leaseback, and similar transactions. As of June 30, 2020 the total tax-supported capital leases and conditional purchase financing outstanding was \$276.6 million. See APPENDIX B – “SUPPLEMENTARY DEBT SCHEDULES – State Tax-Supported Lease and Conditional Purchase Financings” for details of the total tax-supported capital leases outstanding. All of the tax-supported lease payments under these arrangements are subject to annual appropriation by the General Assembly. In the event that appropriations are not made, the State may not be held contractually liable for the payments. These transactions generally are subject to approval by the Board of Public Works.

On December 8, 2011, MEDCO issued \$170.9 million in Lease Revenue Bonds to finance the Public Health Lab (the “2011 Bonds”) for use by the Department of Health, in Baltimore City, Maryland. On May 6, 2020, MEDCO closed on a Forward Bond Purchase Agreement (“FBPA”) pursuant to which MEDCO is expected to issue and deliver \$123.4 million in Lease Revenue Refunding Bonds, Series 2021 in April 2021 (the “2021 Bonds”) for the purpose of refunding the 2011 Bonds and to pay certain costs of issuance. The obligations of MEDCO and its counterparty to the FBPA, respectively, to issue and deliver, and purchase and accept the delivery of, the 2021 Bonds, are subject to the satisfaction of certain requirements and there can be no assurance that the 2021 Bonds will be issued or that the 2011 Bonds will be refunded.

Local government agencies or other lessors have also issued revenue bonds or sold COPs to finance facilities such as the district court facilities in Prince George’s County. MEDCO issued lease revenue bonds in the amount of \$36.0 million in June 2002, which were partially refunded in May 2010, to finance the construction of a new headquarters building for the Department of Transportation. In July 2005, the MDTA issued lease revenue bonds in the amount of \$23.8 million to finance the costs of a parking facility project for the Annapolis State Office Complex, operated by the Maryland Department of General Services (“DGS”). These bonds were refunded and redeemed in August 2015 through the issuance of an \$18.0 million lease revenue refunding bond to a financial institution by a direct bank loan. Lease revenue payable by DGS is pledged for the repayment of the refunding bond. In March 2019, the State sold \$23.49 million of COPs to finance the acquisition of buses for shuttle services at the Baltimore Washington International Thurgood Marshall Airport.

The State Treasurer’s Office consolidates equipment lease-purchases authorized in the budget into periodic lease-purchase agreements for all executive agencies. The State also has a lease-purchase program to provide financing for energy conservation projects at State facilities. Lease payments are made from the agencies’ annual utility appropriations from the

savings achieved through the implementation of energy performance contracts.

Bay Restoration Revenue Bonds

During the 2004 Legislative Session, the Maryland General Assembly created the Bay Restoration Fund to be managed by the Water Quality Financing Administration of the Maryland Department of the Environment (“Administration”). Through fiscal year 2012, the Bay Restoration Fund received a mandatory fee of \$30 per year per equivalent dwelling unit from users of sewerage systems in the State, as well as \$30 per year from septic system users. During the 2012 Legislative Session, the fee was increased from \$30 per year to \$60 per year for most users, effective July 1, 2012. The sewer fee revenues are projected at approximately \$110.0 million per year. The sewer fee revenues are pledged, to the extent necessary, as security for Bay Restoration Revenue Bonds issued by the Administration, the proceeds of which will be applied primarily to provide grant funds to upgrade wastewater treatment plants with enhanced nutrient removal technology. The first \$50.0 million of Bay Restoration Fund Revenue Bonds were issued on June 25, 2008, followed by another \$100.0 million on April 19, 2014 and \$180.0 million in November 2015. As of June 30, 2020, the principal amount of outstanding Bay Restoration Revenue Bonds was \$232.1 million.

Debt Data

The following tables present, at fiscal year-end, various data showing: (1) the trend of outstanding general obligation debt, its relationship to assessed value of property, personal income, and population, and the trend of general obligation debt service and its relationship to revenues; (2) the trend of outstanding general obligation, transportation, and other State tax-supported debt and debt service and their relationships to the same factors; and (3) the total combined tax-supported debt of the State and debt of Baltimore City and all of the counties, towns, and special taxing districts within Maryland, and various relationships of such local combined debt to the assessed value of property, population and personal income. While the State is not obligated for local unit debt, the combined State and local unit debt ratios demonstrate the total State and local debt obligations relative to statewide assessed values, population and personal income, for general comparison with other states’ debt levels.

The Capital Debt Affordability Committee (“CDAC”) annually reports ratios for tax-supported debt outstanding compared to personal income and tax-supported debt service compared to revenues. Debt outstanding, personal income, debt service, revenues and population in the following tables are all as reported in the 2019 CDAC report. Because some of the numbers used in the CDAC report are preliminary, they may not agree with more recent figures reported elsewhere in this Official Statement.

See APPENDIX B – “SUPPLEMENTARY DEBT SCHEDULES – General Obligation Bonds” for: (1) amounts of the outstanding general obligation bonds of the State at each fiscal year end for the period 2013 through 2019; and (2) for the annual debt service requirements on all outstanding general obligation bonds of the State for future fiscal years.

Capital Programs

General obligation debt is one of several sources of funds used to finance capital assets of the State and to provide State capital grants and repayable loans to local governments and the private sector (see “STATE TAX- SUPPORTED DEBT AND CAPITAL PROGRAM – General Obligation Bonds”). Other types of debt incurred by the State and its units to finance various capital facilities and programs include bonds issued by the Department of Transportation (see “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – Department of Transportation Bonds”), bonds issued by the Maryland Stadium Authority (see “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – Maryland Stadium Authority Bonds”) and capital leases for the acquisition of property and equipment (see “STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – Lease and Conditional Purchase Financings”).

The State has also funded capital projects through current operating revenues and receipts. For example, the Department of Transportation funds roads, bridges, and other transportation facilities from current revenues from dedicated sources; and the Department of Natural Resources constructs waterway improvements, shore erosion and land development projects, purchases land for recreational and conservation purposes, and provides capital grants to local governments from revenues in its operating budget. Furthermore, some operating budgets have included general funds for projects normally

eligible for funding by general obligation bonds.

The General Assembly annually enacts a Maryland Consolidated Capital Bond Loan appropriating funds for the various capital programs to be funded through the sale of State general obligation bonds. Once authorized, the projects are implemented by various State agencies, generally under the supervision of the Board of Public Works. Project expenditures are accounted for in the Capital Projects Fund. General obligation bonds are issued as cash is needed to meet project requirements. General obligation bond proceeds are credited to the State and Local Facilities Loan Fund, and cash is transferred to fund capital project expenditures, as needed. For each fiscal year from 2016 through 2020, the following table sets forth the amount of bonds authorized, issued, cancelled, and retired; the cumulative amount of general obligation bonds outstanding; and the cumulative amount of bonds authorized but unissued.

**Bonds Authorized, Issued, Cancelled
and Retired (\$ in thousands)^(a)**

Fiscal Year	Activity during Fiscal Year						Status at Fiscal Year End	
	Authorized (b)	Issued		Authorizations Cancelled	Principal		Outstanding*	Authorized but Unissued*
		New	Refunding		Redeemed	Refunded		
2016	\$1,001,680	\$1,540,625	\$-	\$3,307	\$752,554	\$-	\$9,465,285	\$2,017,467
2017	1,069,823	679,680	465,685	1,345	786,140	490,305	9,334,205	2,406,265
2018	1,075,000	1,079,823	785,340	2,300	835,446	884,515	9,479,407	2,399,142
2019	1,085,000	1,000,000	-	1,337	872,498	-	9,606,909	2,507,805
2020 (c).....	1,095,000	1,095,000	232,230	25,153	904,346	257,325	9,772,468	2,482,652

* Totals may not add due to rounding.

(a) Per the Comptroller's Office.

(b) Amounts shown represent authorizations that become effective in the fiscal year indicated. The normal effective date is June 1, which is in the same fiscal year as the session of the General Assembly enacting the authorization; however, some authorizations are not effective until July 1, which is the first day of the following fiscal year.

(c) As of June 30, 2020.

The following table reflects activity and ending balances in the Capital Projects Fund on a budgetary basis.

**Capital Projects Fund
(\$ in thousands)**

Fiscal Year	Beginning Balance	Bond Proceeds (a)	Other (b)	General Fund Appropriation	Project Expenditures	Ending Balance*
2016	\$180,633	\$1,588,984	\$6,827	\$15,000	\$1,229,521	\$561,923
2017	561,923	679,498	86,342	-	1,103,925	223,838
2018	223,838	1,079,765	145,454	-	1,038,855	410,202
2019	410,202	1,000,000	215,539	31,074	1,249,376	407,439
2020 (c).....	407,439	1,094,924	52,816	-	795,688	759,491

* Totals may not add due to rounding.

(a) Includes premiums on the sale of bonds used to pay underwriter's discount and costs of issuance, net of amounts used to pay refunded bonds.

(b) Consists primarily of State property transfer tax revenues and other transfers in (out).

(c) As of March 31, 2020.

The capital budget for fiscal year 2021 authorizes the creation of \$1.1 billion in general obligation bond debt. In fiscal year 2021, \$364.6 million in general obligation bonds is provided to improve public schools throughout the State, and \$359.7 million in general obligation bond funding is provided for new construction of and improvements to state owned facilities. The capital budget includes an additional \$383.8 million to address other capital needs, including Chesapeake Bay restoration, community college facilities, affordable housing, hospital improvements and other important community facilities.

The State's five-year Capital Improvement Program for fiscal years 2021 through 2025 includes \$5.65 billion in general obligation bond sale revenue. This includes the Governor's capital improvement program for fiscal year 2021 through 2025 published in January 2020. The State's anticipated capital needs for these fiscal years, included in the January 2020 capital improvement plan, that are to be funded through general obligation bond sales, total \$2.53 billion for State-owned facilities, \$1.67 billion to improve public schools throughout the State and \$1.45 billion for other capital needs. The funded amount, by year, is outlined in the following table.

Governor's Capital Improvement Program
(\$ in millions)

<u>Fiscal Year</u>	<u>State-Owned Facilities</u>	<u>Public School Improvements</u>	<u>Other Capital Needs</u>
2021	\$400.3	\$364.6	\$330.1
2022	\$514.9	\$326.1	\$292.5
2023	\$500.3	\$326.1	\$287.1
2024	\$521.6	\$326.1	\$275.8
2025	<u>\$595.5</u>	<u>\$326.1</u>	<u>\$263.4</u>
Total	\$2,532.66	\$1,669.00	\$1,448.84

Capital Debt Affordability Committee

The General Assembly created a Capital Debt Affordability Committee (the "CDAC"), the members of which are the Treasurer, the Comptroller, the Secretary of Budget and Management, the Secretary of Transportation, and one person appointed by the Governor. The Chairs of the Capital Budget Subcommittees of the Senate Budget and Taxation Committee and the House Appropriations Committee participate as non-voting members. The CDAC is required to submit to the Governor by October 20 of each year an estimate of the maximum amount of new general obligation debt that prudently may be authorized. Although the CDAC's responsibilities are advisory only, the Governor is required to give due consideration to the CDAC's finding in preparing a preliminary allocation of new general obligation debt authorizations for the next fiscal year.

As part of its process, the CDAC reviews all tax-supported debt, including general obligation debt, Consolidated Transportation Bonds issued by the Department of Transportation, tax-supported bonds issued by the Maryland Stadium Authority, State tax-supported capital lease transactions, GARVEE Bonds and Bay Restoration Revenue Bonds. The CDAC's most recent report, from October 2019, recommended to the Governor and the General Assembly to limit new general obligation bond authorizations to \$1.095 billion for fiscal year 2021. The Committee stated that the 2019 recommendation is within the adopted affordability benchmarks of 8% debt service to revenues and 4% debt outstanding to personal income.

The following table compares the CDAC's recommendations for general obligation bond authorizations with the authorizations enacted by the General Assembly during each of the last five sessions.

CDAC's Recommendations for Bond Authorizations
(\$ in thousands)

MISCELLANEOUS REVENUE AND ENTERPRISE FINANCINGS

Certain other units of the State government are authorized to borrow money under legislation that expressly provides that the loan obligations shall not be deemed to constitute a debt or a pledge of the faith and credit of the State. The Community Development Administration of the Department of Housing and Community Development, higher education institutions (including the University System of Maryland, Morgan State University, St. Mary's College of Maryland and Baltimore City Community College), the Maryland Transportation Authority, the Maryland Water Quality Financing Administration, the Maryland Environmental Service and the Maryland Department of Transportation have issued and have outstanding bonds of this type. The principal of and interest on bonds issued by these bodies are payable solely from various sources, principally fees generated from use of the facilities or enterprises financed by the bonds. Outstanding revenue and enterprise debt of these State units, together with their non-State tax-supported lease and conditional purchase financings, amounted to approximately \$6.89 billion on June 30, 2020. See APPENDIX B – "SUPPLEMENTARY DEBT SCHEDULES – Revenue and Enterprise Financings" for a summary of outstanding Revenue and Enterprise Financings.

The Department of Budget and Management is required to report annually on the levels of debt issued and outstanding by certain State agencies and to recommend annual debt issuance amounts for those agencies. The Governor may establish the amounts of such debt to be issued during the fiscal year, which amounts may be amended by the Governor.

STATE DEMOGRAPHIC AND ECONOMIC DATA

Introduction

The following selected socioeconomic data may be relevant in evaluating the economic and financial condition of the State; however, this information is not intended to provide all relevant data necessary for a complete evaluation of the State's economic and financial condition.

Maryland is located on the East Coast in the South Atlantic Census Region, and is bordered by Delaware, Pennsylvania, West Virginia, Virginia, and the District of Columbia. Maryland encompasses 12,407 square miles. Ranking 42 among the 50 states in size, Maryland's land area (exclusive of inland waterways and the 1,726 square miles of the Chesapeake Bay) is 9,844 square miles.

Population

According to the 2010 Census, Maryland's population on April 1 of that year was 5,788,645, an increase of 9.0% from the 2000 Census. Maryland's population is concentrated in urban areas. In 2019, the eleven counties and Baltimore City located in the Baltimore-Washington region contained 87.3% of its population. The 2019 population for the Baltimore Metropolitan Statistical Areas was estimated at 2,800,053 and for the Maryland portion of the Washington Metropolitan Statistical Areas, 2,475,344. Overall, Maryland's population per square mile was 614 in 2019. The following table presents estimated population of Maryland and the United States from 2010 - 2019.

<u>Year</u>	<u>Population</u>		<u>United States</u>	
	<u>Population</u>	<u>Change</u>	<u>Population</u>	<u>Change</u>
2010	5,788,645	1.0%	309,321,666	0.8%
2011	5,839,419	0.9	311,556,874	0.7
2012	5,886,992	0.8	313,830,990	0.7
2013	5,923,188	0.6	315,993,715	0.7
2014	5,957,283	0.6	318,301,008	0.7
2015	5,985,562	0.5	320,635,163	0.7
2016	6,003,323	0.3	322,941,311	0.7

2018	6,035,802	0.2	326,687,501	0.5
2019	6,045,680	0.2	328,239,523	0.5

Source: U.S. Department of Commerce, Bureau of the Census.

Note: Figures are estimates for July 1 of each year.

In addition to population growth, the age distribution of the population has a significant impact on the economy and State revenues. Realized and expected changes to the age distribution of the population will result in subdued productivity and labor force growth compared to economic expansions of the recent past. Primarily this is due to the fact that the age distribution of the labor force is skewed more towards younger and older workers than in the past, and middle age workers are the most productive and have the highest earning on average. In March 2018, the Bureau of Revenue Estimates released a report titled The Impact of Age Demographics on Maryland's Economic and Tax Revenue Outlook. This report may be obtained online at the following link: http://treasurer.state.md.us/media/1111/BRE_Report_On_Age_Demographics.pdf. For 2018, the most recent year for which data is available, the populations of Maryland and the United States were distributed by age as follows:

Age Distribution 2018

<u>Age</u>	<u>Maryland</u>	<u>United States</u>
Under 5 years	6.0%	6.1%
5 through 19 years	18.7	19.0
20 to 44 years	32.8	33.3
45 to 64 years	27.0	25.7
65 years and over	<u>15.4</u>	<u>16.0</u>
	<u>100.0%*</u>	<u>100.0%*</u>

Source: U.S. Department of Commerce, Bureau of the Census.

* Totals may not add due to rounding.

Educational Levels

Maryland's workforce is more highly educated than the United States as a whole. As of 2018, the most recent year for which data are available, the percentage of the population (25 years and over) with a bachelor's degree or higher is 40.8% compared to 32.6% for the nation as a whole. Maryland ranks third in the nation in the percentage of its population over 25 with a graduate or professional degree. The percentage of the population with a high school diploma or higher is 90.5% in Maryland compared to 88.3% for the nation as a whole. Maryland's high levels of educational attainment partially explain higher median and average wages in Maryland compared to the nation as a whole. The State's educated labor force facilitates the growth of the professional services and information services sectors.

Educational Attainment of Population 25 Years and Over in 2018

	<u>Maryland</u>	<u>United States</u>
Less than High School	9.5%	11.7%
High School Diploma	24.2	26.9
Some College	18.7	20.3
Associate's Degree	6.8	8.6
Bachelor's Degree	21.9	20.0
Graduate or Professional Degree	18.9	12.6

Personal Income

Maryland residents received approximately \$397.1 billion in personal income in 2019. Maryland's total personal income increased at a rate of 3.7%, below the national increase of 4.4%. Per capita income remained significantly above the national average in 2019: \$65,683 in Maryland compared with the national average of \$56,663. In 2019, Maryland's per capita personal income ranked sixth highest in the nation. Per capita income varies across the State, with the highest incomes in the Washington and Baltimore regions. The table below shows trends in per capita personal income in Maryland and the United States.

Per Capita Personal Income Trends

<u>Year</u>	<u>Maryland</u>	<u>Change</u>	<u>United States</u>	<u>Change</u>	<u>Maryland Ranking</u>
2010	\$50,007	2.6%	\$40,547	3.2%	4

2019	65,683	3.6	56,663	3.9	6

Source: U.S. Department of Commerce, Bureau of Economic Analysis.

Note: Rankings do not include the District of Columbia.

As one of the wealthier states, a greater share of personal income is derived from dividends, interest and rent, and a lesser share comes from transfer payments. In 2018, the sources of personal income in the State and the comparable sources of personal income for the nation were as follows:

Sources of Personal Income
2019
(\$ in millions)

	<u>Maryland</u>	<u>Percentage of Personal Income Before Residence Adjustment</u>	
		<u>Maryland</u>	<u>United States</u>
Mining, forestry, fishing	\$307	0.1%	1.1%

Residence adjustment	26,917	20.8	20.3
Total Personal Income	<u>\$397,100*</u>		

* Totals may not add due to rounding.

Source: U.S. Department of Commerce, Bureau of Economic Analysis (State Quarterly Personal Income, Series SQ5N).

Note: Total personal income is reported by place of residence; however, income by industry is shown by place of work. The residence adjustment accounts for Maryland residents who work outside the State.

Between 2014 and 2019, total personal income in Maryland has grown 4.0% annually, compared to a national growth rate of 4.4%. During this period, wage and salary income, roughly half of total personal income, has grown at a lower rate in Maryland than nationally. The difference in growth of the residence adjustment income earned by residents who work outside of Maryland or the nation is not very meaningful, because the residence adjustment is 6.8% of Maryland personal income, but less than two basis points of national personal income.

**Average Annual Growth of Personal Income Components
(2014 through 2019)**

	<u>Maryland</u>	<u>United States</u>
Wages and Salaries	3.7%	4.5%
Supplements to Wages and Salaries	2.6	3.7
Proprietors' Income	6.6	2.9
Contributions for Social Insurance	3.7	4.2
Residence Adjustment	4.0	-2.1
Dividends, Interest, and Rent	4.1	5.4
Transfer Payments	4.7	4.5
Total Personal Income	4.0	4.4

Source: U.S. Department of Commerce, Bureau of Economic Analysis (State Annual Personal Income, Series A04).
 Note: Total personal income is reported by place of residence; however income by industry is shown by place of work.
 The residence adjustment accounts for Maryland residents who work outside the State.

Maryland's slower income growth during this period likely reflects federal budget uncertainty, austerity or sequestration, and higher income tax rates.

As sequestration was eased, Maryland's personal income and economic growth became more consistent with that of the nation. Looking forward, a significant contraction in earned income is expected due to COVID-19 and efforts to contain it. There is considerable federal policy uncertainty, particularly concerning the response to COVID-19. Policy decisions concerning federal employment, stimulus spending, and aid to the states will have an impact on Maryland's economy. Maryland's growth could be negatively, positively, or insignificantly impacted relative to current expectations, depending on the policy mix that is enacted.

Annual Personal Income and Wages and Salaries Growth

	Personal Income		Wages and Salaries	
	<u>Maryland</u>	<u>United States</u>	<u>Maryland</u>	<u>United States</u>
2010	3.6%	4.1%	2.2%	2.0%

2018	5.0	5.6	3.7	5.0
2019	3.7	4.4	3.6	4.6

Source: U.S. Bureau of Economic Analysis.

Employment

Maryland's labor force totaled 3.3 million in 2019, including agricultural and nonagricultural employment, the unemployed, the self-employed and residents who commute to jobs in other states. The government, retail trade, and services sectors (notably professional and business, and educational and health) are the leading areas of employment in the State. In contrast to the nation as a whole, considerably more people in Maryland are employed in the federal government and service sectors and fewer in manufacturing, as shown in the following table:

**Distribution of Employment
2019**

	<u>Maryland</u>	<u>United States</u>
Construction & mining	6.0%	5.4%
Manufacturing	4.1	8.5
Trade, transportation & utilities	17.0	18.4

Source: U.S. Department of Labor, Bureau of Labor Statistics.

Historical annual employment growth in Maryland's five largest sectors is shown in the table below. Maryland's five largest sectors represented 79.3% of total employment in 2019. Typically, federal government employment acts as a stabilizing factor in Maryland, falling less than private employment during recession, and rising less than private employment during expansions. In the third quarter of 2017, federal government employment in Maryland and Washington, DC began to decline. About a year ago, federal employment returned to growth. Also pushing in the positive direction, federal government purchases of inputs from the private sector increased 8.3% year over year in the fourth quarter of 2019. Since late 2017, federal government purchases of inputs have grown at the fastest rate since the Great Recession. However, there is considerable uncertainty regarding federal employment and spending as a result of COVID-19. Employment data as recent as April 2020 had yet to register any change in the trend of federal employment. Concerning overall employment, available data makes it clear that the US labor market is already in the worst shape since the Great Depression, particularly in terms of job losses and unemployment. It is likely that the COVID-19 related contraction will set new records, at least briefly.

Note: In May 2020, the unemployment rate was 9.9% in Maryland and 13.3% in the United States.

Assessed Value of Property

Maryland levies a State tax on real property, revenues from which are credited to the Annuity Bond Fund to pay debt service. Through fiscal year 2003 the rate was 8.4 cents per \$100 of assessment (21 cents on utility operating property). In fiscal year 2004 the rate was increased to 13.2 cents per \$100 of assessment (33 cents on utility operating property). For fiscal years 2007 through 2021 the tax rate has been 11.2 cents per \$100 of assessment (28 cents on utility operating property).

Shown below is the assessed value for State purposes of real property as determined by the State Department of Assessments and Taxation. All real property is assessed at full cash value once every three years, with any increase in full cash value phased in over the ensuing three taxable years in equal installments. Any decrease in the full cash value is recognized in full in the next taxable year and held constant for the remaining two taxable years.

Assessed Values of Real Estate
(\$ in thousands)

<u>Fiscal Year</u>	<u>Real Property</u>	<u>Utility Operating Real Property</u>	<u>Total</u>	<u>Change in Assessed Values</u>
2009	\$706,403,763	\$1,086,209	\$707,489,972	14.5%

Note: See also, "STATE FINANCES – State Revenues, Property Taxes and State Property Tax Revenue Estimates."

Residential Real Estate

Residential real estate is particularly important in terms of State borrowing as State property tax revenue is dedicated to paying off principal and interest on general obligation bonds.

In 2019, the value of all residential unit permits issued increased by 1.4%, while the total number of residential building permits decreased by 1.0%. In 2019, the average monthly active inventory of units for sale decreased 14.5%, following a rebound in active inventory in 2018. Unit sales for 2019 decreased 3.0%, the first decline since 2011, while the median unit price rose 4.6%. Recent federal tax changes are expected to decrease the portion of taxpayers who itemize deductions, which will result in fewer people receiving the home mortgage interest deduction. Given historically low interest rates however, any impact is expected to be minor.

Another relevant issue concerning real estate values, and thus property tax revenue, is climate change. Climate change is expected to result in higher sea levels, threatening coastal property. The State's Atlantic coastline is rather short relative to other East Coast states. Assateague Island, a protected barrier island, makes up the majority of Maryland's Atlantic coastline, leaving just over nine miles of developed coastline. However, as noted earlier, the State's boundaries encompass 1,726 square miles of the Chesapeake Bay (the "Bay"), the nation's largest estuary. The Bay coastline faces the twin problems of rising sea levels and subsiding land, owing to geological factors relating to the creation of the Bay and the composition of the soil. Contemporary flood risk and past instances of flooding would clearly reduce the relative value of a property. But economic theory holds that market participants are forward looking and price in their expectations of the future. Recent research confirms this tendency for properties that are expected to only be threatened by sea level rise several decades into the future. According to a November 2019 paper in the Journal of Financial Economics, such homes already sell for an average discount of 6.6% compared to observably identical unexposed properties. The pricing in of future expectations means adjustment should be gradual rather than sudden. It is important to note that coastal properties are still more valuable than non-coastal properties on average and are expected to remain so because owners value the access to coastal amenities they provide.

Taxable Retail Sales

In general, taxable retail sales in Maryland are sales of tangible goods and a few specific services, with notable exemptions for unprepared food and medicines, among others. The structure of the sales tax is increasingly out of step with consumption patterns. Consumption spending is shifting away from goods towards services, the vast majority of which are not taxable. Furthermore, consumers continue to transition to digital goods, which are not tangible and therefore not taxable. This means the sales tax base is becoming a smaller share of overall consumption spending. As a result, we collect less sales tax per dollar of consumption spending than in the past. The shrinking tax base also increases the volatility of sales tax revenue to the business cycle. In times of economic stress, consumers are typically better able to delay or forego consuming goods than services. The current recession, brought on by COVID-19, is different from previous recessions. In particular, it appears that consumption of services is taking a bigger hit than of goods, as consumers stay home more than they otherwise would.

Recent regulatory and legislative changes have broadened the sales tax base however. Prior to such changes, in fiscal year 2015 Amazon established nexus with the State and began to collect sales tax on its direct sales. The Supreme Court decision, *South Dakota v. Wayfair Inc.*, allowed states to require that remote sellers collect and remit sales tax to the locality in which the customer resides. The Comptroller promulgated regulations to require remote sellers to remit sales tax beginning in November 2018. Legislation from the 2019 session was passed that requires marketplace facilitators to collect and remit sales tax on behalf of sellers who use the online marketplace. Marketplace facilitators began to remit sales tax in November 2019. The Bureau expects combined revenue from remote sellers and marketplace facilitators to total around \$250 million in fiscal year 2020 and grow at a faster pace than overall sales tax thereafter. While these actions have broadened the scope of the sales tax, they will not contribute to ongoing growth in general fund

revenue. Only the first \$100 million of revenue from remote sellers and marketplace facilitators is distributed to the State’s general fund, the remainder is distributed to the Blueprint for Maryland’s Future Fund.

The following table illustrates the change in taxable sales for fiscal years 2010 through 2019.

**Taxable Retail Sales in Maryland
(includes automobile sales)
(\$ in thousands)**

<u>Fiscal Year</u>	<u>Taxable Retail Sales</u>	<u>Change</u>
2010	\$71,521,298	-1.2%
2011	74,479,247	4.1
2012	76,758,835	3.1
2013	78,254,027	1.9
2014	80,415,065	2.8
2015	84,825,062	5.5
2016	87,778,479	3.5
2017	89,627,253	2.1
2018	90,937,146	1.5
2019	94,489,166	3.9

The Port of Baltimore

The Port of Baltimore handled a record 43.6 million tons of foreign commerce cargo, valued at \$58.4 billion in 2019, essentially unchanged from 2018. Coal exports make up nearly half of the tonnage that passes through the port. Baltimore is one of only a few East Coast ports to have the berth depths and cranes to handle post-Panamax ships. The port is in close proximity to I-95 and other major highways, as well as rail lines and BWI Marshall Airport. In 2014, Tradepoint Atlantic bought Sparrows Point, the former site of a steel mill, and is redeveloping the site into a warehousing and logistics center due to the site’s port, rail, and road access. In December 2019, a funding deal was announced between the State and CSX to expand the Howard Street Tunnel in Baltimore to allow the passage of double stacked containers, which would relieve a shipping bottleneck.

The port appears to have been largely unaffected by trade barriers, as has the US trade balance more generally. One reason may be that East Coast ports do proportionately more trade with Europe and less with China than West Coast ports. Furthermore, the overall trade balance is determined by net domestic savings rather than the level of trade barriers. It remains to be seen what impact COVID-19 will have on global trade in general and the port in particular. Trade is likely to slow and even contract as the broader COVID-19 related recession continues.

LEGAL MATTERS

Legality of the Bonds

The legality of the issuance of the Bonds offered by this Official Statement will be passed upon by the Honorable Brian E. Frosh, Attorney General of Maryland, and by Ballard Spahr LLP, Baltimore, MD, Bond Counsel. However, Bond Counsel will rely upon the opinions of the Attorney General addressed to Bond Counsel with respect to the validity of the specified State loans or installments thereof represented by the Bonds and as to compliance with State law. Delivery of the Bonds is conditioned upon delivery by the Attorney General and Bond Counsel of unqualified opinions substantially in the respective forms set forth in APPENDIX D.

Litigation and Other Matters

The State and its units are parties to numerous legal proceedings, many of which normally occur in governmental operations. Except as noted below, the legal proceedings are not, in the opinion of the Attorney General, likely to have a material adverse effect on the State's financial position.

Coalition for Equity & Excellence in Md. Higher Educ., et al. v. Ehrlich, et al. In this case, originally filed in state court on October 13, 2006, and subsequently removed to federal court, the plaintiffs assert various claims for injunctive and declaratory relief alleging a failure to desegregate Maryland's historically black colleges and universities ("HBCUs") in violation of the Equal Protection Clause and Title VI of the Civil Rights Act of 1964, as well as noncompliance with an agreement between the State and the Office of Civil Rights of the U.S. Department of Education. The court granted partial summary judgment in favor of the State on all but three of the plaintiffs' claims. Following a six-week trial that began on January 3, 2012, the court heard closing arguments on October 29, 2012, and issued a ruling as to liability on October 7, 2013. The court found for the defendants on claims relating to operational funding and missions, but found for the plaintiffs on the issue of unnecessary program duplication. The Court proposed "to defer entry of judgment pending mediation or further proceedings if necessary to establish an appropriate remedy." Since the October 2013 ruling, the parties have been in mediation. On May 4, 2015, the defendants filed a motion to certify an interlocutory appeal of the liability finding under 42 U.S.C. § 1292(b), along with a request to stay further district court proceedings pending the outcome of the appeal. On May 5, 2015, the plaintiff's filed a motion for entry of an order adopting an extensive list of remedies. At the request of the defendants, the court extended indefinitely the time for the defendants' response to the plaintiff's remedial proposal, pending the court's ruling on the motion to certify an interlocutory appeal. The Court granted the motion to certify interlocutory appeal in the summer of 2015. The defendants' then filed a permission to appeal in the 4th Circuit for the Court to grant interlocutory review under 28 U.S.C. § 1292(b). On July 29, 2015 the permission to appeal was denied. Defendants filed a report and remedial proposal on November 20, 2015. On December 7, 2015, plaintiffs filed an opposition to defendant's motion for leave to designate supplement witnesses regarding remedies as well as a response to defendants' report and remedial proposals. On February 2, 2016, an order was entered denying plaintiff's motion for judgment and granting defendant's motion for leave to designate supplemental witnesses. Trial was held from January 9, 2017 to February 22, 2017. The court heard closing arguments on June 8, 2017. On November 8, 2017, the Court ordered that the defendants are permanently enjoined and restrained from maintaining vestiges of the prior de jure system of segregation in the form of unnecessary program duplication in the public higher education system in the State of Maryland. A Special Master will be appointed to develop a Remedial Plan and to monitor the implementation of the terms and obligations of the Remedial Order. On November 21, 2017, Plaintiffs filed a motion for attorneys' fees and expenses and on December 6, 2017 the Defendants filed a motion to alter or amend judgment, all of which are pending before the Court. On December 8, 2017, the Defendants appealed to the United States Court of Appeals for the Fourth Circuit. On February 6, 2018, the district court stayed its order pending that appeal. Cross-appeals are now pending in the United State Court of Appeals for the Fourth Circuit, and an oral argument was held on December 11, 2018. On January 2, 2019, following oral argument, the Fourth Circuit ordered the parties to engage in mediation. The mediation concluded on July 29, 2019 without resolution and the case is now pending for decision by the Court. In its 2020 session, the General Assembly appropriated funds for a settlement of this matter, but the Governor vetoed the appropriation on May 7, 2020. The case remains pending in the Fourth Circuit. Although substantial appropriations for programs and related enhancements at the HBCUs may be needed to implement remedial action, which may be provided in either a settlement agreement or court decree, the outcome of this case is not expected to have a material impact on the State's financial position.

Kenneth Fitch, et al. v. State of Maryland, et al. As discussed above under "STATE FINANCES -- Other Post-Employment Benefits -- 2011 Employee and Retiree Health Benefits Reforms", this case involves State retirees' challenge to legislation eliminating the retiree prescription drug benefit. The lawsuit alleges violations of the Takings and Contract clauses as well as state contract claims. Legislation was passed after the commencement of the suit, which would replace the elimination of the state prescription drug plans with an alternative benefit, but plaintiffs maintain their

challenge alleging the benefit is not equivalent. The State has been enjoined from discontinuing the prescription drug program since October 2018. In December 2019, the State prevailed in preventing an expansion of the injunction. Dispositive motions seeking dismissal of the amended complaint and an opposition to class certification were fully briefed as of June 29, 2020. As of July 2020, rather than move forward with a scheduled August hearing, the judge hearing the case has asked all parties to agree on a schedule to brief a motion to dismiss for submission to the court. The State is vigorously contesting the case, and it is too early to determine any financial impact on the State.

Purple Line Transit Partners (PLTP). This case is not in suit, but the Maryland Department of Transportation (“MDOT”) and Maryland Transit Administration (“MTA”) are in a dispute with Purple Line Transit Partners, LLC (“PLTP”), the concessionaire for the Purple Line transit project. PLTP is claiming over \$755 million in relation to several claims under the Public-Private-Partnership Agreement for the Purple Line project. MDOT/MTA and PLTP have been in ongoing settlement discussions regarding several claims, which include, *inter alia*, alleged delay costs due to the vacatur of the Record of Decision in Purple Line I and the State’s alleged failure to timely acquire certain real estate interests. The parties are also attempting to resolve issues regarding purported delays caused by wall barriers required around CSX tracks and MDE permitting. On May 1, 2020, Purple Line Transit Constructors, LLC, the design-build contractor for PLTP, gave PLTP notice of its unconditional termination for extended delays and costs totaling \$519,112,360. As the parties continue to discuss the matters, the amounts claimed have climbed to over \$755 million. On June 24, 2020, the PLTP issued a notice of termination to MTA. On June 24, 2020, MDOT issued a notice of default for an invalid termination.

TAX MATTERS

Federal Tax Exemption

In General. In the opinion of Ballard Spahr LLP, Bond Counsel, interest on the Second Series A Bonds and Second Series B Bonds is excludable from gross income for purposes of federal income tax under existing laws as enacted and construed on the date of initial delivery of the Second Series A Bonds and Second Series B Bonds, assuming the accuracy of the certifications of the State and continuing compliance by the State with the requirements of the Code. Interest on the Second Series A Bonds and Second Series B Bonds is not an item of tax preference for purposes of federal alternative minimum tax.

Original Issue Premium. The Second Series A Bonds and Second Series B Bonds being offered at a premium (“original issue premium”) equal generally to the excess of their public offering price over their principal amount are referred to herein as the “Premium Bonds”. For federal income tax purposes, original issue premium is amortizable periodically over the term of a Premium Bond, through reductions in the holder’s tax basis for the Premium Bond, as applicable, for determining taxable gain or loss upon sale or redemption prior to maturity. Amortization of premium does not create a deductible expense or loss. Holders should consult their tax advisers for an explanation of the amortization rules.

Information Reporting and Backup Withholding. A person making payments of tax-exempt interest to a bondholder is generally required to make an information report of the payments to the Internal Revenue Service and to perform “backup withholding” from the interest if the bondholder does not provide an IRS Form W-9 to the payor. “Backup withholding” means that the payor withholds tax from the interest payments at the backup withholding rate, currently 24%. Form W-9 states the bondholder’s taxpayer identification number or basis of exemption from backup withholding.

If a holder purchasing a Second Series A Bond and Second Series B Bond through a brokerage account has executed a Form W-9 in connection with the account, as generally can be expected, there should be no backup withholding from the interest on such Bond.

If backup withholding occurs, it does not affect the excludability of the interest on the Second Series A Bonds and Second Series B Bonds from gross income for federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner’s federal income tax once the required information is furnished to the Internal Revenue Service.

Other. Bond Counsel expresses no opinion regarding other federal tax consequences relating to ownership or disposition of, or the accrual or receipt of interest on, the Second Series A Bonds or the Second Series B Bonds.

Certain Federal Income Tax Considerations — Second Series C Bonds

In the opinion of Bond Counsel, interest on the Second Series C Bonds is not excludable from gross income for federal income tax purposes. Interest on the Second Series C Bonds is taxable as ordinary income for federal income tax purposes at the time the interest accrues or is received in accordance with the holder's method of accounting for federal income tax purposes. Prospective purchasers who are not United States persons as defined for federal tax purposes may be subject to special rules and should consult their tax advisors.

Tax Exemption - State of Maryland Taxation

In the opinion of the Attorney General and of Bond Counsel, under existing law of the State of Maryland, the Bonds, their transfer, the interest payable thereon, and any income derived therefrom, including any profit realized in the sale or exchange thereof, will be exempt from taxation within the State of Maryland by the State or by any of its political subdivisions, municipal corporations, or public agencies; however, the law of the State of Maryland does not expressly refer to, and no opinion is expressed concerning, estate or inheritance taxes or any other taxes not levied or assessed directly on the Bonds, their transfer, or the income therefrom.

General

The opinions expressed by Bond Counsel are based upon existing legislation and regulations as interpreted by relevant judicial and regulatory authorities as of the date of issuance and delivery of the Bonds, and Bond Counsel has expressed no opinion as of any date subsequent thereto or with respect to any pending legislation, regulatory initiatives or litigation.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

SALE AT COMPETITIVE BIDDING – SECOND SERIES BONDS

The Second Series A Bonds, Second Series B Bonds and Second Series C Bonds were offered by the State for sale by competitive bidding on Wednesday, July 22, 2020, in accordance with the Official Notice of Sale set forth in APPENDIX E.

The interest rates shown on the inside cover page of this Official Statement are the interest rates per annum payable by the State resulting from the award of the Second Series A Bonds, Second Series B Bonds and Second Series C Bonds at competitive bidding. The yields or prices shown on the inside cover pages of this Official Statement for Bonds were furnished by the successful bidders for the Second Series A Bonds, Second Series B Bonds and Second Series C Bonds. All other information concerning the nature and terms of any reoffering of these Bonds should be obtained from the successful bidders for the Second Series A Bonds, Second Series B Bonds and Second Series C Bonds.

OTHER INFORMATION

Report of Independent Public Accountants

The Basic Financial Statements of the State of Maryland for the year ended June 30, 2019, included in the section APPENDIX A – “FINANCIAL STATEMENTS” of this Official Statement have been audited by SB & Company, LLC, independent certified public accountants, as stated in their report appearing therein.

Financial Advisor

Public Resources Advisory Group of New York, NY, is serving as financial advisor to the State for the sale and delivery of the Bonds. Public Resources Advisory Group is a financial advisory and consulting organization and is not engaged in the business of underwriting, marketing, or trading municipal securities or any other negotiable instruments.

Ratings

Moody’s Investors Service, Inc., S&P Global Ratings, and Fitch Ratings have given the Bonds ratings of Aaa, AAA, and AAA, respectively. An explanation of the significance of a particular rating may be obtained from the rating agency furnishing it. The State furnished to the rating agencies the information contained in a preliminary form of this Official Statement and other information. Generally, rating agencies base their ratings on such materials and information, as well as their own investigations, studies, and assumptions. It should be noted that the ratings may be changed at any time and that no assurance can be given that the ratings will not be revised downward or withdrawn by any or all rating agencies, if in the judgment of any or all, circumstances should warrant such actions. Any downward revision or withdrawal of any of the ratings could have an adverse effect on market prices for the Bonds.

The complete rating reports for the State of Maryland referenced above are available at:
<http://www.treasurer.state.md.us/debtmanagement/rating-agency-reports.aspx>

Continuing Disclosure

In order to enable the successful bidders for the Bonds to comply with the requirements of paragraph (b)(5) of the Rule 15c2-12 under the Securities Exchange Act of 1934, as amended, the Board of Public Works will execute and deliver, on or before the date of issuance and delivery of the Bonds, a Continuing Disclosure Agreement, the form of which is attached as APPENDIX F. Potential purchasers should note that certain of the events listed in Section 4(a) of the Continuing Disclosure Agreement have been included for purposes of compliance with Rule 15c2-12 but are not relevant for the Bonds, specifically those events relating to debt service reserves, credit enhancements and liquidity providers, and property or other collateral. As of July 1, 2009, the State files its secondary market disclosures with service established by the Municipal Securities Rulemaking Board known as the Electronic Municipal Market Access (“EMMA”) system.

The State has complied in all material respects with its obligations under its existing Continuing Disclosure Agreements executed pursuant to Rule 15c2-12(b)(5) during the last five years.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

Official Statement

This Official Statement has been approved and authorized by the Board of Public Works of Maryland for use in connection with the sale of the Bonds representing the State and Local Facilities Loan of 2020, Second Series. The Underwriters and the successful bidders will each be furnished without cost with a sufficient quantity as may be reasonably requested of this Official Statement and of any amendment or supplement that may be issued.

The Board of Public Works has been advised by Ballard Spahr LLP, Baltimore, MD, as Bond Counsel in connection with the issuance of the Bonds. See APPENDIX D to this Official Statement for the forms of the opinions of the Attorney General and Ballard Spahr LLP, Baltimore, MD, to be rendered at the time of delivery of the Bonds. The statement under “LEGAL MATTERS – Litigation” has been passed upon by the Honorable Brian E. Frosh, Attorney General of Maryland, and as to legal conclusions, is stated upon the authority of the Attorney General.

The Official Notice of Sale for the Bonds, attached as APPENDIX E to this Official Statement, set forth the terms and conditions of the public sale and delivery of and payment for the Bonds. Reference is particularly made to the Official Notice of Sale for statements of the legal opinions as to the validity of the Bonds, the legal opinions and other certifications relating to the accuracy and completeness, in all material respects, of the Official Statement, and the other signed documents to be delivered to the successful bidders for the Bonds at or prior to closing as a condition to the bidders’ obligations to accept delivery of and to pay for the Bonds.

FINANCIAL AND ACCOUNTING SYSTEM

The financial statements and other financial data contained in this Official Statement have been prepared by the Office of the Comptroller. The financial statements and notes thereto contained on pages A-8 through A-112 have been prepared in accordance with accounting principles generally accepted in the United States and, with respect to the Basic Financial Statements for the year ended June 30, 2019, have been audited by SB & Company, LLC, independent certified public accountants, whose report thereon is included in this Official Statement on pages A-8 to A-10. Pagination references within the body of the financial statements in the CAFR refer to the pages in the CAFR.

The Government Finance Officers Association of the United States and Canada awarded a Certificate of Achievement for Excellence in Financial Reporting to the State of Maryland for its comprehensive annual financial reports for fiscal years 1980 through 2018. In order to be awarded a Certificate of Achievement, a governmental unit must publish a comprehensive annual financial report, the contents of which conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements.

In accordance with generally accepted accounting principles, these basic financial statements include Management's Discussion and Analysis, which provides a narrative overview and analysis of the State's financial activities. Furthermore, they include government-wide financial statements, (i.e., the statement of net position and the statement of activities), which provide both short-term and long-term information about the State's financial position. The statement of activities demonstrates the degree to which the direct expenses of a given function of the State's activities are offset by its program revenues. These statements provide statewide financial information distinguished between governmental activities, business-type activities and component units. Included with these statements are reconciliations between the entity-wide statements, prepared on the full accrual basis, and the fund level statements prepared on the modified accrual basis. In addition, there are reconciliations between the fund level and budgetary statements. Detailed information on these accounting policies is provided in the Management's Discussion and Analysis section and in Note 1 of the "Notes to the Financial Statements."

State statutes require an audit of every unit of State government, including the Office of the Comptroller, by the Legislative Auditor at least every four years or more as determined by the Legislative Auditor. The Legislative Auditor is required to be, and is, a certified public accountant. The Legislative Auditor conducts fiscal, compliance, and performance audits of the various agencies and departments of the State and issues a separate report covering each of those audits. Although certain of those reports include presentations of detailed financial data and contain expressions of opinion thereon, the audits usually are not made for that purpose. The primary purpose of the reports is to present the Legislative Auditor's findings relative to the fiscal management of those agencies and departments.

The State maintains accounts on a budgetary basis for each program within an agency, and places strong reliance upon the checks, balances, and controls inherent in the constitutional budgetary system. Under constitutional and statutory requirements, a balanced State Budget must be adopted each year, and expenditures may not be made in excess of appropriations. Agencies must report on an object and program basis to the Office of the Comptroller which, in turn, reports to the Department of Budget and Management, which monitors compliance with the Budget. See "STATE FINANCES – Budgetary System." In addition, for year-end reporting purposes, the State converts its financial statements prepared on a budgetary basis to financial statements prepared in accordance with generally accepted accounting principles.

Although the accounts maintained by the State on a budgetary basis conform in many respects to accounting principles generally accepted in the United States, there are certain departures from these principles that are dictated by statutory requirements and historical practices. The principal departures are the classification of the State's principal funds and the timing of recognition of certain revenues, expenditures, and expenses.

The State's accounting system is maintained by the Comptroller in compliance with State law and in accordance with the State's budgetary funds. In addition to the accounting systems maintained by the Comptroller, certain individual agencies that are not subject to the State Budget maintain accounting systems that permit financial reporting on the basis of generally accepted accounting principles.

For the purpose of reporting its financial activities in accordance with generally accepted accounting principles, at the fund level the State records its activities in Governmental, Proprietary, and Fiduciary Fund types. See Note 1 to “Notes to the Financial Statements.” On a budgetary basis, the State reports its financial activities in the General, Special, Federal, Annuity Bond (Debt Service), Capital Projects, and Higher Education, Current Unrestricted and Current Restricted Funds.

The *General Fund* is the fund in which all general transactions of the State are recorded unless otherwise directed by law to be included in another fund. The General Fund includes most of the governmental operating assets, liabilities, revenues, and expenditures. To the extent that the Budget enacted by the General Assembly uses an estimated fund balance at the end of the current fiscal year, in establishing the Budget for the next succeeding year, that amount of General Fund balance existing at June 30 of the current fiscal year is recorded as designated to supplement the new year’s Budget. See “STATE FINANCES – Budgetary System.”

The *Annuity Bond Fund* (Debt Service Fund) is used to account for all payments of debt service on general obligation bonds.

The *Capital Projects Fund* is a group of accounts, each set up for a particular legislated authorization. The proceeds of general obligation bonds, the transfers from the General Fund, and the expenditures of the funds obtained thereby (which are almost entirely for capital projects) are accounted for in each of the accounts.

The *Federal Funds* are used to account for most grants from the federal government.

The *Special Funds* include the transportation activities of the State, including related indebtedness, except for federal transportation grants, which are accounted for in Federal Funds. In addition to the transportation activities, transactions related to dedicated funds, such as fishery and wildlife funds and shared taxes, are recorded in Special Funds.

The *Higher Education, Current Unrestricted and Current Restricted Funds* are used to account for higher education activities. Higher Education, Current Unrestricted and Current Restricted Funds include all revenues used or available for carrying out the current operations of the State’s universities and colleges.

Under budgetary reporting, revenues generally are recognized when cash is received except for (i) significant self-assessed taxes, which are recorded in the period to which they apply, and (ii) federal grants, which are recorded when earned. Expenditures generally are recorded when cash is disbursed or upon the approval of encumbrances against appropriations. At the fund level under generally accepted accounting principles, revenues generally are recognized when earned, subject in certain cases to their availability to fund appropriations. Expenditures and expenses are recognized when liabilities are incurred, subject to certain modifications for interest and principal on general long-term debt, retirement costs, other post-employment benefits, compensated absences, pollution remediation, and claims and judgments. See Note 2 of “Notes to the Financial Statements” for further information concerning the significant accounting policies employed by the State in preparing its financial statements in accordance with accounting principles generally accepted in the United States.

A summary of the effects of fund structure and timing difference on the General Fund balances between the budgetary basis and generally accepted accounting principles basis for fiscal years 2018 and 2019 follows.

	(in thousands)	
	<u>2018</u>	<u>2019</u>
Year end fund balance on budgetary basis	\$1,643,804	\$2,182,294
Fund structure reclassifications	1,619,641	2,233,917
Adjustments to the budgetary accounting system:		
Cash and cash equivalents	70,593	16,961
Investments	(206,415)	(36,620)
Other accounts receivable	181,953	129,719
Other assets	24,741	34,451
Accounts payable and accrued liabilities	(1,521,405)	(1,768,821)
Deferred revenue	<u>(79,952)</u>	<u>(98,533)</u>
Year end fund balance on generally accepted accounting principles basis	\$1,732,960	\$2,693,368

FINANCIAL STATEMENTS

The Comprehensive Annual Financial Report (“CAFR”) of the State, including the audited Basic Financial Statements, for the fiscal year ended June 30, 2019, has been filed with the Municipal Securities Rulemaking Board through its Electronic Municipal Market Access (“EMMA”) system and is obtainable from them in accordance with their procedures. The 2019 CAFR is also posted on the Maryland State Treasurer’s Office website and can be accessed at <http://www.treasurer.state.md.us/media/88527/cafr2019.pdf>.

The following reports, each of which are included in the 2019 CAFR and have been posted online at the web address above, are incorporated herein by reference:

Debt Service Requirements on General Obligation Bonds

The following tables show debt service requirements for all general obligation bonds of the State for all current and future fiscal years: (1) as of June 30, 2020; and (2) after giving effect to the issuance of the Bonds. Not included is debt service on general obligation bonds for which United States government obligations sufficient to provide fully for the timely payment of principal, interest, and applicable redemption premium are being held in escrow funds.

*Totals may not add due to rounding.

(a) Interest Subsidy is the original Federal Subsidy for certain qualified bonds. Due to federal budget sequestration, federal direct pay subsidies to the State for ARRA Bonds have been subject to reductions since March 1, 2013.

MARYLAND STADIUM AUTHORITY

Lease Revenue Debt Outstanding as of June 30, 2020

The following table shows the lease revenue debt of the Maryland Stadium Authority outstanding as June 30, 2020, the uses of the proceeds thereof, and the sources of repayment of the debt. Project descriptions follow.

<u>Use of Proceeds</u>	<u>Source of Repayment</u>	<u>Principal Amount Outstanding as of June 30, 2020 (\$ in thousands)</u>
<u>Bonds Outstanding</u>		
Oriole Park at Camden Yards (a)	Lease Payments/ Operating Revenues	\$43,264
Ravens Stadium	Lease Payments	50,455
Hippodrome Theater	Lease Payments	3,050
Montgomery County Conference Center	Lease Payments	5,520
Camden Station Renovation	Lease Payments	3,480
Ocean City Convention Center	Lease Payments	20,915
<u>Capital Leases Outstanding</u>		
Oriole Park at Camden Yards (Energy)	Operating Revenues	1,638
Ravens Stadium (Energy)	Operating Revenues	<u>620</u>
Total Debt Outstanding (a)		<u>\$128,942</u>

(a) Total includes \$8.9 million of lease revenue bonds that are not tax-supported. Therefore, the total tax-supported debt of the Maryland Stadium Authority is \$120.0 million as of June 30, 2020. See "STATE TAX-SUPPORTED DEBT AND CAPITAL PROGRAM – Tax-Supported Debt Outstanding."

Project Descriptions

Oriole Park at Camden Yards. Currently the Maryland Stadium Authority ("Authority") operates Oriole Park at Camden Yards, which opened in 1992. In connection with the construction of that facility, the Authority issued \$155.0 million in notes and bonds. In October 1993, the Authority entered into an agreement to implement a synthetic fixed rate refinancing of the sports facility bonds using a combination of variable rate refunding obligations and forward interest rate exchange agreements. As provided under the agreements, savings of \$15.5 million was paid to the Authority in 1996. In accordance with this agreement and in consideration for the prior payment of the savings, the Authority issued its \$17.9 million Sports Facilities Lease Revenue Refunding Bonds Series 1998A in December 1998 to refund its outstanding Sports Facility Lease Revenue Bonds Series 1989C, and issued its \$121.0 million Sports Facilities Lease Revenue Refunding Bonds Series 1999 in December 1999 to refund its Sports Facilities Lease Revenue Bonds Series 1989D.

In December 2011, the Authority terminated the 1998 synthetic fixed rate refinancing with AIG Financial Products ("AIG-FP"), which required payment of a termination fee in the amount of \$19.7 million. The variable rate debt associated with the synthetic fixed rate refinancing was called and replaced with the Sports Facilities Lease Revenue Refunding Bonds Series 2011A Bonds in the amount of \$31.4 million. The federally taxable proceeds of the Series 2011A Bonds were used to defease the Series 1998A Bonds, and to pay the termination fee due to AIG-FP, underwriter's costs and issuance costs. The Authority also issued the Sports Facilities Lease Revenue Refunding Bonds Series 2011B in the amount of \$62.9 million, whose tax-exempt proceeds and premium of \$7.7 million were used to defease the Series 1999 Bonds. The Series 2011A Bonds and Series 2011B Bonds matured in December 2019.

The Authority's notes and bonds are lease-backed revenue obligations, the payment of which is secured by, among other things, an assignment of revenues received under a lease of Oriole Park at Camden Yards from the Authority to the State. The rental payments due from the State under that lease are subject to annual appropriation by the General Assembly. Revenues to fund the lease payments are generated from a variety of sources, including in each year revenues from sports lotteries, the net operating revenues of the Authority, and \$1.0 million from the City of Baltimore.

In April 2010, the Authority issued the Sports Facilities Taxable Revenue Bonds, Series 2010 Bonds, in the amount of \$10.0 million; the proceeds of which were used for capital repairs to Oriole Park and to fund a debt service reserve account. The Series 2010 Bonds matured in 2013 and were refinanced with the Sports Facilities Taxable Revenue Bonds Series 2013. The amount outstanding for the Series 2013 as of June 30, 2020 totaled \$3.7 million.

In August 2011, the Authority issued the Sports Facilities Taxable Revenue Bonds, Series 2011 Bonds, in the amount of \$11.1 million. The proceeds were used for capital repairs to the warehouse located at the Camden Yards Complex. The Series 2011 Bonds matured on December 15, 2014 and were refinanced with the Sports Facilities Taxable Revenue Bonds, Series 2014. The amount outstanding as of June 30, 2020 totaled \$5.1 million.

In May 2019, the Authority issued the Sports Facilities Lease Revenue Bonds, Series 2019B Bonds, in the amount of \$34.4 million. The proceeds will be used for capital repairs to the warehouse located at the Camden Yards Complex and cost of issuance. The Series 2019B Bonds will mature in March 2039. There will only be interest payments for the first 7 years of the bonds and the principal will be amortized over the last 13 years. The annual debt service is approximately \$1.2 million for the first seven years and \$3.4 million for the final 13 years. The amount outstanding as of June 30, 2020 totaled \$34.4 million.

Annual debt service on the Authority's total bond obligations for Oriole Park at Camden Yards is \$3.4 million and the amount outstanding as of June 30, 2020 totaled \$43.3 million.

In November 2009, the Authority entered into a contract with Pepco Energy Services to provide \$6.0 million of energy upgrades and enhancements to Oriole Park at Camden Yards and the adjoining warehouse. The Authority is financing the upgrades and enhancements under the State's Energy Performance Contract Lease-Purchase Program over 12 years. Some of the upgrades and enhancements include the replacement of a chiller and cooling tower, replacement of light fixtures and upgrades to the generator plant. The outstanding balance as of June 30, 2020 was \$1.6 million.

Ravens Stadium. The Authority currently operates M&T Stadium, which opened in 1998. In connection with the construction of that facility, the Authority sold \$87.6 million in lease-backed revenue bonds in 1996 for Ravens Stadium. The proceeds from the Authority's bonds, along with cash available from State lottery proceeds, investment earnings, contributions from the Ravens and other sources were used to pay project design and construction expenses of approximately \$229.0 million. The bonds are solely secured by an assignment of revenues received under a lease of the project from the Authority to the State. In June 1998, the Authority entered into an agreement to implement a synthetic fixed rate refinancing of the football lease-backed revenue bonds using a combination of variable rate refunding obligations and forward interest rate exchange agreements. As provided under the agreements, savings of \$2.6 million were paid to the Authority. The Authority issued Authority Sports Facilities Lease Revenue Refunding Bonds Football Stadium Issue Series 2007 in the amount of \$73.5 million of which \$73.1 million was used to call the outstanding principal balance on the 1996 Series Bonds and the balance of the proceeds was used for closing costs. The 1996 Series Bonds were called on March 1, 2007 in accordance with the swap agreement. The Authority's debt service is \$6.5 million annually. The bonds outstanding as of June 30, 2020 totaled \$31.9 million.

In November 2009, the Authority entered into a contract with Pepco Energy Services to provide energy upgrades and enhancements to Ravens Stadium. The energy upgrades and enhancements cost approximately \$2.5 million. The Authority is financing the upgrades and enhancements under the State's Energy Performance Contract Lease-Purchase Program over 12 years. The outstanding balance as of June 30, 2020 was \$0.6 million.

In May 2019, the Authority issued the Sports Facilities Lease Revenue Bonds, Series 2019A Bonds, in the amount of \$20.6 million with \$2.5 million generated in premium. The proceeds will be used for capital repairs to the Ravens Stadium located at the Camden Yards Complex and cost of issuance. The Series 2019A Bonds will mature in March 2026. The annual debt service is approximately \$3.7 million. The outstanding balance as of June 30, 2020 totaled \$18.6 million.

Hippodrome Theater. In July 2002, the Authority issued \$20.3 million in taxable lease-backed revenue bonds in connection with the renovation and construction of the Hippodrome Theater as part of Baltimore City's West Side Development. The cost of renovating the theater was \$63.0 million and was financed by various public and private sources. The Authority does not have any operating risk for the project.

In July 2012, the Authority issued the Taxable Lease Revenue Refunding Bonds, Series 2012 in the amount of \$14.1 million. The Authority used \$13.7 million to call the Taxable Lease-Backed Revenue Bonds, Series 2002 and the balance was used for transactional costs. The annual debt service on the Taxable Lease Revenue Refunding Bonds, Series 2012 is approximately \$1.6 million annually. The bonds outstanding as of June 30, 2020 totaled \$3.1 million.

Montgomery County Conference Center. In January 2003, the Authority issued \$23.2 million in lease-backed revenue bonds in connection with the construction of a conference center in Montgomery County. The conference center is adjacent and physically connected to a Marriott Hotel, which was privately financed. The center cost \$33.5 million and was financed through a combination of funding from Montgomery County and the Authority. The Authority does not have any operating risk for the project.

In November 2012, the Authority refinanced the final 10 years of maturities on the lease-backed revenue bonds, Series 2003 totaling \$15.0 million. The Authority issued the Lease Revenue Refunding Bonds, Series 2012 in the amount of \$12.9 million generating \$2.9 million in premium with \$15.6 million being used to call the Series 2003 Bonds, in June 2013 and the balance was used for transactional costs. The annual debt service on the Series 2012 Bonds is approximately \$1.6 million annually. The amount outstanding as of June 30, 2020 totaled \$5.1 million.

Camden Station Renovation. In February 2004, the Authority issued \$8.7 million in taxable lease-backed revenue bonds in connection with the renovation of the historic Camden Station located at the Camden Yards Complex in Baltimore, Maryland. The cost of the renovation was \$8.0 million. To date, lease payments have not been sufficient to cover debt service on the bonds and the shortfall has been subsidized by the Authority. The average annual debt service for these bonds is \$0.8 million. Bonds outstanding as of June 30, 2020 totaled \$3.5 million.

Ocean City Convention Center. In October 2019, the authority issued \$20.9 million in tax-exempt lease-backed revenue bonds in connection with the expansion of the Ocean City Convention Center. The cost of the expansion will be \$38.0 million and will be funded with a State grant, bonds from the Town of Ocean City and the Authority's bonds. The State and the Town of Ocean City share in the operating deficiency of the building 50/50. Both the State and the Town of Ocean City will make annual contributions of \$100,000 into a capital improvements fund. The average annual debt service will be \$1.7 million. The outstanding balance as of June 30, 2020 totaled \$20.9 million.

Baltimore City Public Schools. In April 2016, the Authority issued \$320.0 million in tax-exempt revenue bonds in connection with the replacement and renovation of 11 Baltimore City Public Schools. This was the inaugural series of bonds with the proceeds going towards the overall cost of approximately \$531.2 million. The security pledge for the bonds are three revenue sources, \$20.0 million each, from the City of Baltimore, Baltimore City Public Schools and Lottery revenues from the State of Maryland for a total of \$60 million annually. The transaction generated approximately \$66.0 million in premium that will be used for project costs. The annual debt service is approximately \$20.8 million. Bonds outstanding as of June 30, 2020 totaled \$299.1 million.

In February 2018, the Authority issued the second series of tax-exempt revenues bonds in connection with the replacement and renovation of Baltimore City Public Schools. The par amount of the second series was \$426.44 million. The proceeds were used to complete all but one of the first 11 schools with the balance being used for the replacement and renovation of an additional 17 schools. The security pledge for the bonds is the same as the first series. The transaction generated about \$70.0 million in premium that will be used for the project costs. The annual debt service is approximately \$27.3 million. Bonds outstanding as of June 30, 2020 totaled \$405.8 million.

The Authority is planning to issue the third series of tax-exempt revenue bonds in connection with the replacement and renovation of Baltimore City Public Schools in July 2020. The total par amount of the third series of tax-exempt revenue bonds is approximately \$270.2 million. The proceeds will be used to complete the final school of the first 11 with the balance being used for the replacement and renovation of the remaining 17 schools. The security pledge for the bonds is the same as the first and second series. The transaction projects about \$89.7 million in premium that will be used for project costs. The Authority will also issue \$484.1 million in federally taxable revenue bonds. Proceeds from the sale will be deposited into an escrow account and will be used to refund certain maturities of the series 2016 and series 2018A bonds. The series 2016 bonds are callable in 2026 and the series 2018A bonds are callable in 2028. This series annual debt service, along with the annual debt service for the first and second series, will bring the total annual debt service of the program to \$60.0 million.

State Tax-Supported Lease and Conditional Purchase Financings

Lease and Conditional Purchase Financings Outstanding as of June 30, 2020

The following table shows, by State agency, State tax-supported capital lease and conditional purchase financings, the facilities financed, and the principal amount outstanding at June 30, 2020.

<u>State Agency</u>	<u>Facilities Financed</u>	<u>Principal Amount Outstanding as of June 30, 2020 (\$ in thousands)</u>
Department of Transportation	Headquarters office building	\$5,245
	MAA Shuttle Buses	23,300
Department of General Services	Prince George's County Justice Center	12,294
Department of Health	Public Health Lab	120,420
Various State Agencies	Energy performance projects	86,233 ¹
Various State Agencies	Communications, data processing, and other equipment	13,443
Maryland Transportation Authority	State office parking facility	15,689
Total		<u>\$276,625</u>

¹This includes all Energy Performance Contract ("EPC") lease financings. As of June 30, 2020, \$77.5 million of the outstanding EPC lease financings had guaranteed energy savings equal to or greater than corresponding lease debt service. The Capital Debt Affordability Committee ("CDAC") does not include such EPC lease financings in the calculation of total tax-supported debt outstanding.

REVENUE AND ENTERPRISE FINANCINGS

Revenue and Enterprise Financings Outstanding as of June 30, 2020^(a)

The following table shows, by issuing agency, certain revenue and enterprise non-tax-supported debt outstanding as of June 30, 2020, the facilities financed, and the sources of repayment of the debt.

<u>Agency</u>	<u>Facilities Financed</u>	<u>Source of Repayment</u>	<u>Principal Amount Outstanding as of June 30, 2020 (\$ in thousands)</u>
Higher Education (b)			
University System of Maryland	Academic facilities, Student Housing, parking facilities, and equipment	Tuition and auxiliary enterprise facilities revenues	\$1,057,470
	Communication, data processing, and other equipment	Operating revenues	29,045
Morgan State University	Student housing Student Center/Stadium/Fine Art and Boiler	Student fees	0
		Student fees and MHEC (c)	17,925
St. Mary's College of Maryland	Student housing/ campus center and athletic facility	Academic fees and auxiliary facilities fees	31,002
Community Development Administration of the Department of Housing and Community Development	Mortgage and construction loans Loans to local governments for infrastructure projects	Mortgage repayments and sales	3,038,797
		Loan repayments	195,875
Maryland Environmental Service	Landfill projects Equipment	Tipping fees	23,932
		Operating revenues	1,827
Maryland Transportation Authority	Bridges, tunnels, and highways Parking garage at BWI Car rental facility Improvements at BWI Airport WMATA Metrorail parking facility	Tolls	1,910,419
		Parking revenues	101,135
		Customer facility charges	77,375
		Passenger facility charges	269,860
		Lease rental payments	18,990
Maryland Water Quality Financing Administration	Loans to local governments for water pollution control facilities	Loan repayments	15,170
Maryland Department of Transportation			
Maryland Aviation Administration	BWI renovations, de-icing ramp BWI Piers A&B (d)	Lease revenues	7,550
		Airline rentals and concession revenues	114,945
Maryland Transit Administration	MARC rail station parking garage	Parking revenues	6,150
Maryland Port Administration	Warehouse Facility South Locust Point Terminal (e)	Lease revenues	<u>8,415</u>
Total			<u>\$6,925,881</u>

- (a) The table does not include (i) debt of certain authorities that, under criteria prescribed by the Governmental Accounting Standards Board, are not considered State entities for financial reporting purposes including debt described in this Appendix B under "Maryland Stadium Authority" or (ii) debt for which United States government obligations sufficient to provide fully for the timely payment of principal, interest, and applicable redemption premium are being held in escrow funds.
- (b) As of June 30, 2020, the outstanding capital leases financed by the State Treasurer's Office (including capitalized interest) for University System of Maryland and St. Mary's College of Maryland were \$10.0 million and \$0.28 million, respectively.
- (c) In September 2012, Morgan State University issued \$29,230,000 Academic Fees and Auxiliary Facilities Fees Revenue Refunding Bonds. Included in the 2012 Bonds is \$2,675,000 for a Boiler, funded through the Maryland Higher Education Commission ("MHEC"). MHEC has included sufficient funds in its annual grants to Morgan State University to pay the debt service on these Academic Facilities Bonds.
- (d) The BWI Marshall Airport Piers A & B financing was refunded by MEDCO in October 2012.
- (e) The MPA Warehouse Facility financing at the South Locust Point Terminal was refunded in December 2016.

Descriptions of Revenue and Enterprise Financings

Higher Education Institutions. Legislation limits the aggregate principal amount of revenue bonds outstanding and the present value of capital lease payments, less the amount of any reserves established therefore, for academic or auxiliary facilities; effective June 1, 2011 the limits are \$1.4 billion for the University System of Maryland, \$88.0 million for Morgan State University, \$60.0 million for St. Mary's College of Maryland, and \$65.0 million for Baltimore City Community College. As of June 30, 2020, outstanding debt and lease purchase financings of the University System of Maryland, Morgan State University, and St. Mary's College of Maryland will be \$1.1 billion, \$36.8 million, and \$26.1 million, respectively. Lease and conditional purchase financings have been used for facilities at various colleges and universities.

Community Development Administration. The Community Development Administration ("CDA"), a unit within the Department of Housing and Community Development, is responsible for housing finance and assistance programs. CDA issues bonds and notes to provide funding for various home ownership and rental housing loan programs. The debt service on CDA's revenue bonds and notes generally is paid from mortgage repayments. As of June 30, 2020, \$3.0 billion of these bonds and notes are outstanding. CDA also issues bonds to provide loans to local governments for various infrastructure projects. The bonds are secured by the general obligation pledges of the participating local governments. As of June 30, 2020, \$195.9 million of these bonds are outstanding.

Maryland Environmental Service. The Maryland Environmental Service ("MES") was established in 1993 to provide water supply, wastewater treatment, and waste management services to State agencies, local governments, and private entities. MES is authorized to issue revenue bonds secured by the revenue derived from its various facilities and projects. In February 2011 MES issued the Midshore II Regional Landfill Project Revenue Bonds in the amount of \$18.3 million. In April 2011, the MES Water Quality Bond, Series 2011A in the amount of \$2.0 million was issued in connection with the closure and capping of the Hobbs Road Landfill. In May 2014, MES issued the Midshore II Revenue Bonds 2014 Series in the amount of \$4.5 million for the construction of a new cell. Repayment of the bond is derived from operating revenues of the Midshore II Landfill. MES issued \$8.9 million in tax-exempt bonds in July of 2018 for the purpose of financing the cost of Midshore II Regional Landfill Project Cell #3, to improve or increase the disposal capacity of the Midshore II Landfill. Outstanding debt of MES amounts to \$25.8 million as of June 30, 2020.

Maryland Transportation Authority. The Maryland Transportation Authority ("MDTA") of which the Secretary of Transportation is Chairman, is responsible for the administration of the various toll revenue facilities, which consist of bridges over the Susquehanna, Patapsco, and Potomac Rivers and the Chesapeake Bay; two tunnels under the Baltimore Harbor; the John F. Kennedy Memorial Highway (including the I-95 Express Toll Lanes); and the Intercounty Connector ("ICC"). The tolls and other revenues received from these facilities are pledged as security for revenue bonds of the MDTA issued under and secured by a second amended and restated trust agreement dated as of September 1, 2007, as further supplemented, between the MDTA and a corporate trustee. Under separate supplemental trust agreements, the MDTA issued \$549.4 million of revenue bonds in December 2009, \$326.4 million in July 2010, and \$67.6 million in February 2012 to partially refund its 2004 Series bonds. In July 2017, the MDTA issued \$169.6 million of revenue refunding bonds to fully redeem the Series 2007 revenue bonds. In June 2019, the MDTA issued \$49.7 million of revenue refunding bonds to fully redeem the Series 2009A revenue bonds. In June 2020, the MDTA issued \$400 million of revenue bonds. In addition, in October 2010 the MDTA began monthly draws pursuant to a secured loan agreement with the United States Department of Transportation under the Transportation Infrastructure Finance and Innovation Act of 1998 ("TIFIA"). The \$516.0 million TIFIA loan, which provided funding for the ICC, is also evidenced by a revenue bond that was issued pursuant to a supplemental trust agreement. As of June 30, 2020, the MDTA's outstanding TIFIA loan balance will decline to \$494.4 million.

In March 2002, the MDTA issued revenue bonds in the amount of \$264.1 million for the construction of projects at BWI Marshall Airport and these bonds were refunded and redeemed on April 25, 2012 through the issuance of \$190.6 million of refunding bonds. Parking revenues are pledged for the repayment of the refunding bonds. In June 2002, the MDTA issued revenue bonds in the amount of \$117.3 million for construction of a consolidated rental car facility at BWI Marshall Airport. Customer facility charge revenues on rental cars are pledged for the repayment of the bonds. In December 2003, April 2012, December 2012, December 2014 and June 2019, the MDTA issued revenue bonds in the amount of \$69.7 million, \$50.9 million, \$135.5 million, \$40.0 million and \$108.7 million, respectively, for the construction of additional projects at BWI Marshall Airport. Passenger facility charge revenues are pledged for the payment of these bonds, except that the Series 2003 bonds matured and are no longer outstanding. In June 2004, the MDTA issued lease revenue bonds in the amount of \$40.0 million to finance the costs of parking facilities projects at certain Metrorail stations operated by the Washington Metropolitan Area Transit Authority ("WMATA"), and these

bonds were refunded and redeemed in October 2014 through the issuance of \$27.2 million of refunding bonds. Lease revenue payable by WMATA and other amounts from Prince George's County are pledged for the repayment of the refunding bonds.

As of June 30, 2020, \$2.4 billion of the MDTA's revenue and enterprise financings are outstanding under various trust agreements, including the TIFIA loan.

Maryland Water Quality Financing Administration. The Water Quality Financing Administration in the Department of the Environment administers the Water Quality and Drinking Water Revolving Loan Funds (the "Funds"). The Funds may be used to provide loans, subsidies, and other forms of financial assistance to local government units and private entities for wastewater and drinking water projects as provided by the federal Water Pollution Control Act and the federal Safe Drinking Water Act.

The Administration is authorized to issue bonds secured by revenues of the Funds, including loan repayments, fees, federal capitalization grants, and matching State grants. As of June 30, 2020, \$15.2 million of the Administration's revenue bonds are outstanding.

Units of the Maryland Department of Transportation

Revenues from the following projects financed for units of the Maryland Department of Transportation ("Department") are pledged to the payment of principal and interest on the respective bonds and certificates; therefore, these financings are also not considered to be tax-supported.

Maryland Aviation Administration ("MAA"). MAA and the Department entered into a conditional purchase agreement to provide financing for capital improvements at BWI Marshall Airport and sold \$42.8 million COPs for various MAA projects in May 1999. The MAA Series 1999 was refunded in December 2010 for \$19.6 million. As of June 30, 2020, \$7.6 million of the COPs are outstanding.

In April 2003, MEDCO issued lease revenue bonds in the amount of \$223.7 million to finance the expansion and renovation of Piers A and B and the Terminal building at BWI Marshall Airport. The Department records this financing as a capital lease, which is subject to annual appropriation by the General Assembly. Airline rentals and concession revenues are pledged to the payment of principal and interest on the bonds; therefore, this financing is not considered tax-supported. The MEDCO Series 2003 was refunded in October 2012 for \$199.6 million. As of June 30, 2020, \$114.9 million are outstanding.

Maryland Transit Administration ("MTA"). MTA and the Department entered into a conditional purchase agreement in fiscal year 2001 to provide financing to expand parking in the vicinity of BWI Marshall Airport at the Maryland Rail Commuter BWI Marshall Airport rail station and sold \$33.0 million COPs in October 2000. The MTA Series 2000 was refunded in December 2010 for \$13.1 million. As of June 30, 2020, \$6.2 million of the COPs are outstanding.

Maryland Port Administration ("MPA"). The Department entered into a conditional purchase agreement in fiscal year 2006 to provide financing to construct a warehouse at the South Locust Point Terminal, and the Department sold \$26.5 million Project COPs in June 2006. The MPA Series 2006 financing was refunded in December 2016 for \$15.0 million. As of June 30, 2020, \$8.4 million of the COPs are outstanding.

*Totals may not add due to rounding.

- (a) The estimated revenues include the General Fund estimate by the Board of Revenue Estimates in December 2019 and the general, federal and special funds authorized in the State budget as set forth in the fiscal year 2021 budget books.
- (b) The State has recorded revenues from individual income taxes on a modified accrual basis.
- (c) Inclusive of all State funds that benefit from casino operations, as well as facility license owner revenue.
- (d) In fiscal year 2017, a \$47.4 million GAAP surplus in the local income tax reserve was transferred to the General Fund.

STATE OF MARYLAND

**Comparison of General Fund Revenues Collected
for the First Nine Months of Fiscal Year 2020**

The following table compares actual cash collections for the period from July 1 to March 31 during fiscal year 2020 with collections during that same period in the previous four fiscal years. The table does not reflect current year accruals.

	Fiscal Years (\$ in millions)				
	<u>2016</u>	<u>2017</u>	<u>2018</u>	<u>2019</u>	<u>2020</u>
Individual Income Tax (a).....	\$5,735.0	\$5,923.7	\$6,232.7	\$6,383.0	\$6,850.1
Corporate Income Tax (b)	596.7	390.0	423.6	513.4	544.3
Sales and Use Tax	2,913.2	2,992.9	3,036.4	3,140.5	3,334.6
State Lottery	347.2	317.8	349.9	348.5	352.0
Business Franchise Taxes.....	98.2	107.8	116.3	110.0	95.1
Tobacco Tax	269.6	264.1	256.8	248.2	43.3
Insurance Taxes and Fees.....	180.6	216.5	215.5	217.4	308.1
Alcoholic Beverage Taxes.....	20.5	20.8	20.5	20.9	2.7
Death Taxes.....	207.2	173.4	162.0	141.7	153.4
Clerks of Court.....	30.1	31.1	26.4	27.3	32.4
Motor Fuel Taxes	4.6	-	-	-	-
Transfer Tax (c).....	115.4	62.8	46.0	-	-
Hospital Patient Recoveries.....	10.4	11.2	8.2	7.9	7.1
Interest on Investments.....	11.2	(6.8)	21.6	15.0	32.2
District Court Fees.....	60.7	55.3	50.9	48.6	46.9
Miscellaneous.....	128.5	117.7	107.6	105.0	99.8
Total*	\$10,728.9	\$10,678.2	\$11,074.3	\$11,327.5	\$11,902.1

*Totals may not add due to rounding.

(a) The State has recorded revenues from individual income taxes on a modified accrual basis.

(b) The Transportation Trust Fund receives a distribution from the corporate income tax. The distribution percentage varies from year to year.

(c) These revenues include existing transfer tax revenue whose distribution was amended to provide various disbursement amounts to the General Fund across several years; see The Tax Property Article §13-209.

**FORMS OF OPINIONS OF THE ATTORNEY GENERAL OF
MARYLAND AND BOND COUNSEL**

Form of Opinion of the Attorney General

(Date of Delivery)

Board of Public Works
State of Maryland
Annapolis, Maryland

Ladies and Gentlemen:

This opinion is rendered with respect to the \$1,011,390,000 aggregate principal amount of the State of Maryland General Obligation Bonds, State and Local Facilities Loan of 2020, consisting of Second Series A Tax-Exempt Bonds (the “Second Series A Bonds”), Second Series B Tax-Exempt Refunding Bonds (the “Second Series B Bonds”) and Second Series C Taxable Refunding Bonds (the “Second Series B Bonds” and together with the Second Series A Bonds and Second Series B Bonds, the “Bonds”). The Bonds consolidate various State loans or installments thereof authorized by their enabling acts and amendments thereto (the “Enabling Acts”), and are issued pursuant to §8-117 through 8-124, inclusive, of the State Finance and Procurement Article of the Annotated Code of the State of Maryland (2015 Replacement Volume, as amended) (the “Act” and together with the Enabling Acts, the “Acts”). The Bonds are being issued in fully registered form in denominations of \$5,000 each or any integral multiple thereof, dated the date of their issuance and delivery, and bear interest and mature as set forth in the Bonds. The Second Series A Bonds are subject to redemption prior to maturity in the manner and upon the terms and conditions set forth in the respective Bonds. The Second Series B Bonds are not subject to redemption prior to maturity.

The Bonds are being issued in accordance with the resolutions of the Board of Public Works of the State of Maryland (the “Board”) adopted on July 1, 2020 and July 22, 2020 (collectively, the “Resolutions”).

This Office has reviewed the Acts, the Resolutions and such other legal opinions and the originals or certified copies of such resolutions, documents, records and other proofs as we deemed pertinent.

As to questions of fact material to this opinion, without undertaking to verify the same by independent investigation, this Office has relied upon the certified proceedings of the Board and certifications by public officials. This examination has been limited to the foregoing as they exist or are in effect as of the date hereof. This opinion is limited to the matters expressly set forth herein, and I express no opinion concerning any other matters.

No opinion is expressed as to the accuracy, adequacy or completeness of the Official Statement relating to the Bonds, and no opinion is expressed regarding the federal income taxation of the interest payable on the Bonds.

Based on the foregoing, I am of the opinion as of the date hereof and under existing law that:

- (a) The Bonds have been duly authorized for issuance by the Board for the valid public purposes stated in the Acts.
- (b) The Bonds have been lawfully issued and constitute valid and binding general obligations of the State of Maryland to the payment of which, as to both principal and interest, the full faith and credit and taxing power of the State are unconditionally pledged.
- (c) By the terms of the Act, the Bonds, the transfer of the Bonds, the interest payable on the Bonds, and any income derived from the Bonds, including profit realized in the sale or exchange of the Bonds, are exempt from State or local taxes; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds, their transfer, or the income therefrom.
- (d) The Continuing Disclosure Agreement dated [date of delivery] executed by the Board has been

duly authorized, executed and delivered by the Board and is a legal, valid and binding agreement of the State, enforceable against it in accordance with the terms thereof.

In rendering this opinion, I wish to advise you that the rights of the holders of the Bonds and the enforceability thereof and of the documents identified in this opinion may be subject to bankruptcy, insolvency, reorganization, moratorium and other similar laws relating to or affecting creditors' rights generally, and their enforcement may also be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases.

Very truly yours,

Brian E. Frosh
Attorney General

Catherine M. Allen
Assistant Attorney General

Form of Opinion of Bond Counsel

(Date of Delivery)

Board of Public Works
State of Maryland
Annapolis, Maryland

Ladies and Gentlemen:

This opinion is rendered with respect to the \$1,011,390,000 aggregate principal amount of the State of Maryland General Obligation Bonds, State and Local Facilities Loan of 2020, consisting of Second Series A Tax-Exempt Bonds (the “Second Series A Bonds”), Second Series B Tax-Exempt Refunding Bonds (the “Second Series B Bonds”), and collectively with the Second Series A Bonds, the “Tax-Exempt Bonds”) and Second Series C Taxable Refunding Bonds (the “Second Series C Bonds” and together with the Tax-Exempt Bonds, the “Bonds”). The Bonds consolidate various State loans or installments thereof authorized by their enabling acts and amendments thereto, and are issued pursuant to §§8-117 through 8-124, inclusive, of the State Finance and Procurement Article of the Annotated Code of the State of Maryland (2015 Replacement Volume, as amended) (the “Act”). The Bonds are being issued in fully registered form in denominations of \$5,000 each or any integral multiple thereof, dated the date of their issuance and delivery, and bear interest and mature as set forth in the Bonds. The Second Series A Bonds are subject to redemption prior to maturity in the manner and upon the terms and conditions set forth in the respective Bonds. The Second Series B Bonds are not subject to redemption prior to maturity.

The Bonds are being issued in accordance with the resolutions of the Board of Public Works of the State of Maryland (the “Board”) adopted on July 1, 2020 and July 22, 2020 (the “Resolutions”).

The Board, on behalf of the State of Maryland, has covenanted in a Tax Compliance Certificate executed in connection with the issuance of the Second Series Bonds that it will comply with the requirements of §148 of the Internal Revenue Code of 1986, as amended (the “Code”) pertaining to arbitrage bonds and stating the reasonable expectations of the Board with respect to the proceeds on the date of issue of the Bonds. Also, the Board has filed or will caused to be filed with the Internal Revenue Service reports of the issuance of the Bonds as required by §149(e) of the Code.

We have reviewed the Act, the Resolutions and such other legal opinions and the originals or certified copies of such resolutions, documents, records and other proofs as we deemed pertinent.

As to questions of fact material to our opinion, without undertaking to verify the same by independent investigation, we have relied upon the certified proceedings of the Board and certifications by public officials. Our examination has been limited to the foregoing as they exist or are in effect as of the date hereof. Our opinion is limited to the matters expressly set forth herein, and we express no opinion concerning any other matters.

Based on our examination of the foregoing, we are of the opinion as of the date hereof and under existing law, as follows:

(a) The Bonds have been duly authorized for issuance by the Board for the valid public purposes stated in the Act.

(b) The Bonds have been lawfully issued and constitute valid and binding general obligations of the State of Maryland to the payment of which, as to both principal and interest, the full faith and credit and taxing power of the State are unconditionally pledged.

(c) By the terms of the Act, the Bonds, their transfer, the interest payable thereon and any income derived therefrom, including any profit realized in the sale or exchange thereof, will be exempt from taxation within the State of Maryland by the State or by any of its political subdivisions, municipal corporations, or public agencies; no opinion is expressed as to estate or inheritance taxes, or any other taxes not levied or assessed directly on the Bonds, their transfer, or the income therefrom.

(d) Interest on the Tax-Exempt Bonds is excludable from gross income for purposes of federal income tax under existing laws as enacted and construed on the date of initial delivery of the Tax-Exempt Bonds, assuming the accuracy of the certifications of the Board and the continuing compliance by the Board with its covenants relating to the requirements of the Code. Interest on the Tax-Exempt Bonds is not an item of tax preference for purposes of federal alternative minimum tax.

Original issue premium on a Tax-Exempt Bond issued at an issue price that exceeds its principal amount, is amortizable periodically over the term of such Tax-Exempt Bond through reductions in the holder's tax basis for such Tax-Exempt Bond for determining taxable gain or loss from sale or from redemption prior to maturity. Amortization of premium does not create a deductible expense or loss.

We express no opinion regarding other federal tax consequences relating to the ownership or disposition of, or the accrual of receipt of interest on, the Tax-Exempt Bonds.

Interest on the Second Series C Bonds is not excludable from gross income for purposes of federal income tax.

In rendering our opinion, we wish to advise you that:

1. The rights of the holders of the Bonds and the enforceability thereof and of the documents identified in this opinion may be subject to bankruptcy, insolvency, reorganization, arrangement, fraudulent conveyance, moratorium and other laws relating to or affecting creditors' rights heretofore or hereafter enacted to the extent constitutionally applicable, and their enforcement may also be subject to the application of equitable principles and the exercise of judicial discretion in appropriate cases.

2. We express no opinion herein as to the accuracy, adequacy or completeness of any offering material relating to the Bonds.

3. Except as set forth above, we express no opinion regarding any other tax consequences relating to the ownership or disposition of the Bonds.

4. In rendering the opinions herein (excluding the opinion set forth in paragraph (d) for which the Attorney General expresses no opinion), we have relied, with permission, on the legal opinions of the Attorney General.

This opinion is addressed to, and is solely for the benefit of, the Board and may not be relied upon by any other person without our express written consent.

Very truly yours,

[to be signed by "Ballard Spahr LLP"]

OFFICIAL NOTICE OF SALE

\$540,000,000*

**STATE OF MARYLAND
General Obligation Bonds**

**State and Local Facilities Loan of 2020,
Second Series A Tax-Exempt Bonds**

NOTICE IS HEREBY GIVEN that two separate electronic bids will be received in the manner described below, by the State of Maryland (the "State") for the purchase of two separate groups of bonds that together comprise all of the \$540,000,000* State of Maryland General Obligation Bonds, State and Local Facilities Loan of 2020, Second Series A Tax-Exempt Bonds (the "Second Series A Bonds"), pursuant to resolutions of the Board of Public Works of Maryland (the "Board"). Each such group of the Second Series A Bonds will include different non-overlapping maturities as set forth below (respectively, "Second Series A Bidding Group 1 Bonds" and "Second Series A Bidding Group 2 Bonds" and collectively, the "Bidding Groups"). Bids for each Bidding Group will be received on:

Wednesday, July 22, 2020 (the "Sale Date")

Until 10:00 a.m. Local Annapolis, Maryland Time -- \$290,080,000* Second Series A Bidding Group 1 Bonds

Until 10:30 a.m. Local Annapolis, Maryland Time -- \$249,920,000* Second Series A Bidding Group 2 Bonds

(In each case, subject to postponement or cancellation in accordance with this Notice of Sale)

Electronic bids must be submitted through **PARITY** as described below.

No other form of bid or provider of electronic bidding services will be accepted.

The Second Series A Bonds are more particularly described in the Preliminary Official Statement dated July 15, 2020 relating to the Second Series A Bonds, (the "Preliminary Official Statement") available at the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA"), www.emma.msrb.org, Ipreo's database at www.i-dealprospectus.com, and the State's website, www.treasurer.state.md.us.

Consideration of the bids and the awards will be made by the Board on the Sale Date as set forth herein. The Board also reserves the right to make certain adjustments to the aggregate principal amount and the principal amounts of each maturity of the Second Series A Bonds being offered, to eliminate maturities, to change the terms of the Second Series A Bonds, to postpone the sale of the Second Series A Bonds to a later date, to offer the Second Series A Bonds in one or more series, or to cancel the sale of the Second Series A Bonds as further described herein. See "Adjustment of Amounts and Maturities" and "Change or Cancellation of Sale Date and/or Date of Delivery and/or Other Terms."

THE SALE AND DELIVERY OF EACH BIDDING GROUP IS CONTINGENT UPON THE SALE AND DELIVERY OF THE OTHER BIDDING GROUP.

SPECIAL COMMENTS			
The sale and delivery of each Bidding Group is contingent upon the sale and delivery of the other Bidding Group.			
A Nonqualified Competitive Bid may require the winning bidder of the respective Bidding Group of the Second Series A Bonds to hold the initial offering prices for certain maturities of the respective Bidding Group of the Second Series A Bonds for up to five business days after the Sale Date, as further specified in the form of the Issue Price certification.			

*If numerical or date references contained in the body of this Official Notice of Sale conflict with the Bidding Parameters Table, the Bidding Parameters Table of this Official Notice of Sale shall control. Consult the body of this Official Notice of Sale for a detailed explanation of the items contained in the Bidding Parameters Table, including interpretation of such items and methodologies used to determine such items. Preliminary; subject to change.

Bond Amortization Schedule

As set forth below, the Second Series A Bidding Group 1 Bonds maturing in years 2023 through 2030, inclusive, will be issued in serial or term bond form as designated by the successful bidder in its proposal, as described below. The principal of the Second Series A Bidding Group 1 Bonds shall be payable in installments on the dates in the following years and in the following amounts:

\$290,080,000* State and Local Facilities Loan of 2020, Second Series A Bidding Group 1 Bonds

<u>Maturing August 1</u>	<u>Principal Amount*</u>
2023	\$30,240,000
2024	31,790,000
2025	33,420,000
2026	35,130,000
2027	36,935,000
2028	38,830,000
2029	40,820,000
2030	42,915,000

As set forth below, the Second Series A Bidding Group 2 Bonds maturing in years 2031 through 2035, inclusive, will be issued in serial or term bond form as designated by the successful bidder in its proposal, as described below. The principal of the Second Series A Bidding Group 2 Bonds shall be payable in installments on the dates in the following years and in the following amounts:

\$249,920,000* State and Local Facilities Loan of 2020, Second Series A Bidding Group 2 Bonds

<u>Maturing August 1</u>	<u>Principal Amount*</u>
2031	\$45,115,000
2032	47,425,000
2033	49,860,000
2034	52,415,000
2035	55,105,000

The Second Series A Bonds

Security

The Second Series A Bonds are general obligations of the State, and its full faith and credit and taxing power are unconditionally pledged to the punctual payment of principal and interest on such Bonds when due and payable.

Use of Proceeds

The proceeds of the Second Series A Bonds will be applied for a variety of public purposes, including the acquisition and construction of State facilities; capital grants to local governments for public schools, community colleges, and jails and correctional facilities; and matching fund loans and grants to local governments, nonprofit institutions, and other entities for hospitals, cultural projects and other projects.

Description of the Bonds

General. The Second Series A Bonds will be dated as of the Date of Delivery (“Dated Date”), expected to be on or about August 5, 2020, and will be in fully registered form in denominations of \$5,000 each or any integral multiple thereof.

*Preliminary, subject to change

Interest on the Second Series A Bonds will accrue from the Dated Date, and will be payable on February 1, 2021 and semiannually thereafter on each August 1 and February 1 until maturity or earlier redemption. The Second Series A Bonds will mature on August 1 of each year as specified in the Bond Amortization Schedule above.

Term Bond Option. For each Bidding Group of the Second Series A Bonds, bidders may designate in their proposal two or more consecutive annual principal maturities as a term bond that matures on the maturity date of the last annual principal payment of the sequence. Any term bond so designated shall be subject to mandatory sinking fund redemption in each year on the principal payment date and in the entire principal amount for each annual principal maturity designated for inclusion in such term bond. There is no limitation on the number of term bonds in each Bidding Group of the Second Series A Bonds.

Form of Bonds. The Second Series A Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of the Second Series A Bonds in principal amount equal to the aggregate principal amount of such maturity will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), as registered owner of the Second Series A Bonds, and each such bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Second Series A Bonds. Individual purchases will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the bonds purchased. The winning bidder, as a condition to delivery of the Second Series A Bonds, must consent that bond certificates will be deposited with DTC.

So long as the Second Series A Bonds are maintained under a book-entry only system, the Bond Registrar and Paying Agent for the Second Series A Bonds will be the Maryland State Treasurer (the “Treasurer”) or any other Bond Registrar and Paying Agent designated by the Treasurer. All payments of the principal of and interest on the Second Series A Bonds shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Optional Redemption

The Second Series A Bonds maturing on or after August 1, 2031 are subject to redemption prior to maturity at par at any time on or after August 1, 2030 at the option of the State, as a whole or in part at any time on at least 20 days’ notice and, if in part, in any order of maturity at the option of the State, at the redemption price of par, plus accrued interest, if any, to the redemption date.

Selection of Bonds for Redemption. If less than all of the redeemable Second Series A Bonds shall be called for redemption, the particular Second Series A Bonds to be redeemed shall be selected by the Paying Agent in such manner as, in its discretion, it shall determine, except that so long as DTC or its nominee is the sole registered owner of the Second Series A Bonds, the particular Second Series A Bond or portion to be redeemed shall be selected by DTC, in such manner as DTC shall determine.

Adjustment of Amounts and Maturities

Prior to Sale Date

Prior to the Sale Date, the Board may adjust the preliminary aggregate principal amount of the Second Series A Bonds and of each Bidding Group and the preliminary principal amount and maturity of each serial installment of the Second Series A Bonds and of each Bidding Group as set forth in this Official Notice of Sale (the “Preliminary Aggregate Principal Amount” and the “Preliminary Principal Amounts”, and collectively the “Preliminary Amounts”). In addition, if the Treasurer determines it to be in the best interests of the State, the Second Series A Bonds may be issued in one or more series in amount and maturities determined by the Treasurer. **ANY SUCH REVISIONS MADE PRIOR TO THE OPENING OF THE BIDS WILL BE PUBLISHED ON THOMSON MUNICIPAL MARKET MONITOR (“TM3”) (www.tm3.com) NOT LATER THAN 4:00 P.M., LOCAL ANNAPOLIS, MARYLAND TIME, ON THE BUSINESS DAY IMMEDIATELY PRIOR TO THE SALE DATE FOR THE BONDS.**

In the event that no such revisions are made prior to the opening of the bids, the Preliminary Amounts for each Bidding Group will constitute the Amounts. Bidders shall submit bids based on the Amounts, and the Amounts will be used to compare bids and select a winning bidder for each Bidding Group.

On Sale Date

After the opening of the bids for each Bidding Group, the Board may further adjust the Amounts of the Second Series A Bonds (the “Final Amounts”). In determining the Final Amounts, the Board reserves the right to reduce or increase the Aggregate Principal Amount of the Second Series A Bidding Group 1 Bonds up to ten percent (10%) and to reduce or increase the Aggregate Principal Amount of the Second Series A Bidding Group 2 Bonds up to ten percent (10%). THE SUCCESSFUL BIDDER FOR EACH BIDDING GROUP MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THE LIMITS STATED ABOVE.

The dollar amount bid by the successful bidder for each Bidding Group will be adjusted to reflect any adjustments in the aggregate principal amount of each Bidding Group of the Second Series A Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriters’ discount and original issue discount/premium, if any, but will not change the selling compensation per \$1,000 of par amount of the Second Series A Bidding Group 1 Bonds and the Second Series A Bidding Group 2 Bonds from the selling compensation that would have been received based on the purchase price of the winning bid for each Bidding Group and the Initial Reoffering Prices (as defined below). The interest rate specified by the successful bidder for each Bidding Group using the price at which it will re-offer the Second Series A Bonds of each maturity to the public (the “Initial Reoffering Prices”) will not change. The Final Amounts and the adjusted purchase price for each Bidding Group of the Second Series A Bonds will be communicated to the successful bidder as soon as possible, but no later than 5:00 p.m. (local Annapolis, Maryland time) on the day of the sale.

Change or Cancellation of Sale Date and/or Date of Delivery and/or Other Terms

The Board may cancel or postpone the sale of the Second Series A Bonds prior to the Sale Date. Notice of a cancellation or postponement will be announced via the TM3 wire at www.tm3.com. Notice of any new date and time of sale will be announced at least 24 hours prior to the time bids are to be submitted and will specify changes in the principal amount or other features, if any.

The Board may change the scheduled delivery date, the dates of the semiannual interest payments and annual principal payments, the optional redemption date, the number of series offered or revise any other terms for the Second Series A Bonds by notice given in the same manner as that set forth above.

Preliminary Official Statement; Continuing Disclosure

The State has deemed the Preliminary Official Statement to be final as of its date for purposes of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), except for the omission of certain information permitted to be omitted by said Rule. As soon as practicable after the Sale Date, the State will publish a complete final Official Statement (the “Official Statement”) that will contain this information. The State agrees to deliver to each successful bidder for its receipt no later than seven business days after the Sale Date such quantities of the Official Statement as the successful bidder shall request, provided, that the State shall deliver up to 100 copies of such Official Statement without charge to each successful bidder.

The State has made certain covenants for the benefit of the holders from time to time of the Second Series A Bonds to provide certain continuing disclosure, in order to assist bidders for the Second Series A Bonds in complying with Rule 15c2-12(b)(5). Such covenants are described in the Preliminary Official Statement.

The State has complied in all material respects with its obligations under its existing Continuing Disclosure Agreements executed pursuant to Rule 15c2-12(b)(5) during the last five years.

Electronic Bidding

Bidders may only submit bids via PARITY

A prospective bidder may only bid electronically for each Bidding Group of the Second Series A Bonds via PARITY pursuant to this Official Notice of Sale. By submitting its bid for each Bidding Group of the Second Series A Bonds, a prospective bidder represents and warrants to the State that such bidder’s bid for the purchase of such Bidding Group of the Second Series A Bonds is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of such Bidding

Group of the Second Series A Bonds.

Additional information concerning bidding through the system may be directed to the PARITY Help Desk at (212) 849-5021.

Disclaimer. Each prospective electronic bidder shall be solely responsible to register to bid via PARITY as described above. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access PARITY for the purpose of submitting its bid in a timely manner and in compliance with the requirements of the Official Notice of Sale. Neither the State nor PARITY shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the State nor PARITY shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by PARITY. The State is using PARITY as a communication mechanism, and not as the State's agent, to conduct the electronic bidding for the Second Series A Bonds. The State is not bound by any advice and determination of PARITY to the effect that any particular bid complies with the terms of this Official Notice of Sale and in particular the "Bid Submissions" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via PARITY are the sole responsibility of the bidders, and the State is not responsible, directly or indirectly, for any of such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Second Series A Bonds, such bidder should telephone PARITY New Issues Desk at (212) 849-5021 and notify the State's Treasurer's Office by facsimile at (410) 260-6057.

Electronic Bidding Procedures. Electronic bids must be submitted for the purchase of the Second Series A Bonds (all or none) via PARITY. Bids will be communicated electronically to the State at 10:00 a.m. local Annapolis, Maryland time, on Wednesday, July 22, 2020, for the Second Series A Bidding Group 1 Bonds and at 10:30 a.m. local Annapolis, Maryland time, on Wednesday, July 22, 2020, for the Second Series A Bidding Group 2 Bonds. Prior to the respective times for the bids, an eligible prospective bidder may (1) input the proposed terms of its bid via PARITY, (2) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the respective Bidding Group of the Second Series A Bonds, or (3) withdraw its proposed bid. Once the bids are communicated electronically via PARITY to the State each bid will constitute an irrevocable offer to purchase the respective Bidding Group of the Second Series A Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on PARITY shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the State, as described under "Basis of Award" below, represented by the rate or rates of interest and the bid price specified in their respective bids.

Bid Submissions

Each bid must be in conformity with this Official Notice of Sale.

All bids must be delivered to the Board via PARITY, before **10:00 a.m.**, local Annapolis, Maryland time, on Wednesday, July 22, 2020, for the Second Series A Bidding Group 1 Bonds, and before **10:30 a.m.**, local Annapolis, Maryland time, on Wednesday, July 22, 2020, for the Second Series A Bidding Group 2 Bonds at which times they will be received by the Board. As described above, the Board reserves the right to postpone the date for receipt of bids.

By submitting a bid for a Bidding Group of the Second Series A Bonds, a bidder represents and warrants to the State that it has an established industry reputation for underwriting new issuances of municipal bonds.

All bids shall be for cash on delivery and shall be based on an offering to pay not less than 100% of the par value of the Second Series A Bidding Group 1 Bonds and no less than 100% of the par value of the Second Series A Bidding Group 2 Bonds. Each bidder shall indicate in its bid the rate of interest to be paid on each maturity. All maturities must have a rate of interest of 5.00%.

Minority Business Enterprise Participation

THE STATE STRONGLY ENCOURAGES EACH BIDDER FOR EACH BIDDING GROUP OF THE SECOND SERIES BONDS TO MAKE A GOOD FAITH EFFORT TO INCLUDE MINORITY BUSINESS ENTERPRISES IN THE SYNDICATE PURCHASING THE RESPECTIVE BIDDING GROUP OF THE SECOND SERIES

BONDS. THE SUCCESSFUL BIDDERS WILL BE REQUESTED TO PROVIDE A LIST OF SYNDICATE MEMBERS WHICH IDENTIFIES THE MINORITY BUSINESS ENTERPRISE MEMBERS AND INDICATES THEIR PERCENTAGES OF PARTICIPATION.

Right of Rejection

For each Bidding Group of the Second Series A Bonds, the Board expressly reserves the right (i) to waive any informalities, (ii) to reject all bids, any incomplete bid or any bid not fully complying with all of the requirements set forth herein, and (iii) to solicit new bids or proposals for the sale of the Second Series A Bonds or otherwise provide for the public sale of the Second Series A Bonds if all bids are rejected or the winning bidder defaults, including, without limitation, sale of each Bidding Group of the Second Series A Bonds to one or more of the losing or rejected bidders without regard to their original bid or its relationship to any other bid.

Basis of Award

The sale and delivery of each Bidding Group is contingent upon the sale and delivery of the other Bidding Group.

Each Bidding Group of the Second Series A Bonds will be awarded by the Board on the Sale Date to the bidder for each respective Bidding Group whose bid complies with this Official Notice of Sale and results in the lowest true interest cost ("TIC") to the State.

The lowest TIC for each Bidding Group will be determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments from the payment dates to the Date of Delivery of the Second Series A Bonds and to the aggregate amount bid for the respective Bidding Group of the Second Series A Bonds. If two or more responsible bidders have made bids resulting in the same lowest TIC to the State for the respective Bidding Group of the Second Series A Bonds, the respective Bidding Group Bonds shall be awarded to one of such bidders based upon which bid was received first.

Preliminary Award; Reoffering Prices; Final Award

As promptly as reasonably practicable after the bids are received and reviewed, but not later than **12:30 p.m.** local Annapolis, Maryland time on the Sale Date (unless bids have been postponed or the sale has been cancelled), the Treasurer will notify the apparently successful bidder for each Bidding Group of the Preliminary Award of the respective Bidding Group of the Second Series A Bonds. The successful bidder of each Bidding Group of the Second Series A Bonds shall make a bona fide public offering of all of the respective Bidding Group and shall represent to the State that such offering is in compliance with all applicable securities laws of the jurisdictions in which such Bidding Group of the Second Series A Bonds are offered. Within 30 minutes after being notified of the Preliminary Award of each Bidding Group of the Second Series A Bonds, the successful bidder of each Bidding Group shall advise the State in writing (via facsimile or e-mail transmission) to Christian Lund, Monika Conley, and Daniel Forman at clund@treasurer.state.md.us, mconley@pragadvisors.com and dforman@pragadvisors.com, respectively, of such Initial Reoffering Prices of such Bidding Group of the Second Series A Bonds. The State will review the Initial Reoffering Prices for compliance with applicable securities laws prior to final confirmation of the award expected on the Sale Date.

The decision by the Board as to the award of each Bidding Group of the Second Series A Bonds will be final. Bids may not be withdrawn prior to the award.

The apparent successful bidder of each Bidding Group Bonds will also be required to wire to the State a Good Faith Deposit as further described herein. Timely notification of the Final Award of each Bidding Group Bonds is subject to the State's receipt of the Good Faith Deposit.

Issue Price Determination

The State expects and intends that the bid for each Bidding Group of the Second Series A Bonds will satisfy the competitive sale requirements under provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining "competitive sale" for purposes of establishing the issue price of the Second Series A Bonds), including, among other things, receipt of bids for each Bidding Group of the Second Series A Bonds from at least three underwriters, who have established industry reputations for underwriting new issuances of municipal bonds (a "Qualified Competitive Bid"). The State will advise the successful bidder of each Bidding Group of the Second Series A Bonds as promptly as possible after the bids

are opened whether the bid constitutes a Qualified Competitive Bid, or, in the alternative, a bid that fails to satisfy such requirements (a “Nonqualified Competitive Bid”). **It is noted that procedures for a Nonqualified Competitive Bid may require the winning bidder of the respective Bidding Group of the Second Series A Bonds and, if applicable, other underwriters of the respective Bidding Group of the Second Series A Bonds, to hold the initial offering prices for certain maturities of the respective Bidding Group of the Second Series A Bonds for up to five business days after the sale date, as further specified in the form of such certification.**

Reoffering Price Certification

The successful bidder of each Bidding Group must deliver to the Board at closing an “issue price” or similar certificate setting forth the reasonably expected initial reoffering price to the public of the respective Bidding Group of the Second Series A Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, if the bid constitutes a Qualified Competitive Bid or as Exhibit B, if the bid constitutes a Nonqualified Competitive Bid, with such modifications as may be appropriate or necessary, in the reasonable judgement of the respective successful bidder, the Board and Bond Counsel.

Good Faith Deposits

A Good Faith Deposit in the amount of \$2,900,800 is required only of the winning bidder for the Second Series A Bidding Group 1 Bonds; and a Good Faith Deposit in the amount of \$2,499,200 is required only of the winning bidder for the Second Series A Bidding Group 2 Bonds.

The winning bidder for each Bidding Group of the Second Series A Bonds is required to submit a Good Faith Deposit as indicated above, payable to the order of the State in the form of a wire transfer in federal funds as instructed by the State’s Financial Advisor, Public Resources Advisory Group. The winning bidder for each Bidding Group of the Second Series A Bonds shall submit the Good Faith Deposit not later than 2:00 p.m. (local Annapolis, Maryland time) on the Sale Date. The winning bidder for each Bidding Group of the Second Series A Bonds should provide as quickly as it is available, evidence of wire transfer by providing the State the federal funds reference number. If the Good Faith Deposit is not received in the time allotted, the bid of the respective winning bidder may be rejected and the State may direct the next lowest bidder to submit a Good Faith Deposit and thereafter may award the sale of the Second Series A Bidding Group 1 Bonds or the sale of the Second Series A Bidding Group 2 Bonds to the same, respectively. If the winning bidder of the respective Bidding Group fails to comply with the Good Faith Deposit requirements as described herein, that bidder is nonetheless obligated to pay to the State the sum of \$2,900,800 (for Bidding Group 1 Bonds) or \$2,499,200 (for Bidding Group 2 Bonds) as liquidated damages due to the failure of the winning bidder to timely deposit the Good Faith Deposit for the respective Bidding Group of the Second Series A Bonds.

Submission of a bid to purchase each Bidding Group of the Second Series A Bonds serves as acknowledgement and acceptance of the terms of the Good Faith Deposit requirement for each Bidding Group of the Second Series A Bonds.

The Good Faith Deposits so wired will be retained by the State until the delivery of the Second Series A Bonds, at which time the Good Faith Deposits will be applied against the purchase price of the Second Series A Bonds or the Good Faith Deposits will be retained by the State as partial liquidated damages in the event of the failure of the successful bidder of each Bidding Group to take up and pay for such Bidding Group of the Second Series A Bonds in compliance with the terms of this Official Notice of Sale and of its bid. No interest on the Good Faith Deposits will be paid by the State. The balance of the purchase price for each Bidding Group of the Second Series A Bonds must be wired in federal funds to the account detailed in the closing memorandum, simultaneously with delivery of the Second Series A Bonds.

Delivery and Payment

Delivery of the Second Series A Bonds will be made by the State to DTC in book-entry only form, in New York, New York on or about the anticipated Date of Delivery, or on or about such other date as may be agreed on by the Treasurer and the successful bidder.

At the time of delivery of the Second Series A Bonds, payment of the amount due for each Bidding Group of the Second Series A Bonds must be made by the successful bidder of such Bidding Group to the order of the State in immediately available federal funds or other funds immediately available to the State, or by such other means as may be acceptable to the Treasurer. Any expense incurred in providing immediately available funds, whether by transfer of

federal funds or otherwise, shall be borne by the successful bidder for each Bidding Group of the Second Series A Bonds.

CUSIP Numbers; Expenses of the Bidder

It is anticipated that CUSIP numbers will be assigned to each of the Second Series A Bonds, but neither the failure to type or print such numbers on any of the Second Series A Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser(s) thereof to accept delivery of and pay for the Second Series A Bonds. The policies of the CUSIP Service Bureau will govern the assignment of specific numbers to the Second Series A Bonds. Public Resources Advisory Group as Financial Advisor will timely apply for CUSIP numbers with respect to the Second Series A Bonds as required by MSRB Rule G-34. Each purchaser shall be responsible for the cost of assignment of such CUSIP numbers.

All charges of DTC and all other expenses of the successful bidder(s) will be the responsibility of the successful bidder(s) for the Second Series A Bonds.

Tax Status, Legal Opinions, Closing Documents and No Litigation

It shall be a condition to the obligation of the successful bidder(s) to accept delivery of and pay for the Second Series A Bonds that, simultaneously with or before delivery and payment for the Second Series A Bonds, the bidder(s) without cost shall be furnished with (1) the approving opinions of the Attorney General of the State of Maryland (“Attorney General”) and of Ballard Spahr LLP, Baltimore, MD, Bond Counsel, dated as of the Date of Delivery of the Second Series A Bonds, substantially in the respective forms included as Appendix D to the Preliminary Official Statement; (2) a certificate of the Attorney General dated as of the Date of Delivery of the Second Series A Bonds to the effect that there is no litigation pending or, to the best of his knowledge, threatened, that in any manner will affect the validity of the Acts under which the Second Series A Bonds will be issued; (3) a copy of the Official Statement relating to the Second Series A Bonds dated as of the Sale Date of the Second Series A Bonds signed in a manner permitted under Maryland law; (4) a certificate or certificates of the members of the Board to the effect that, to the best of their knowledge and belief (except for the reoffering information provided by the bidder and information regarding DTC and DTC’s book-entry system provided by DTC, as to which no view will be expressed): (a) the Official Statement as of the Sale Date did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and (b) between the Sale Date and the Date of Delivery of the Second Series A Bonds, there has been no material adverse change in the financial condition or financial affairs of the State except as may have been disclosed in or contemplated by the Official Statement as of the Sale Date; and (5) the Continuing Disclosure Agreement substantially in the form included as Appendix F to the Preliminary Official Statement.

The opinions of the Attorney General and Bond Counsel will be delivered, upon request, to the purchaser(s) of the Second Series A Bonds, without charge. A bidder may make the legality and validity of the Second Series A Bonds one of the terms of the bid by making the bid “subject to legality,” or using any equivalent form of expression, which shall be deemed to refer to the opinions of the Attorney General and Bond Counsel referred to above, but no bid should purport to leave this question to the decision of the bidder or its counsel. All bids conditioned upon the approval of the bidder or its counsel, whether named or unnamed, will be treated as conditional bids and will be rejected unless the condition is waived by the bidder to the satisfaction of the Board before the award has been made.

(THE REMAINDER OF PAGE INTENTIONALLY LEFT BLANK)

Additional Information

This Official Notice of Sale is not a summary of the terms of the Second Series A Bonds. Reference is made to the Preliminary Official Statement for a further description of the Second Series A Bonds and the State. Prospective investors or bidders for the Second Series A Bonds must read the entire Preliminary Official Statement to obtain information essential to making an informed investment decision. The Preliminary Official Statement is deemed final by the State as of its date for purposes of the Rule but is subject to revision, amendment and completion in a final Official Statement. Additional information concerning the matters discussed in this Official Notice of Sale and copies of the Preliminary Official Statement may be obtained online or by request from Christian Lund, the State's Director of Debt Management, at clund@treasurer.state.md.us or (410) 260-7920 or from Monika Conley or Daniel Forman, at, respectively, mconley@pragadvisors.com or (917) 749-2426 and dforman@pragadvisors.com or (781) 799-2718.

**FORM OF ISSUE PRICE CERTIFICATE
FOR QUALIFIED COMPETITIVE BID**

\$-----

**STATE OF MARYLAND
General Obligation Bonds**

**State and Local Facilities Loan of 2020,
Second Series A Tax-Exempt Bonds
Bidding Group --**

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER], as the winning bidder (the "Purchaser"), in connection with the sale by the State of Maryland (the "Issuer") of its \$----- aggregate principal amount of the State and Local Facilities Loan of 2020, Second Series A Tax Exempt Bonds maturing August 1 --- to August 1, ---- constituting Bidding Group – (the "Bonds"), hereby certifies as set forth below with respect to the sale of the Bonds to be issued by the Issuer.

1. Reasonably Expected Initial Offering Price.

As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public (defined below) by the Purchaser are the prices listed in Schedule A (the "Expected Offering Prices"). The Expected Offering Prices are the prices for the Maturities (defined below) of the Bonds used by the Purchaser in formulating its bid to purchase the Bonds. Attached as Schedule B is a true and correct copy of the bid provided by the Purchaser to purchase the Bonds.

The Purchaser was not given the opportunity to review other bids prior to submitting its bid.

The bid submitted by the Purchaser constituted a firm offer to purchase the Bonds.

2. Defined Terms.

Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

Sale Date means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is July --, 2020.

Underwriter means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Purchaser's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Ballard Spahr LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

**FORM OF ISSUE PRICE CERTIFICATE
FOR NONQUALIFIED COMPETITIVE BID**

\$-----

**STATE OF MARYLAND
General Obligation Bonds**

**State and Local Facilities Loan of 2020,
Second Series A Tax-Exempt Bonds
Bidding Group --**

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER], as the winning bidder (the "Purchaser"), in connection with the sale by the State of Maryland (the "Issuer") of its \$----- aggregate principal amount of the State and Local Facilities Loan of 2020, Second Series A Tax Exempt Bonds maturing August 1 --- to August 1, ---- constituting Bidding Group – (the "Bonds"), hereby certifies as set forth below with respect to the sale of the Bonds to be issued by the Issuer.

1. Sale of the General Rule Maturities. As of the date of this Certificate, for each Maturity of the General Rule Maturities, the first price at which 10% of such Maturity was sold by [NAME OF UNDERWRITER] to the Public is the respective price listed in Schedule A.

2. Initial Offering Price of the Hold-the-Offering-Price Maturities.

(a) [NAME OF UNDERWRITER] offered the Hold-the-Offering Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule A (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this Certificate as Schedule B.

(b) As set forth in the Notice of Sale and bid award, the [NAME OF UNDERWRITER] has agreed in writing that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the-offering-price rule"), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to the foregoing, no Underwriter has offered or sold any Maturity of the Hold-the-Offering Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

3. Defined Terms.

(a) General Rule Maturities means those Maturities of the Bonds shown in Schedule A hereto as the "General Rule Maturities."

(b) Hold-the-Offering-Price Maturities means those Maturities of the Bonds listed in Schedule A hereto as the "Hold-the-Offering-Price Maturities."

(c) Holding Period means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date, or (ii) the date on which [NAME OF UNDERWRITER] has sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) Issuer means the State of Maryland.

(e) Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(f) Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(g) Sale Date means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is July --, 2020.

(h) Underwriter means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Purchaser's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Ballard Spahr LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

\$117,340,000*
STATE OF MARYLAND
General Obligation Bonds

**State and Local Facilities Loan of 2020,
Second Series B Tax-Exempt Refunding Bonds**

NOTICE IS HEREBY GIVEN that electronic bids will be received on the date and up to the time specified below:

SALE DATE: Wednesday, July 22, 2020

SALE TIME: 11:30 a.m. Local Annapolis, Maryland Time

ELECTRONIC BIDS: Must be submitted through **PARITY** as described below.

No other form of bid or provider of electronic bidding services will be accepted.

Pursuant to resolutions of the Board of Public Works of Maryland (the "Board"), bids will be received for the purchase of all, but not less than all, of the State and Local Facilities Loan of 2020, Second Series B Tax-Exempt Refunding Bonds (the "Second Series B Bonds") to be issued by the State of Maryland (the "State"). The Second Series B Bonds are more particularly described in the Preliminary Official Statement dated July 15, 2020 relating to the Second Series B Bonds, (the "POS") available at the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA"), www.emma.msrb.org, Ipreo's database at www.i-dealprospectus.com, and the State's website, www.treasurer.state.md.us.

Consideration of the bids and the award will be made by the Board on the Sale Date as set forth herein. The Board also reserves the right to make certain adjustments to the aggregate principal amount and the principal amounts of each maturity of the Second Series B Bonds being offered, to eliminate maturities, to change the terms of the Second Series B Bonds, to postpone the sale of the Second Series B Bonds to a later date, to offer the Second Series B Bonds in one or more series, or to cancel the sale of the Second Series B Bonds as further described herein. See "Adjustment of Amounts and Maturities" and "Change or Cancellation of Sale Date and/or Date of Delivery and/or Other Terms." **THE SALE AND DELIVERY OF THE SECOND SERIES B BONDS IS CONTINGENT UPON THE SALE AND DELIVERY OF THE SECOND SERIES C BONDS.**

*If numerical or date references contained in the body of this Official Notice of Sale conflict with the Bidding Parameters Table, the Bidding Parameters Table of this Official Notice of Sale shall control. Consult the body of this Official Notice of Sale for a detailed explanation of the items contained in the Bidding Parameters Table, including interpretation of such items and methodologies used to determine such items. Preliminary; subject to change.

Bond Amortization Schedule

The Second Series B Bonds will be issued in serial bond form as designated by the successful bidder in its proposal, as described below. The principal of the Second Series B Bonds shall be payable in installments on the dates in the following years and in the following amounts:

\$117,340,000* State and Local Facilities Loan of 2020, Second Series B

<u>Maturing</u> <u>August 1</u>	<u>Principal</u> <u>Amount*</u>	<u>Maturing</u> <u>August 1</u>	<u>Principal</u> <u>Amount*</u>
2027	\$70,800,000	2028	\$46,540,000

The Bonds

Security

The Second Series B Bonds are general obligations of the State, and its full faith and credit and taxing power are unconditionally pledged to the punctual payment of principal and interest on such Bonds when due and payable.

Description of the Bonds

General. The Second Series B Bonds will be dated as of the Date of Delivery (“Dated Date”), expected to be on or about August 5, 2020, and will be in fully registered form in denominations of \$5,000 each or any integral multiple thereof.

Interest on the Second Series B Bonds will accrue from the Dated Date, and will be payable February 1, 2021 and semiannually thereafter on each February 1 and August 1 until maturity. The Second Series B Bonds will mature on August 1 of each year as specified in the Bond Amortization Schedule above.

Term Bond Option. No term bonds are allowed for the Second Series B Bonds.

Form of Bonds. The Second Series B Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of the Second Series B Bonds in principal amount equal to the aggregate principal amount of such maturity will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), as registered owner of the Second Series B Bonds, and each such bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Second Series B Bonds. Individual purchases will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the bonds purchased. The winning bidder, as a condition to delivery of the Second Series B Bonds, must consent that bond certificates will be deposited with DTC.

So long as the Second Series B Bonds are maintained under a book-entry only system, the Bond Registrar and Paying Agent for the Second Series B Bonds will be the Maryland State Treasurer (the “Treasurer”) or any other Bond Registrar and Paying Agent designated by the Treasurer. All payments of the principal of and interest on the Second Series B Bonds shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

Optional Redemption

The Second Series B Bonds are not subject to redemption prior to their respective maturities.

*Preliminary, subject to change.

Adjustment of Amounts and Maturities

Prior to Sale Date

Prior to the Sale Date, the Board may adjust the preliminary aggregate principal amount of the Second Series B Bonds and the preliminary principal amount and maturity of each serial installment of the Second Series B Bonds as set forth in this Official Notice of Sale (the “Preliminary Aggregate Principal Amount” and the “Preliminary Principal Amounts”, and collectively the “Preliminary Amounts”). In addition, if the Treasurer determines it to be in the best interests of the State, the Second Series B Bonds may be issued in one or more series in amount and maturities determined by the Treasurer. **ANY SUCH REVISIONS MADE PRIOR TO THE OPENING OF THE BIDS WILL BE PUBLISHED ON THOMSON MUNICIPAL MARKET MONITOR (“TM3”) (www.tm3.com) NOT LATER THAN 4:00 P.M., LOCAL ANNAPOLIS, MARYLAND TIME, ON THE BUSINESS DAY IMMEDIATELY PRIOR TO THE SALE DATE FOR THE BONDS.**

In the event that no such revisions are made prior to the opening of the bids, the Preliminary Amounts will constitute the Amounts. Bidders shall submit bids based on the Amounts, and the Amounts will be used to compare bids and select a winning bidder.

On Sale Date

After the opening of the bids, the Board may further adjust the Amounts of the Second Series B Bonds. (the “Final Amounts”). In determining the Final Amounts, the Board reserves the right to reduce or increase the Aggregate Principal Amount of the Second Series B Bonds by no more than fifteen percent (15%). **THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THE LIMITS STATED ABOVE.**

The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the aggregate principal amount of the Second Series B Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriters’ discount and original issue discount/premium, if any, but will not change the selling compensation per \$1,000 of par amount of the Second Series B Bonds from the selling compensation that would have been received based on the purchase price of the winning bid and the Initial Reoffering Prices (as defined below). The interest rate specified by the successful bidder using the price at which it will re-offer the Second Series B Bonds of each maturity to the public (the “Initial Reoffering Prices”) will not change. The Final Amounts and the adjusted purchase price for the Second Series B Bonds will be communicated to the successful bidder as soon as possible, but no later than 5:00 p.m. (local Annapolis, Maryland time) on the day of the sale.

Change or Cancellation of Sale Date and/or Date of Delivery and/or Other Terms

The Board may cancel or postpone the sale of the Second Series B Bonds prior to or on the Sale Date in its sole discretion. Notice of a cancellation or postponement will be announced via the TM3 wire at www.tm3.com. Notice of any new date and time of sale will be announced at least 24 hours prior to the time bids are to be submitted and will specify changes in the principal amount or other features, if any.

The Board may change the scheduled delivery date, the dates of the semiannual interest payments and annual principal payments, the optional redemption date, the number of series offered or revise any other terms for the Second Series B Bonds by notice given in the same manner as that set forth above.

Preliminary Official Statement; Continuing Disclosure

The State has deemed the Preliminary Official Statement to be final as of its date for purposes of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), except for the omission of certain information permitted to be omitted by said Rule. As soon as practicable after the Sale Date, the State will publish a complete final Official Statement (the “Official Statement”) that will contain this information. The State agrees to deliver to the successful bidder for its receipt no later than seven business days after the Sale Date such quantities of the Official Statement as the successful bidder shall request, provided, that the State shall deliver up to 100 copies of such Official Statement without charge to the successful bidder.

The State has made certain covenants for the benefit of the holders from time to time of the Second Series B Bonds to provide certain continuing disclosure, in order to assist bidders for the Second Series B Bonds in complying with Rule 15c2-12(b)(5). Such covenants are described in the Preliminary Official Statement.

The State has complied in all material respects with its obligations under its existing Continuing Disclosure Agreements executed pursuant to Rule 15c2-12(b)(5) during the last five years.

Electronic Bidding

Bidders may only submit bids via PARITY

A prospective bidder may only bid electronically for the Second Series B Bonds via PARITY pursuant to this Official Notice of Sale. By submitting its bid for the Second Series B Bonds, a prospective bidder represents and warrants to the State that such bidder's bid for the purchase of the Second Series B Bonds is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Second Series B Bonds.

Additional information concerning bidding through the system may be directed to the PARITY Help Desk at (212) 849-5021.

Disclaimer. Each prospective electronic bidder shall be solely responsible to register to bid via PARITY as described above. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access PARITY for the purpose of submitting its bid in a timely manner and in compliance with the requirements of the Official Notice of Sale. Neither the State nor PARITY shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the State nor PARITY shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by PARITY. The State is using PARITY as a communication mechanism, and not as the State's agent, to conduct the electronic bidding for the Second Series B Bonds. The State is not bound by any advice and determination of PARITY to the effect that any particular bid complies with the terms of this Official Notice of Sale and in particular the "Bid Submissions" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via PARITY are the sole responsibility of the bidders, and the State is not responsible, directly or indirectly, for any of such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Second Series B Bonds, such bidder should telephone PARITY New Issues Desk at (212) 849-5021 and notify the State's Treasurer's Office by facsimile at (410) 260-6057.

Electronic Bidding Procedures. Electronic bids must be submitted for the purchase of the Second Series B Bonds (all or none) via PARITY. Bids will be communicated electronically to the State at **11:30 a.m.** local Annapolis, Maryland time, on Wednesday, July 22, 2020. Prior to that time, an eligible prospective bidder may (1) input the proposed terms of its bid via PARITY, (2) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the Second Series B Bonds, or (3) withdraw its proposed bid. Once the bids are communicated electronically via PARITY to the State each bid will constitute an irrevocable offer to purchase the Second Series B Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on PARITY shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the State, as described under "Basis of Award" below, represented by the rate or rates of interest and the bid price specified in their respective bids.

Bid Submissions

Each bid must be in conformity with this Official Notice of Sale.

All bids must be delivered to the Board via PARITY, before **11:30 a.m.**, local Annapolis, Maryland time, on Wednesday, July 22, 2020, at which time they will be received by the Board. As described above, the Board reserves the right to postpone the date for receipt of bids.

By submitting a bid for the Second Series B Bonds, a bidder represents and warrants to the State that it has an established industry reputation for underwriting new issuances of municipal bonds.

All bids shall be for cash on delivery and shall be based on an offering to pay not less than 100% of the par value of the Second Series B Bonds. Each bidder shall indicate in its bid the rate of interest to be paid on each maturity. All maturities must have a rate of interest of 5.00%.

Minority Business Enterprise Participation

THE STATE STRONGLY ENCOURAGES EACH BIDDER FOR THE SECOND SERIES B BONDS TO MAKE A GOOD FAITH EFFORT TO INCLUDE MINORITY BUSINESS ENTERPRISES IN THE SYNDICATE PURCHASING THE SECOND SERIES B BONDS. THE SUCCESSFUL BIDDER WILL BE REQUESTED TO PROVIDE A LIST OF SYNDICATE MEMBERS WHICH IDENTIFIES THE MINORITY BUSINESS ENTERPRISE MEMBERS AND INDICATES THEIR PERCENTAGES OF PARTICIPATION.

Right of Rejection

The Board expressly reserves the right (i) to waive any informalities, (ii) to reject all bids, any incomplete bid or any bid not fully complying with all of the requirements set forth herein, and (iii) to solicit new bids or proposals for the sale of the Second Series B Bonds or otherwise provide for the public sale of the Second Series B Bonds if all bids are rejected or the winning bidder defaults, including, without limitation, sale of the Second Series B Bonds to one or more of the losing or rejected bidders without regard to their original bid or its relationship to any other bid.

Basis of Award

The Second Series B Bonds will be awarded by the Board on the Sale Date to the bidder whose bid complies with this Official Notice of Sale and results in the lowest true interest cost ("TIC") to the State.

The lowest TIC will be determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments from the payment dates to the Date of Delivery of the Second Series B Bonds and to the aggregate amount bid for the Second Series B Bonds. If two or more responsible bidders have made bids resulting in the same lowest TIC to the State, the Second Series B Bonds shall be awarded to one of such bidders based upon which bid was received first.

Preliminary Award; Reoffering Prices; Final Award

As promptly as reasonably practicable after the bids are received and reviewed, but not later than **1:00 p.m.** local Annapolis, Maryland time on the Sale Date (unless bids have been postponed or the sale has been cancelled), the Treasurer will notify the apparently successful bidder for the Second Series B Bonds. The successful bidder shall make a bona fide public offering of all of the Second Series B Bonds and shall represent to the State that such offering is in compliance with all applicable securities laws of the jurisdictions in which such Second Series B Bonds are offered. Within 30 minutes after being notified of the Preliminary Award of the Second Series B Bonds, the successful bidder shall advise the State in writing (via facsimile or e-mail transmission) to Christian Lund, Monika Conley, and Daniel Forman at clund@treasurer.state.md.us, mconley@pragadvisors.com and dforman@pragadvisors.com, respectively, of such Initial Reoffering Prices of the Second Series B Bonds. The State will review the Initial Reoffering Prices for compliance with applicable securities laws prior to final confirmation of the award expected on the Sale Date.

The decision by the Board as to the award of the Second Series B Bonds will be final. Bids may not be withdrawn prior to the award.

The apparent successful bidder will also be required to wire to the State a Good Faith Deposit as further described herein. Timely notification of the Final Award is subject to the State's receipt of the Good Faith Deposit.

Issue Price Determination

The State expects and intends that the bid for the Second Series B Bonds will satisfy the competitive sale requirements

under provisions of Treasury Regulation Section 1.148-1(f)(3)(i) (defining “competitive sale” for purposes of establishing the issue price of the Second Series B Bonds), including, among other things, receipt of bids for the Second Series B Bonds from at least three underwriters, who have established industry reputations for underwriting new issuances of municipal bonds (a “Qualified Competitive Bid”). The State will advise the successful bidder of the Second Series B Bonds as promptly as possible after the bids are opened whether the bid constitutes a Qualified Competitive Bid, or, in the alternative, a bid that fails to satisfy such requirements (a “Nonqualified Competitive Bid”). **It is noted that procedures for a Nonqualified Competitive Bid may require the winning bidder of the Second Series B Bonds and, if applicable, other underwriters of the Second Series B Bonds, to hold the initial offering prices for certain maturities of the Second Series B Bonds for up to five business days after the sale date, as further specified in the form of such certification.**

Reoffering Price Certification

The successful bidder of the Second Series B Bonds must deliver to the Board at closing an “issue price” or similar certificate setting forth the reasonably expected initial reoffering price to the public of the Second Series B Bonds, together with the supporting pricing wires or equivalent communications, substantially in the form attached hereto as Exhibit A, if the bid constitutes a Qualified Competitive Bid or as Exhibit B, if the bid constitutes a Nonqualified Competitive Bid, with such modifications as may be appropriate or necessary, in the reasonable judgement of the respective successful bidder, the Board and Bond Counsel.

Good Faith Deposit

A Good Faith Deposit in the amount of \$1,173,400 is required only of the winning bidder for the Second Series B Bonds.

The winning bidder for the Second Series B Bonds is required to submit a Good Faith Deposit as indicated above, payable to the order of the State in the form of a wire transfer in federal funds as instructed by the State’s Financial Advisor, Public Resources Advisory Group. The winning bidder shall submit the Good Faith Deposit not later than 2:00 p.m. (local Annapolis, Maryland time) on the Sale Date. The winning bidder of the Second Series B Bonds should provide as quickly as it is available, evidence of wire transfer by providing the State the federal funds reference number. If the Good Faith Deposit is not received in the time allotted, the bid of the winning bidder may be rejected and the State may direct the next lowest bidder to submit a Good Faith Deposit and thereafter may award the sale of the Second Series B Bonds. If the winning bidder fails to comply with the Good Faith Deposit requirement as described herein, that bidder is nonetheless obligated to pay to the State the sum of \$1,173,400 as liquidated damages due to the failure of the winning bidder to timely deposit the Good Faith Deposit for the Second Series B Bonds.

Submission of a bid to purchase the Second Series B Bonds serves as acknowledgement and acceptance of the terms of the Good Faith Deposit requirement for the Second Series B Bonds.

The Good Faith Deposit so wired will be retained by the State until the delivery of the Second Series B Bonds, at which time the Good Faith Deposit will be applied against the purchase price of the Second Series B Bonds or the Good Faith Deposit will be retained by the State as partial liquidated damages in the event of the failure of the successful bidder to take up and pay for the Second Series B Bonds in compliance with the terms of this Official Notice of Sale and of its bid. No interest on the Good Faith Deposit will be paid by the State. The balance of the purchase price for the Second Series B Bonds must be wired in federal funds to the account detailed in the closing memorandum, simultaneously with delivery of the Second Series B Bonds.

Delivery and Payment

Delivery of the Second Series B Bonds will be made by the State to DTC in book-entry only form, in New York, New York on or about the anticipated Date of Delivery, or on or about such other date as may be agreed on by the Treasurer and the successful bidder.

At the time of delivery of the Second Series B Bonds, payment of the amount due for the Second Series B Bonds must be made by the successful bidder to the order of the State in immediately available federal funds or other funds immediately available to the State, or by such other means as may be acceptable to the Treasurer. Any expense incurred in providing immediately available funds, whether by transfer of federal funds or otherwise, shall be borne by

the successful bidder.

CUSIP Numbers; Expenses of the Bidder

It is anticipated that CUSIP numbers will be assigned to each of the Second Series B Bonds, but neither the failure to type or print such numbers on any of the Second Series B Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the Second Series B Bonds. The policies of the CUSIP Service Bureau will govern the assignment of specific numbers to the Second Series B Bonds. Public Resources Advisory Group as the State's Financial Advisor will timely apply for CUSIP numbers with respect to the Second Series B Bonds as required by MSRB Rule G-34. The purchaser shall be responsible for the cost of assignment of such CUSIP numbers.

All charges of DTC and all other expenses of the successful bidder will be the responsibility of the successful bidder for the Second Series B Bonds.

Tax Status, Legal Opinions, Closing Documents and No Litigation

It shall be a condition to the obligation of the successful bidder to accept delivery of and pay for the Second Series B Bonds that, simultaneously with or before delivery and payment for the Second Series B Bonds, the bidder without cost shall be furnished with (1) the approving opinions of the Attorney General of the State of Maryland ("Attorney General") and of Ballard Spahr LLP, Baltimore, MD, Bond Counsel, dated as of the Date of Delivery of the Second Series B Bonds, substantially in the respective forms included as Appendix D to the Preliminary Official Statement; (2) a certificate of the Attorney General dated as of the Dated Date of the Second Series B Bonds to the effect that there is no litigation pending or, to the best of his knowledge, threatened, that in any manner will affect the validity of the Acts under which the Second Series B Bonds will be issued; (3) a copy of the Official Statement relating to the Second Series B Bonds dated as of the Sale Date of the Second Series B Bonds signed in a manner permitted under Maryland law; (4) a certificate or certificates of the members of the Board to the effect that, to the best of their knowledge and belief (except for the reoffering information provided by the bidder and information regarding DTC and DTC's book-entry system provided by DTC, as to which no view will be expressed): (a) the Official Statement as of the Sale Date did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and (b) between the Sale Date and the Date of Delivery of the Second Series B Bonds, there has been no material adverse change in the financial condition or financial affairs of the State except as may have been disclosed in or contemplated by the Official Statement as of the Sale Date; and (5) the Continuing Disclosure Agreement substantially in the form included as Appendix F to the Preliminary Official Statement.

The opinions of the Attorney General and Bond Counsel will be delivered, upon request, to the purchaser of the Second Series B Bonds, without charge. A bidder may make the legality and validity of the Second Series B Bonds one of the terms of the bid by making the bid "subject to legality," or using any equivalent form of expression, which shall be deemed to refer to the opinions of the Attorney General and Bond Counsel referred to above, but no bid should purport to leave this question to the decision of the bidder or its counsel. All bids conditioned upon the approval of the bidder or its counsel, whether named or unnamed, will be treated as conditional bids and will be rejected unless the condition is waived by the bidder to the satisfaction of the Board before the award has been made.

Additional Information

This Official Notice of Sale is not a summary of the terms of the Second Series B Bonds. Reference is made to the Preliminary Official Statement for a further description of the Second Series B Bonds and the State. Prospective investors or bidders for the Second Series B Bonds must read the entire Preliminary Official Statement to obtain information essential to making an informed investment decision. The Preliminary Official Statement is deemed final by the State as of its date for purposes of the Rule but is subject to revision, amendment and completion in a final Official Statement. Additional information concerning the matters discussed in this Official Notice of Sale and copies of the Preliminary Official Statement may be obtained online or by request from Christian Lund, the State's Director of Debt Management, at clund@treasurer.state.md.us or (410) 260- 7920 or from Monika Conley or Daniel Forman, at, respectively, mconley@pragadvisors.com or (917) 749-2426 and dforman@pragadvisors.com or (781) 799-2718.

Constituting the Board of Public Works of
the State of Maryland

Annapolis, Maryland
July 15, 2020

**FORM OF ISSUE PRICE CERTIFICATE
FOR QUALIFIED COMPETITIVE BID**

\$-----

**STATE OF MARYLAND
General Obligation Bonds**

**State and Local Facilities Loan of 2020,
Second Series B Tax-Exempt Refunding Bonds**

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER], as the winning bidder (the "Purchaser"), in connection with the sale by the State of Maryland (the "Issuer") of its \$----- aggregate principal amount of the State and Local Facilities Loan of 2020, Second Series B Tax Exempt Refunding Bonds (the "Bonds"), hereby certifies as set forth below with respect to the sale of the Bonds to be issued by the Issuer.

1. Reasonably Expected Initial Offering Price.

As of the Sale Date, the reasonably expected initial offering prices of the Bonds to the Public (defined below) by the Purchaser are the prices listed in Schedule A (the "Expected Offering Prices"). The Expected Offering Prices are the prices for the Maturities (defined below) of the Bonds used by the Purchaser in formulating its bid to purchase the Bonds. Attached as Schedule B is a true and correct copy of the bid provided by the Purchaser to purchase the Bonds.

The Purchaser was not given the opportunity to review other bids prior to submitting its bid.

The bid submitted by the Purchaser constituted a firm offer to purchase the Bonds.

2. Defined Terms.

Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term "related party" for purposes of this certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

Sale Date means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is July --, 2020.

Underwriter means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Purchaser's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Ballard Spahr LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

**FORM OF ISSUE PRICE CERTIFICATE
FOR NONQUALIFIED COMPETITIVE BID**

\$-----

**STATE OF MARYLAND
General Obligation Bonds**

**State and Local Facilities Loan of 2020,
Second Series B Tax-Exempt Refunding Bonds**

ISSUE PRICE CERTIFICATE

The undersigned, on behalf of [NAME OF UNDERWRITER], as the winning bidder (the "Purchaser"), in connection with the sale by the State of Maryland (the "Issuer") of its \$----- aggregate principal amount of the State and Local Facilities Loan of 2020, Second Series B Tax Exempt Refunding Bonds (the "Bonds"), hereby certifies as set forth below with respect to the sale of the Bonds to be issued by the Issuer.

1. Sale of the General Rule Maturities. As of the date of this Certificate, for each Maturity of the General Rule Maturities, the first price at which 10% of such Maturity was sold by [NAME OF UNDERWRITER] to the Public is the respective price listed in Schedule A.

2. Initial Offering Price of the Hold-the-Offering-Price Maturities.

(a) [NAME OF UNDERWRITER] offered the Hold-the-Offering Price Maturities to the Public for purchase at the respective initial offering prices listed in Schedule A (the "Initial Offering Prices") on or before the Sale Date. A copy of the pricing wire or equivalent communication for the Bonds is attached to this Certificate as Schedule B.

(b) As set forth in the Notice of Sale and bid award, the [NAME OF UNDERWRITER] has agreed in writing that, (i) for each Maturity of the Hold-the-Offering-Price Maturities, it would neither offer nor sell any of the Bonds of such Maturity to any person at a price that is higher than the Initial Offering Price for such Maturity during the Holding Period for such Maturity (the "hold-the-offering-price rule"), and (ii) any selling group agreement shall contain the agreement of each dealer who is a member of the selling group, and any retail distribution agreement shall contain the agreement of each broker-dealer who is a party to the retail distribution agreement, to comply with the hold-the-offering-price rule. Pursuant to the foregoing, no Underwriter has offered or sold any Maturity of the Hold-the-Offering Price Maturities at a price that is higher than the respective Initial Offering Price for that Maturity of the Bonds during the Holding Period.

3. Defined Terms.

(a) General Rule Maturities means those Maturities of the Bonds shown in Schedule A hereto as the "General Rule Maturities."

(b) Hold-the-Offering-Price Maturities means those Maturities of the Bonds listed in Schedule A hereto as the "Hold-the-Offering-Price Maturities."

(c) Holding Period means, with respect to a Hold-the-Offering-Price Maturity, the period starting on the Sale Date and ending on the earlier of (i) the close of the fifth business day after the Sale Date, or (ii) the date on which [NAME OF UNDERWRITER] has sold at least 10% of such Hold-the-Offering-Price Maturity to the Public at prices that are no higher than the Initial Offering Price for such Hold-the-Offering-Price Maturity.

(d) Issuer means the State of Maryland.

(e) Maturity means Bonds with the same credit and payment terms. Bonds with different maturity dates, or Bonds with the same maturity date but different stated interest rates, are treated as separate Maturities.

(f) Public means any person (including an individual, trust, estate, partnership, association, company, or corporation) other than an Underwriter or a related party to an Underwriter. The term “related party” for purposes of this Certificate generally means any two or more persons who have greater than 50 percent common ownership, directly or indirectly.

(g) Sale Date means the first day on which there is a binding contract in writing for the sale of a Maturity of the Bonds. The Sale Date of the Bonds is July --, 2020.

(h) Underwriter means (i) any person that agrees pursuant to a written contract with the Issuer (or with the lead underwriter to form an underwriting syndicate) to participate in the initial sale of the Bonds to the Public, and (ii) any person that agrees pursuant to a written contract directly or indirectly with a person described in clause (i) of this paragraph to participate in the initial sale of the Bonds to the Public (including a member of a selling group or a party to a retail distribution agreement participating in the initial sale of the Bonds to the Public).

The representations set forth in this certificate are limited to factual matters only. Nothing in this certificate represents the Purchaser's interpretation of any laws, including specifically Sections 103 and 148 of the Internal Revenue Code of 1986, as amended, and the Treasury Regulations thereunder. The undersigned understands that the foregoing information will be relied upon by the Issuer with respect to certain of the representations set forth in the Tax Compliance Certificate and with respect to compliance with the federal income tax rules affecting the Bonds, and by Ballard Spahr LLP in connection with rendering its opinion that the interest on the Bonds is excluded from gross income for federal income tax purposes, the preparation of the Internal Revenue Service Form 8038-G, and other federal income tax advice that it may give to the Issuer from time to time relating to the Bonds.

OFFICIAL NOTICE OF SALE

\$345,760,000*

**STATE OF MARYLAND
General Obligation Bonds**

**State and Local Facilities Loan of 2020,
Second Series C Taxable Refunding Bonds**

NOTICE IS HEREBY GIVEN that electronic bids will be received on the date and up to the time specified below:

SALE DATE: Wednesday, July 22, 2020

SALE TIME: 11:00 a.m. Local Annapolis, Maryland Time

ELECTRONIC BIDS: Must be submitted through **PARITY** as described below.

No other form of bid or provider of electronic bidding services will be accepted.

Pursuant to resolutions of the Board of Public Works of Maryland (the "Board"), bids will be received for the purchase of all, but not less than all, of the State and Local Facilities Loan of 2020, Second Series C Taxable Refunding Bonds (the "Second Series C Bonds") to be issued by the State of Maryland (the "State"). The Second Series C Bonds are more particularly described in the Preliminary Official Statement dated July 15, 2020 relating to the Second Series C Bonds, (the "Preliminary Official Statement") available at the Municipal Securities Rulemaking Board's Electronic Municipal Market Access ("EMMA"), www.emma.msrb.org, Ipreo's database at www.i-dealprospectus.com, and the State's website, www.treasurer.state.md.us.

Consideration of the bids and the award will be made by the Board on the Sale Date as set forth herein. The Board also reserves the right to make certain adjustments to the aggregate principal amount and the principal amounts of each maturity of the Second Series C Bonds being offered, to eliminate maturities, to change the terms of the Second Series C Bonds, to postpone the sale of the Second Series C Bonds to a later date, to offer the Second Series C Bonds in one or more series, or to cancel the sale of the Second Series C Bonds as further described herein. See "Adjustment of Amounts and Maturities" and "Change or Cancellation of Sale Date and/or Date of Delivery and/or Other Terms." **THE SALE AND DELIVERY OF THE SECOND SERIES C BONDS IS CONTINGENT UPON THE SALE AND DELIVERY OF THE SECOND SERIES B BONDS.**

*If numerical or date references contained in the body of this Official Notice of Sale conflict with the Bidding Parameters Table, the Bidding Parameters Table of this Official Notice of Sale shall control. Consult the body of this Official Notice of Sale for a detailed explanation of the items contained in the Bidding Parameters Table, including interpretation of such items and methodologies used to determine such items. Preliminary, subject to change.

Bond Amortization Schedule

The Second Series C Bonds will be issued in serial or term bond form as designated by the successful bidder in its proposal, as described below. The principal of the Second Series C Bonds shall be payable in installments on the dates in the following years and in the following amounts:

\$345,760,000* State and Local Facilities Loan of 2020, Second Series C Bonds

Maturing	Principal	Maturing	Principal
<u>August 1</u>	<u>Amount*</u>	<u>August 1</u>	<u>Amount*</u>
2021	\$4,630,000	2025	\$89,650,000
2022	5,160,000	2026	49,800,000
2023	49,935,000	2027	51,365,000
2024	95,220,000		

The Second Series C Bonds

Security

The Second Series C Bonds are general obligations of the State, and its full faith and credit and taxing power are unconditionally pledged to the punctual payment of principal and interest on such Bonds when due and payable.

Description of the Bonds

General. The Second Series C Bonds will be dated as of the Date of Delivery (“Dated Date”), expected to be on or about August 5, 2020, and will be in fully registered form in denominations of \$5,000 each or any integral multiple thereof.

Interest on the Second Series C Bonds will accrue from the Dated Date, and will be payable February 1, 2021 and semiannually thereafter on each August 1 and February 1 until maturity or earlier redemption. The Second Series C Bonds will mature on August 1 of each year as specified in the Bond Amortization Schedule above.

Term Bond Option. Bidders may designate in their proposal two consecutive annual principal maturities as a term bond that matures on the maturity date of the last annual principal payment of the sequence. A term bond so designated shall be subject to mandatory sinking fund redemption in each year on the principal payment date and in the entire principal amount for each annual principal maturity designated for inclusion in such term bond.

Form of Bonds. The Second Series C Bonds shall be issued only in fully registered form without coupons. One bond representing each maturity of the Second Series C Bonds in principal amount equal to the aggregate principal amount of such maturity will be issued to and registered in the name of Cede & Co., as nominee of The Depository Trust Company, New York, New York (“DTC”), as registered owner of the Second Series C Bonds, and each such bond shall be immobilized in the custody of DTC. DTC will act as securities depository for the Second Series C Bonds. Individual purchases will be made in book-entry form only, in the principal amount of \$5,000 or any integral multiple thereof. Purchasers will not receive physical delivery of certificates representing their interest in the bonds purchased. The winning bidder, as a condition to delivery of the Second Series C Bonds, must consent that bond certificates will be deposited with DTC.

So long as the Second Series C Bonds are maintained under a book-entry only system, the Bond Registrar and Paying Agent for the Second Series C Bonds will be the Maryland State Treasurer (the “Treasurer”) or any other Bond Registrar and Paying Agent designated by the Treasurer. All payments of the principal of and interest on the Second Series C Bonds shall be in such coin or currency of the United States of America as at the time of payment is legal tender for payment of public and private debts.

*Preliminary, subject to change.

Optional Redemption

The Second Series C Bonds are not subject to redemption prior to their maturities.

Adjustment of Amounts and Maturities

Prior to Sale Date

Prior to the Sale Date, the Board may adjust the preliminary aggregate principal amount of the Second Series C Bonds and the preliminary principal amount and maturity of each serial installment of the Second Series C Bonds as set forth in this Official Notice of Sale (the “Preliminary Aggregate Principal Amount” and the “Preliminary Principal Amounts”, and collectively the “Preliminary Amounts”). In addition, if the Treasurer determines it to be in the best interests of the State, the Second Series C Bonds may be issued in one or more series in amount and maturities determined by the Treasurer. **ANY SUCH REVISIONS MADE PRIOR TO THE OPENING OF THE BIDS WILL BE PUBLISHED ON THOMSON MUNICIPAL MARKET MONITOR (“TM3”) (www.tm3.com) NOT LATER THAN 4:00 P.M., LOCAL ANNAPOLIS, MARYLAND TIME, ON THE BUSINESS DAY IMMEDIATELY PRIOR TO THE SALE DATE FOR THE BONDS.**

In the event that no such revisions are made prior to the opening of the bids, the Preliminary Amounts will constitute the Amounts. Bidders shall submit bids based on the Amounts, and the Amounts will be used to compare bids and select a winning bidder.

On Sale Date

After the opening of the bids, the Board may further adjust the Amounts of the Second Series C Bonds (the “Final Amounts”). In determining the Final Amounts, the Board reserves the right to reduce or increase the Aggregate Principal Amount of the Second Series C Bonds up to fifteen percent (15%). **THE SUCCESSFUL BIDDER MAY NOT WITHDRAW ITS BID OR CHANGE THE INTEREST RATES BID OR THE INITIAL REOFFERING PRICES AS A RESULT OF ANY CHANGES MADE TO THE REVISED AMOUNTS WITHIN THE LIMITS STATED ABOVE.**

The dollar amount bid by the successful bidder will be adjusted to reflect any adjustments in the aggregate principal amount of the Second Series C Bonds. Such adjusted bid price will reflect changes in the dollar amount of the underwriters’ discount and original issue discount/premium, if any, but will not change the selling compensation per \$1,000 of par amount of the Second Series C Bonds from the selling compensation that would have been received based on the purchase price of the winning bid and the Initial Reoffering Prices (as defined below). The interest rate specified by the successful bidder using the price at which it will re-offer the Second Series C Bonds of each maturity to the public (the “Initial Reoffering Prices”) will not change. The Final Amounts and the adjusted purchase price for the Second Series C Bonds will be communicated to the successful bidder as soon as possible, but no later than 5:00 p.m. (local Annapolis, Maryland time) on the day of the sale.

Change or Cancellation of Sale Date and/or Date of Delivery and/or Other Terms

The Board may cancel or postpone the sale of the Second Series C Bonds prior to the Sale Date. Notice of a cancellation or postponement will be announced via the TM3 wire at www.tm3.com. Notice of any new date and time of sale will be announced at least 24 hours prior to the time bids are to be submitted and will specify changes in the principal amount or other features, if any.

The Board may change the scheduled delivery date, the dates of the semiannual interest payments and annual principal payments, the optional redemption date, the number of series offered or revise any other terms for the Second Series C Bonds by notice given in the same manner as that set forth above.

Preliminary Official Statement; Continuing Disclosure

The State has deemed the Preliminary Official Statement to be final as of its date for purposes of Rule 15c2-12 under the Securities Exchange Act of 1934, as amended (“Rule 15c2-12”), except for the omission of certain information permitted to be omitted by said Rule. As soon as practicable after the Sale Date, the State will publish a complete final Official Statement (the “Official Statement”) that will contain this information. The State agrees to

deliver to the successful bidder for its receipt no later than seven business days after the Sale Date such quantities of the Official Statement as the successful bidder shall request, provided, that the State shall deliver up to 100 copies of such Official Statement without charge to the successful bidder.

The State has made certain covenants for the benefit of the holders from time to time of the Second Series C Bonds to provide certain continuing disclosure, in order to assist bidders for the Second Series C Bonds in complying with Rule 15c2-12(b)(5). Such covenants are described in the Preliminary Official Statement.

The State has complied in all material respects with its obligations under its existing Continuing Disclosure Agreements executed pursuant to Rule 15c2-12(b)(5) during the last five years.

Electronic Bidding

Bidders may only submit bids via PARITY

A prospective bidder may only bid electronically for the Second Series C Bonds via PARITY pursuant to this Official Notice of Sale. By submitting its bid for the Second Series C Bonds, a prospective bidder represents and warrants to the State that such bidder's bid for the purchase of the Second Series C Bonds is submitted for and on behalf of such prospective bidder by an officer or agent who is duly authorized to bind the prospective bidder to a legal, valid and enforceable contract for the purchase of the Second Series C Bonds.

Additional information concerning bidding through the system may be directed to the PARITY Help Desk at (212) 849-5021.

Disclaimer. Each prospective electronic bidder shall be solely responsible to register to bid via PARITY as described above. Each qualified prospective electronic bidder shall be solely responsible to make necessary arrangements to access PARITY for the purpose of submitting its bid in a timely manner and in compliance with the requirements of the Official Notice of Sale. Neither the State nor PARITY shall have any duty or obligation to undertake such registration to bid for any prospective bidder or to provide or assure such access to any qualified prospective bidder, and neither the State nor PARITY shall be responsible for a bidder's failure to register to bid or for proper operation of, or have any liability for any delays or interruptions of, or any damages caused by PARITY. The State is using PARITY as a communication mechanism, and not as the State's agent, to conduct the electronic bidding for the Second Series C Bonds. The State is not bound by any advice and determination of PARITY to the effect that any particular bid complies with the terms of this Official Notice of Sale and in particular the "Bid Submissions" hereinafter set forth. All costs and expenses incurred by prospective bidders in connection with their registration and submission of bids via PARITY are the sole responsibility of the bidders, and the State is not responsible, directly or indirectly, for any of such costs or expenses. If a prospective bidder encounters any difficulty in registering to bid or submitting, modifying or withdrawing a bid for the Second Series C Bonds, such bidder should telephone PARITY New Issues Desk at (212) 849-5021 and notify the State's Treasurer's Office by facsimile at (410) 260-6057.

Electronic Bidding Procedures. Electronic bids must be submitted for the purchase of the Second Series C Bonds (all or none) via PARITY. Bids will be communicated electronically to the State at **11:00 a.m.** local Annapolis, Maryland time, on Wednesday, July 22, 2020. Prior to that time, an eligible prospective bidder may (1) input the proposed terms of its bid via PARITY, (2) modify the proposed terms of its bid, in which event the proposed terms as last modified will (unless the bid is withdrawn as described herein) constitute its bid for the Second Series C Bonds, or (3) withdraw its proposed bid. Once the bids are communicated electronically via PARITY to the State each bid will constitute an irrevocable offer to purchase the Second Series C Bonds on the terms therein provided. For purposes of the electronic bidding process, the time as maintained on PARITY shall constitute the official time. For information purposes only, bidders are requested to state in their bids the true interest cost to the State, as described under "Basis of Award" below, represented by the rate or rates of interest and the bid price specified in their respective bids.

Bid Submissions

Each bid must be in conformity with this Official Notice of Sale.

All bids must be delivered to the Board via PARITY, before **11:00 a.m.**, local Annapolis, Maryland time, on Wednesday, July 22, 2020, at which time they will be received by the Board. As described above, the Board reserves the right to postpone the date for receipt of bids.

All bids shall be for cash on delivery and shall be based on an offering to pay not less than 99.5% of the par value of the Second Series C Bonds. Each bidder shall indicate in its bid the rate of interest to be paid on each maturity. Each rate of interest shall be a multiple of 1/8 or 1/100 of one percent, but all Second Series C Bonds of any one maturity must bear interest at the same rate. Any rate named may be repeated.

Minority Business Enterprise Participation

THE STATE STRONGLY ENCOURAGES EACH BIDDER FOR THE SECOND SERIES C BONDS TO MAKE A GOOD FAITH EFFORT TO INCLUDE MINORITY BUSINESS ENTERPRISES IN THE SYNDICATE PURCHASING THE SECOND SERIES C BONDS. THE SUCCESSFUL BIDDER WILL BE REQUESTED TO PROVIDE A LIST OF SYNDICATE MEMBERS WHICH IDENTIFIES THE MINORITY BUSINESS ENTERPRISE MEMBERS AND INDICATES THEIR PERCENTAGES OF PARTICIPATION.

Right of Rejection

The Board expressly reserves the right (i) to waive any informalities, (ii) to reject all bids, any incomplete bid or any bid not fully complying with all of the requirements set forth herein, and (iii) to solicit new bids or proposals for the sale of the Second Series C Bonds or otherwise provide for the public sale of the Second Series C Bonds if all bids are rejected or the winning bidder defaults, including, without limitation, sale of the Second Series C Bonds to one or more of the losing or rejected bidders without regard to their original bid or its relationship to any other bid.

Basis of Award

The Second Series C Bonds will be awarded by the Board on the Sale Date to the bidder whose bid complies with this Official Notice of Sale and results in the lowest true interest cost ("TIC") to the State.

The lowest TIC will be determined by doubling the semiannual interest rate, compounded semiannually, necessary to discount the debt service payments from the payment dates to the Date of Delivery of the Second Series C Bonds and to the aggregate amount bid for the Second Series C Bonds. If two or more responsible bidders have made bids resulting in the same lowest TIC to the State, the Second Series C Bonds shall be awarded to one of such bidders based upon which bid was received first.

Preliminary Award; Reoffering Prices; Final Award

As promptly as reasonably practicable after the bids are received and reviewed, but not later than **1:00 p.m.** local Annapolis, Maryland time on the Sale Date (unless bids have been postponed or the sale has been cancelled), the Treasurer will notify the apparently successful bidder of the Preliminary Award of the Second Series C Bonds. The successful bidder shall make a bona fide public offering of all of the Second Series C Bonds and shall represent to the State that such offering is in compliance with all applicable securities laws of the jurisdictions in which such Second Series C Bonds are offered. **Within 30 minutes after being notified of the Preliminary Award of the Second Series C Bonds, the successful bidder shall advise the State in writing (via facsimile or e-mail transmission) to Christian Lund, Monika Conley, and Daniel Forman at clund@treasurer.state.md.us, mconley@pragadvisors.com and dforman@pragadvisors.com, respectively, of such Initial Reoffering Prices of the Second Series C Bonds. The State will review the Initial Reoffering Prices for compliance with applicable securities laws prior to final confirmation of the award expected on the Sale Date.**

The decision by the Board as to the award of the Second Series C Bonds will be final. Bids may not be withdrawn prior to the award.

The apparent successful bidder will also be required to wire to the State a Good Faith Deposit as further described herein. Timely notification of the Final Award is subject to the State's receipt of the Good Faith Deposit.

Good Faith Deposit

A Good Faith Deposit in the amount of \$3,457,600 is required only of the winning bidder for the Second Series C Bonds. The winning bidder for the Second Series C Bonds is required to submit such Good Faith Deposit payable to the order of the State in the form of a wire transfer in federal funds as instructed by the State's Financial Advisor, Public

Resources Advisory Group. The winning bidder shall submit the Good Faith Deposit not later than 2:00 p.m. (local Annapolis, Maryland time) on the Sale Date. The winning bidder should provide as quickly as it is available, evidence of wire transfer by providing the State the federal funds reference number. If the Good Faith Deposit is not received in the time allotted, the bid of the winning bidder may be rejected and the State may direct the next lowest bidder to submit a Good Faith Deposit and thereafter may award the sale of the Second Series C Bonds to the same. If the winning bidder fails to comply with the Good Faith Deposit requirement as described herein, that bidder is nonetheless obligated to pay to the State the sum of \$3,457,600 as liquidated damages due to the failure of the winning bidder to timely deposit the Good Faith Deposit.

Submission of a bid to purchase the Second Series C Bonds serves as acknowledgement and acceptance of the terms of the Good Faith Deposit requirement.

The Good Faith Deposit so wired will be retained by the State until the delivery of the Second Series C Bonds, at which time the Good Faith Deposit will be applied against the purchase price of the Second Series C Bonds or the Good Faith Deposit will be retained by the State as partial liquidated damages in the event of the failure of the successful bidder to take up and pay for such Second Series C Bonds in compliance with the terms of this Official Notice of Sale and of its bid. No interest on the Good Faith Deposit will be paid by the State. The balance of the purchase price must be wired in federal funds to the account detailed in the closing memorandum, simultaneously with delivery of the Second Series C Bonds.

Delivery and Payment

Delivery of the Second Series C Bonds will be made by the State to DTC in book-entry only form, in New York, New York on or about the anticipated Date of Delivery, or on or about such other date as may be agreed on by the Treasurer and the successful bidder.

At the time of delivery of the Second Series C Bonds, payment of the amount due for the Second Series C Bonds must be made by the successful bidder to the order of the State in immediately available federal funds or other funds immediately available to the State, or by such other means as may be acceptable to the Treasurer. Any expense incurred in providing immediately available funds, whether by transfer of federal funds or otherwise, shall be borne by the successful bidder.

CUSIP Numbers; Expenses of the Bidder

It is anticipated that CUSIP numbers will be assigned to each of the Second Series C Bonds, but neither the failure to type or print such numbers on any of the Second Series C Bonds nor any error with respect thereto shall constitute cause for a failure or refusal by the purchaser thereof to accept delivery of and pay for the Second Series C Bonds. The policies of the CUSIP Service Bureau will govern the assignment of specific numbers to the Second Series C Bonds. Public Resources Advisory Group as the State's Financial Advisor will timely apply for CUSIP numbers with respect to the Second Series C Bonds as required by MSRB Rule G-34. The purchaser shall be responsible for the cost of assignment of such CUSIP numbers.

All charges of DTC and all other expenses of the successful bidder will be the responsibility of the successful bidder for the Second Series C Bonds.

Tax Status, Legal Opinions, Closing Documents and No Litigation

It shall be a condition to the obligation of the successful bidder to accept delivery of and pay for the Second Series C Bonds that, simultaneously with or before delivery and payment for the Second Series C Bonds, the bidder without cost shall be furnished with (1) the approving opinions of the Attorney General of the State of Maryland ("Attorney General") and of Ballard Spahr LLP, Baltimore, MD, Bond Counsel, dated as of the Date of Delivery of the Second Series C Bonds, substantially in the respective forms included as Appendix D to the Preliminary Official Statement; (2) a certificate of the Attorney General dated as of the Dated Date of the Second Series C Bonds to the effect that there is no litigation pending or, to the best of his knowledge, threatened, that in any manner will affect the validity of the Acts under which the Second Series C Bonds will be issued; (3) a copy of the Official Statement relating to the Second Series C Bonds dated as of the Sale Date of the Second Series C Bonds signed in a manner permitted under Maryland law; (4) a certificate or certificates of the members of the Board to the effect that, to the best of their knowledge and belief (except for the reoffering information provided by the bidder and information regarding DTC and DTC's book-entry system

provided by DTC, as to which no view will be expressed): (a) the Official Statement as of the Sale Date did not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements therein, in the light of the circumstances under which they were made, not misleading, and (b) between the Sale Date and the Date of Delivery of the Second Series C Bonds, there has been no material adverse change in the financial condition or financial affairs of the State except as may have been disclosed in or contemplated by the Official Statement as of the Sale Date; and (5) the Continuing Disclosure Agreement substantially in the form included as Appendix F to the Preliminary Official Statement.

The opinions of the Attorney General and Bond Counsel will be delivered, upon request, to the purchaser of the Second Series C Bonds, without charge. A bidder may make the legality and validity of the Second Series C Bonds one of the terms of the bid by making the bid “subject to legality,” or using any equivalent form of expression, which shall be deemed to refer to the opinions of the Attorney General and Bond Counsel referred to above, but no bid should purport to leave this question to the decision of the bidder or its counsel. All bids conditioned upon the approval of the bidder or its counsel, whether named or unnamed, will be treated as conditional bids and will be rejected unless the condition is waived by the bidder to the satisfaction of the Board before the award has been made.

Additional Information

This Official Notice of Sale is not a summary of the terms of the Second Series C Bonds. Reference is made to the Preliminary Official Statement for a further description of the Second Series C Bonds and the State. Prospective investors or bidders for the Second Series C Bonds must read the entire Preliminary Official Statement to obtain information essential to making an informed investment decision. The Preliminary Official Statement is deemed final by the State as of its date for purposes of the Rule but is subject to revision, amendment and completion in a final Official Statement. Additional information concerning the matters discussed in this Official Notice of Sale and copies of the Preliminary Official Statement may be obtained online or by request from Christian Lund, the State’s Director of Debt Management, at clund@treasurer.state.md.us or (410) 260- 7920 or from Monika Conley or Daniel Forman, at, respectively, mconley@pragadvisors.com or (917) 749-2426 and dforman@pragadvisors.com or (781) 799-2718.

Constituting the Board of Public Works of
the State of Maryland

Annapolis, Maryland
July 15, 2020

FORM OF CONTINUING DISCLOSURE AGREEMENT

This **CONTINUING DISCLOSURE AGREEMENT** (this “Disclosure Agreement”) dated as of [Date of Delivery] is executed and delivered by the State of Maryland (the “State”) in connection with the issuance of its \$1,011,390,000 General Obligation Bonds, State and Local Facilities Loan of 2020, Second Series, consisting of Second Series A Tax-Exempt Bonds (the “Second Series A Bonds”), Second Series B Tax-Exempt Refunding Bonds (the “Second Series B Bonds”) and Second Series C Taxable Refunding Bonds (the “Second Series C Bonds” and together with the Second Series A Bonds and Second Series B Bonds, the “Bonds”). The Bonds are being issued pursuant to resolutions passed by the Board of Public Works (the “Board”) on July 1, 2020 and July 22, 2020. The State, intending to be legally bound hereby and for good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, does hereby covenant and agree as follows:

Section 1. Purpose of the Disclosure Agreement.

This Disclosure Agreement is being executed and delivered by the State for the benefit of the owners and beneficial owners of the Bonds and in order to assist the Participating Underwriters in complying with Securities and Exchange Commission Rule 15c2-12(b)(5). The State’s obligations hereunder shall be limited to those required by written undertaking pursuant to Rule 15c2-12.

Section 2. Definitions.

In addition to the definitions set forth above, which apply to any capitalized term used in this Disclosure Agreement unless otherwise defined in this Section, the following capitalized terms shall have the following meanings:

“**Continuing Disclosure Service**” shall mean the continuing disclosure service established by the Municipal Securities Rulemaking Board known as the Electronic Municipal Market Access (“EMMA”) system.

“**Listed Events**” shall mean any of the events listed in Section 4(a) of this Disclosure Agreement.

“**Participating Underwriter**” shall mean any of the original underwriters of the Bonds required to comply with the Rule in connection with offering of the Bonds.

“**Rule 15c2-12**” shall mean Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934, as the same may be amended from time to time, any successor provisions of similar import promulgated by the Securities and Exchange Commission in the future, and any applicable no-action and other authoritative interpretations of Rule 15c2-12 released by the Securities and Exchange Commission.

Section 3. Provision of Annual Financial Information, Operating Data and Audited Information.

(a) The State shall provide to the Continuing Disclosure Service, annual financial information and operating data as set forth in Schedule A to this Disclosure Agreement, such information and data to be updated as of the end of the preceding fiscal year and made available within 275 days after the end of the fiscal year, commencing with the fiscal year ending June 30, 2019.

(b) The State shall provide to the Continuing Disclosure Service, annual audited financial statements for the State, such information to be made available within 275 days after the end of the State’s fiscal year, commencing with the fiscal year ending June 30, 2019, unless the audited financial statements are not available on or before such date, in which event said financial statements will be provided promptly when and if available. In the event that audited financial statements are not available within 275 days after the end of the State’s fiscal year (commencing with the fiscal year ending June 30, 2019), the State will provide unaudited financial statements within said time period.

(c) Except as otherwise set forth in this paragraph (c), the presentation of the financial information referred to in paragraph (a) and in paragraph (b) shall be made in accordance with the same accounting principles as utilized in connection with the presentation of applicable comparable financial information included in the final official statement for the Bonds.

(1) The State may make changes to the presentation of the financial information required in paragraph (a) and paragraph (b) necessitated by changes in Generally Accepted Accounting Principles;

(2) The State may otherwise modify the presentation of the financial information required herein, provided that this Disclosure Agreement is amended in accordance with Section 6 hereof.

(d) If the State is unable to provide the annual financial information and operating data within the applicable time periods specified in (a) and (b) above, the State shall send in a timely manner a notice of such failure to the Continuing Disclosure Service.

Section 4. Reporting of Significant Events.

(a) This Section 4 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

- (i) principal and interest payment delinquencies;
- (ii) non-payment related defaults, if material;
- (iii) unscheduled draws on debt service reserves reflecting financial difficulties;
- (iv) unscheduled draws on credit enhancements reflecting financial difficulties;
- (v) substitution of credit or liquidity providers, or their failure to perform;
- (vi) adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB) or other material notices or determinations with respect to the tax status of the security, or other material events affecting the tax status of the security;
- (vii) modifications to rights of security holders, if material;
- (viii) bond calls, if material, and tender offers;
- (ix) defeasances;
- (x) release, substitution, or sale of property securing repayment of the securities, if material;
- (xi) rating changes;
- (xii) bankruptcy, insolvency, receivership or similar event of the obligated person;
- (xiii) the consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all of the assets of the obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material;
- (xiv) appointment of a successor or additional trustee, or the change of name of a trustee, if material;

- (xv) incurrence of a financial obligation (as defined below) of the State, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of the State, any of which affect security holders, if material; and
- (xvi) default, event of acceleration, termination event, modification of terms, or other similar events under the terms of the financial obligation of the State, any of which reflect financial difficulties.

The term “financial obligation” for purposes of the foregoing paragraph means a (i) debt obligation; (ii) derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) guarantee of (i) or (ii). The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the Municipal Securities Rulemaking Board consistent with Rule 15c2-12.

(b) The State shall promptly, not in excess of 10 business days after the occurrence of a Listed Event, file a notice of such occurrence with the Continuing Disclosure Service.

Section 5. Termination of Reporting Obligation.

The State’s obligations under this Disclosure Agreement shall terminate upon the payment in full of all of the Bonds either at their maturity or by early redemption. In addition, the State may terminate its obligations under this Disclosure Agreement if and when the State no longer remains an obligated person with respect to the Bonds within the meaning of Rule 15c2-12.

Section 6. Amendment.

The State may provide further or additional assurances that will become part of the State’s obligations under this Disclosure Agreement. In addition, this Disclosure Agreement may be amended by the State in its discretion provided that: (i) the amendment may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the State as the obligated person with respect to the Bonds, or type of business conducted; (ii) the Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the issuance of the Bonds, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and (iii) the amendment does not materially impair the interests of holders of the Bonds, as determined by counsel selected by the State that is expert in federal securities law matters. The reasons for the State agreeing to provide any further or additional assurances or for any amendment and the impact of the change in the type of operating data or financial information being provided will be explained in information provided with the annual financial information containing the additional or amended operating data or financial information.

Section 7. Additional Information.

Nothing in this Disclosure Agreement shall be deemed to prevent the State from disseminating any other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or including any other information in any disclosure made pursuant to Section 3(a) or (b) hereof or notice of occurrence of a Listed Event in addition to that which is required by this Disclosure Agreement. If the State chooses to include any information in any disclosure made pursuant to Section 3(a) or (b) hereof or notice of occurrence of a Listed Event in addition to that which is specifically required by this Disclosure Agreement, the State shall have no obligation under this Disclosure Agreement to update such information or include it in any future disclosure made pursuant to Section 3(a) or (b) hereof or notice of occurrence of a Listed Event.

Section 8. Law of Maryland.

This Disclosure Agreement, and any claim made with respect to the performance by the State of its obligations hereunder, shall be governed by, subject to, and construed according to the laws of the State of Maryland or the federal law.

Section 9. Limitation of Forum.

Any suit or other proceeding seeking redress with regard to any claimed failure by the State to perform its obligations under this Disclosure Agreement must be filed in the Circuit Court for Anne Arundel County, Maryland.

Section 10. Limitation on Remedies.

The State shall be given written notice at the address set forth below of any claimed failure by the State to perform its obligations under the Disclosure Agreement, and the State shall be given 45 days to remedy any such claimed failure. Any suit or other proceeding seeking further redress with regard to any such claimed failure by the State shall be limited to specific performance as the adequate and exclusive remedy available in connection with such action. Written notice to the State shall be given to the State Treasurer, Louis L. Goldstein Treasury Building, 80 Calvert Street, Annapolis, Maryland 21401, or at such alternate address as shall be specified by the State with disclosures made pursuant to Section 4(a) or 4(b) hereof or a notice of occurrence of a Listed Event.

Section 11. Relationship to Bonds.

The Disclosure Agreement constitutes an undertaking by the State that is independent of the State's obligations with respect to the Bonds; any breach or default by the State under this Disclosure Agreement shall not constitute or give rise to a breach or default under the Bonds.

Section 12. Beneficiaries.

This Disclosure Agreement shall inure solely to the benefit of the owners and beneficial owners from time to time of the Bonds, and shall create no rights in any other person or entity.

IN WITNESS WHEREOF this Continuing Disclosure Agreement is being executed by the Board of Public Works on behalf of the State of Maryland as of this ___ day of July, 2020.

SCHEDULE A

- (1) Summary of Outstanding Tax-Supported Debt.
- (2) Summary of State Revenues and Expenditures.
- (3) Summary of General Fund Balances.
- (4) Summary of State Reserve Fund.
- (5) Budget for Current Fiscal Year.
- (6) Description of material litigation based on the accountant's report contained in the Comprehensive Annual Financial Report.

(THIS PAGE IS INTENTIONALLY LEFT BLANK)

Book-Entry Only System

Book-Entry Only System — General. The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Bonds. The Bonds will be issued as fully-registered securities registered in the name of Cede & Co. (DTC’s partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond will be issued for each maturity of the Bonds in principal amount equal to the aggregate principal amount of the Bonds of such maturity, and will be deposited with DTC.

DTC, the world’s largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of §17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC’s participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants’ accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has a Standard & Poor’s rating of AA+. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com.

Purchases of Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Bonds on DTC’s records. The ownership interest of each actual purchaser of each Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants’ records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in Bonds, except in the event that use of the book-entry system for the Bonds is discontinued.

To facilitate subsequent transfers, all Bonds deposited by Direct Participants with DTC are registered in the name of DTC’s partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not affect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Bonds; DTC’s records reflect only the identity of the Direct Participants to whose accounts such Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

Redemption notices shall be sent to DTC. If less than all of the Bonds are being redeemed, DTC’s practice is to determine by lot the amount of the interest of each Direct Participant in such Bonds to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Bonds unless authorized by a Direct Participant in accordance with DTC’s MMI Procedures. Under its usual procedures, DTC

mails an Omnibus Proxy to the Issuer as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal and interest payments on the Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the State or the Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Direct and Indirect Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name," and will be the responsibility of such Direct or Indirect Participant and not of DTC, DTC's nominee, the Paying Agent or the State, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and any premium to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the State or its Paying Agent, disbursement of such payments to Direct Participants shall be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners shall be the responsibility of Direct and Indirect Participants.

Book-Entry Only System — Miscellaneous. The information in the Section "Book-Entry Only System — General" has been obtained from DTC. The State takes no responsibility for the accuracy or completeness thereof. The State will have no responsibility or obligations to DTC Participants or the persons for whom they act as nominees with respect to the payments to or the providing of notice to the DTC Participants, or the Indirect Participants, or Beneficial Owners. The State cannot and does not give any assurance that DTC Participants or others will distribute principal and interest payments paid to DTC or its nominees, as the registered owner, or any redemption or other notices, to the Beneficial Owners, or that they will do so on a timely basis or that DTC will serve and act in the manner described in this Official Statement.

Discontinuation of Book-Entry Only System. DTC may discontinue providing its services as securities depository with respect to the Bonds at any time by giving reasonable notice to the State. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered. The State may also decide to discontinue use of the system of book-entry transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered.

In the event that the Book-Entry Only System is discontinued, the Bonds in fully certificated form will be issued as fully registered bonds without coupons in the denomination of \$5,000 each or any integral multiple thereof. Such Bonds will be transferable only upon the registration books kept at the principal office of the Bond Registrar, by the registered owner thereof in person, or by an attorney duly authorized in writing, upon surrender thereof together with a written instrument of transfer in the form attached thereto and satisfactory to the Bond Registrar, and duly executed by the registered owner or a duly authorized attorney. Within a reasonable time of such surrender, the State shall cause to be issued in the name of the transferee a new registered bond or bonds of any of the authorized denominations in an aggregate principal amount equal to the principal amount of the Bond surrendered and maturing on the same date and bearing interest at the same rate. The new bond or bonds shall be delivered to the transferee only after due authentication by an authorized officer of the Bond Registrar. The State may deem and treat the person in whose name a bond is registered as the absolute owner thereof for the purpose of receiving payment of or on account of the principal or redemption price thereof and interest due thereon and for all other purposes.

In the event that the Book-Entry Only System is discontinued, the Bonds may be transferred or exchanged at the principal office of the Bond Registrar. Upon any such transfer or exchange, the State shall execute and the Bond Registrar shall authenticate and deliver a new registered bond or bonds without coupons of any of the authorized denominations in an aggregate principal amount equal to the principal amount of the bond exchanged or transferred, and maturing on the same date and bearing interest at the same rate. In each case, the Bond Registrar may require payment by any holder of Bonds requesting exchange or transfer of Bonds of any tax, fee or other governmental charge, shipping charges and insurance that may be required to be paid with respect to such exchange or transfer, but otherwise no charge shall be made to the holder of Bonds for such exchange or transfer.

The Bond Registrar shall not be required to transfer or exchange any Bond after the mailing of notice calling such Bond or portion thereof for redemption as previously described; provided, however, that the foregoing limitation shall not apply to that portion of a Bond in excess of \$5,000 which is not being called for redemption.
